Polarization

Juliano, channeled by David K. Miller

Greetings. I am Juliano. We are the Arcturians.

The focus of our discussion today is on polarizations and how the energy of polarization can affect the Planetary Cities of Light, planetary healing and also you personally. I am sure that everyone in this group is aware of the tremendous period of polarization that you are living through. The polarization is very dramatic.

You see it in the political world. You have one side on the left; one side on the right. Each side seems to be getting more and more distant from the other side. There is not even compromise; there is not the idea that there could be a middle ground. You see it in the

Piasta

My name is Amanda Piasta. I have lived in beautiful North Vancouver, British Columbia, Canada, since September 2012.

I am a self-study herbalist and technology enthusiast with a degree in Digital Media & IT.

My journey led me through a troubled time fighting alcoholism for 8 years until a friend awakened me. From there I became sober and began to completely indulge myself in meditation, energy healing and plant healing.

Today I am building a nutraceuticals company and continue to explore environmentally friendly technologies related to sustainability. I also love being a member of groups that promote a healthy planet.

I discovered the Group of Forty when I was drawn to a local meditation group. Although I had not heard of the Arcturians before I have loved every minute of it.

Amanda has the drive and enthusiasm for earth that is so essential for the success of GOF. Her energy is lifting the creation of the first Planetary City of Light in Canada.

Thank you, Amanda, for your work.

Starseeds Counselling

I am Gudrun Miller and I have been a professional counselor for over 30 years.

Dear Gudrun,

I am very health conscious and have avoided allopathic medicine all my life. Now I have health issues I am not able to cure using

environment. People who are concerned about the biosphere are trying to stop such things as global pollution and contaminations of the oceans. Then you see the other side that still feels that it is correct to use the animals and to use the oceans and to use the forests in ways that will produce self-gain and wealth. It is very dangerous because looking at polarizations there is always the possibility of intense conflict and even violence.

Those who are seeking control of the resources on this planet are willing to exert violence, to exert control, even if it means using weapons and military control. What is most striking, from our perspective is those who are Starseeds are affected by the polarization. You may be dealing with it in different ways. For example some people say, "I don't want to talk about the polarization. I am just going to continue to do our work" which is an interesting and very valuable response.

My view is also that polarization affects you personally in your personal life. You are living now on a polarized planet. Perhaps because of the large population, because of the extensive Internet and global interaction, you are now living in what may be one of the most polarizing times in the history of this planet. Doing the Planetary Cities of Light work is a way to insulate yourself because you are trying to work on what is possible. And what is possible is to create a harmony. To create a place where there is no polarization. Unfortunately, there are even people who want to upset, who want to use methods of violence, so there is no calm. No harmony. This is how severe the polarizations have become.

Because of intense polarization, they have divided it into the fight of good against evil. One side is evil and the other is good and there will be a final war. That war is called the Armageddon. Incidentally, Armageddon is a place in the biblical times. It was an actual city. The idea is that the battle of Armageddon will take place somewhere in Israel near the archeological city of Armageddon. That word, "Armageddon," has now come to mean the battle of the End Times. The final battle between good and evil.

We have observed other planets that have had this level of polarization. Sometimes this level of polarization has lead to destruction of the planet and the civilization. It is unfortunate. This has lead to our work as Ascended Masters and as fifth dimensional beings to develop with

alternative methods. I have tried everything.

I question if I am weak minded or not spiritually strong enough. If I were, would I not already have overcome my medical issues? I have severe digestive issues aggravated by stress. This problem has crippled me socially and does not allow for travel. As a result, I am also depressed.

I can't go on living this way.

Please help!

S

Dear S,

I applaud your perseverance and dedication to your health.

Many Starseeds have health issues due to their exquisite sensitivities. However, you cannot measure your spiritual strength by your ability to overcome medical issues. You end up shaming yourself when you need to have compassion for yourself and to have self-acceptance.

I recommend that you use prescription and over the counter medication as needed so you can function and have more mobility. This will help with the depression. Symptom relief will give you reprieve and mental clarity, which will allow you to continue to investigate options for total recovery.

Always ask your guides and your higher self to guide you to the resources available on the planet but don't judge yourself for not being able to heal yourself. Using a "crutch" is not a weakness but a necessity for quality of life!

Blessings,

Gudrun
Co-founder Group of Forty

you a method to counter polarization. It is difficult to counter polarization. Especially if you are a Starseed, especially if you are a lover of the environment, a lover of the biosphere and you want to preserve the biosphere. Because even you who are higher beings, you who are in this expanded consciousness will naturally feel anger and feel even resentful to those who are in the opposition. The opposition usually means those who are harming the environment, who are doing violence, who do not understand higher consciousness.

Whether you know it or not, admit it or not, you become affected by the overwhelming energy of polarization. It is very hard to avoid. Some of you may be listening to the news, reading newspapers or talking to people and feel the energy of polarization. Naturally it is going to affect you and your energy field. How do you approach this energy of polarization, especially if it comes into your personal life? How do you deal with the world situation, the planetary situation, which has become more radicalized? I wish I could give you a simple answer. I wish I could say "this is the proper attitude."

One observation from the higher perspective is that this conflict, this polarization is part of the cosmic karma, part of the cosmic energy that is being played out in the drama of the world. It is a drama. The side that you are on is the side of higher consciousness, the side of protection of the biosphere. You may see this side as losing. You may see that this side that you are so dearly protecting and wanting to promote as losing the side of harmony, the side of spiritual light, the side of fifth dimensional energy and the side of evolutionary change towards higher light and higher consciousness.

You may feel that it is losing, especially when you see that those who are in positions of power seem to be winning. They seem to be gaining. There seems to be more division. In fact those who are in control of power, who are in control of many of the world resources, want the polarization because they want to assert their authority. They want to assert their control even on a deeper level.

Understand that now is the time of increased more rapid karma. Energy or action can immediately produce a karmic result, a karmic interaction, and a karmic "price." So don't fall into the belief that "the dark side is winning" because you are part of the whole process. Your connecting with higher light is helping to sustain and hold that energy.

ANNOUNCEMENTS

> **David's book coming soon in Spanish!** David is pleased to announce that *Connecting with the Arcturians2*, his latest book, will be available soon as an e-book in Spanish (*Conectando con Los Arcturianos 2*). The book has recently been translated into Spanish with the great help of Odilia Riveria and Alex Davlar. Light Technology Publishing will soon have it available, and we will send out the information to

There are certain tools for dealing with polarization. Some of the tools are simple, but the basic tool, the basic idea, is that both sides want to work towards a resolution. There is no winning. Both sides are going to be open to all possibilities and all compromises that will produce a better and greater harmony.

You might say, "How can I compromise with somebody who is polluting the oceans and killing the whales? How could I possibly compromise?"

That is where quantum healing, quantum light and a higher intervention must be brought to this planet. Some of the choices for making people come to their senses are very harsh because those who have spoken about the end times also have some correct perceptions that there has to be something that shakes the planet. We have talked about this as a planetary event.

A planetary event seems like a negative event. Remember how on 9/11 people seemed to develop a Unity Consciousness that was able to hold everyone's attention that disintegrated to another war and more polarization. It did show that there is a possibility of holding unity even for a brief moment. We look towards a planetary event in a positive way that will make people see the reality. The reality is that everyone is in this planet together. Everyone is suffering. Even those that think they are gaining in their own wealth and control will suffer. Their children will suffer unless an energy of harmony is brought in, a desire to overcome polarization.

I would like for you to use this affirmation, "I am desiring to overcome the polarizations to the best of my ability. I am willing to work towards a solution that overcomes polarization."

I think of the Planetary Cities of Light as a place that holds higher consciousness and holds the ability to promote a new method of overcoming the polarizations because you could look at the Planetary Cities of Light as like Shangri-La. When you think of a fifth dimensional city, you don't think of arguments, you don't think of war, you don't think of hatred. You think of things like acknowledgment of individual differences. Looking for ways of finding solutions to conflicts in a way where both sides are winning and creating a harmony.

But the illusion is that when you are working with harmony, you think that everybody has to think as same way as you, that everyone has to be on the same path. In fact harmony is the acknowledgment of individual differences, the acknowledgment that everyone has their own perspective. This is especially true on Earth because you have so many different religions, languages, spiritual views and opinions.

If we were to survey all of the Lightworkers on the planet we would find differences of opinions and interpretations. So the harmony is a delicate balance of acknowledgment of individual differences and working together to find a balance in harmony. That is a lot of work. That also means the removal of your ego and a willingness to stay open. We want this new view to be transmitted through the Cities of Light.

It has to be that you are willing to work towards an openness of individual acknowledgment. That is the biggest fear on the planet. If you talk about the idea of a global world, the argument against that is the fear of losing their individuality, of losing individual perspectives on religion, economy and spirituality. It's a fear of being controlled for some greater good.

Think about this: How is this planet even going to solve its problems unless there is a coming together? What happens on one part of the planet now affects everything and one group that pollutes the ocean can do tremendous damage, even if others are willing to be pure and not pollute.

What a tremendous opportunity, but also a tremendous difficulty, to resolve the polarizations. So don't be a part of the polarization. Say that you are willing to be a bridge towards working together to find a higher solution.

I am Juliano. Good day.

1. What happens at an intersection; how is it created?

At one point, there is going to be an intersection. In fact, we are very close to the intersection. The intersection happens once every 22,822 years. Earth is coming into alignment with the Central Sun, at which point the Fifth Dimension intersects with the Third Dimension, allowing a total downloading of fifth-dimensional light. This comes with a super alignment with the galactic sun, allowing higher light, higher thought process, and higher ability to totally transform every system on the planet.

This downloading has already begun. This alignment is so close. You are on the cusp of it. When people say that there is an upturn, it is because we are close to this 2012 alignment, which is going to be completed in the winter solstice of the year 2012.

An Open Invitation To All GOF Members

You are all invited to the monthly Planetary City of Light meetings. Always on a Sunday, at 9:00 am, AZ time and usually toward the end of the month. You do not need to live in a PCOL to attend. Together we change the world one PCOL at a time. Your energy at the meeting adds additional strength to the worldwide network.

Coming together monthly is one way we have of strengthening our PCOL network. As you know there is more strength and more synergy when you get together with others to pray or meditate. This is also true when we join together in our monthly Planetary City of Light meetings. It is exciting and unusual to be able to join together with people from around the globe. Actually from four or five continents.

To make the meetings more powerful and more interesting we will be experimenting with new formats. We will start having presentations by individual Planetary Cities of Light around the world. You will get to meet the people who are the driving force behind each PCOL and also see pictures of the area. We are the GOF Family. It will be our own Spiritual National Geographic Trip around the world. Month by month.

Of course each meeting will still end with a 10 to 30 minute channeling by David. Usually it is Juliano who joins us but sometimes there are other star guests. Remember, you can send related questions to me during the month. So be sure to come! Add strength to the community with your energy and gain strength yourself from the community's energy.

In GOF, it's win-win.

Next PCOL Meeting:

From the Land Down Under

Grose Valley Crystal

We had a cyclone, Debbie, develop off the coast of Queensland in northern Australia. It was categorized as a system four, which means wind gusts would reach 270 kilometers per hour.

Our Arcturian Earth Balance Team got together and created a meditation using our local area crystals; Grose Valley, Lake Taupo and Mt. Fuji. We placed them in a triangle with assistance from the Arcturians and the Starship Athena. We

From New Zealand - the Land of the Long White Cloud

We will activate a joint PCOL/PORL on March 3, at 4:30 pm AZ. We are all thrilled to achieve this magic for New Zealand. A special story for you to enjoy from the Land of the Long White Cloud.

A little over a month ago, as we were making preparations for the activation of East Auckland as a PCOL/PORL, an unexpected and amazing event took place in Taupo, home of the Arcturian Etheric crystal. Mary, a close friend of our group, who lives on the shores of Lake Taupo and a gifted clairvoyant, reported seeing a huge pyramid rising up out of the lake early one morning.

Over the last week or two Mary has again reported that there has been increasing UFO activity over the lake. How wonderful that we are receiving these confirmations from our friends that all is unfolding as it should.

Interesting too that the Spirit Guide for Lake Taupo is Mary (Miriam).

placed the crystal inside the triangle to create calm and place harmony and balance into the cyclone to lessen its impact.

The cyclones in the southern Hemisphere spin in a clockwise direction, so we visualized the cyclone, spinning in a reverse direction so it would unravel from the outside in.

We did three meditations in all. We recorded one and sent it to all the team, asking them to play it as many times as they could. One meditation was on Monday night, and the next day the Bureau of Meteorology advised that for some reason, the cyclone had stopped that Monday night!!

We knew why! The cyclone was downgraded to three and then to a rain depression. The members also kept the image of the cyclone in the back of their minds as they went about their day-to-day activities and visualized it reversing and unraveling.

Now, we are dealing with incredible floods, but none are reaching the heights that were predicted.

Also, lots of areas in the central parts of Queensland that were in drought are no longer short of water.

From Planetary Ocean Reserve of Light - Gold Coast, Australia

When this planetary ocean reserve was activated on July 19, 2016, Juliano said, "This area already has a high vibration. This Gold Coast is connected with the great high vibration of galactic energies. This area is well known throughout the galaxy. Peninsula Valdez in Argentina is our sister ocean of light. You are dedicated in Australia and have a great Light Quotient to maintain and protect and bring in more spiritual light and energy. This ocean reserve is a sanctuary. This is a true Planetary Ocean Reserve of Light.

"The whales and dolphins are singing as you and they are helping to transmit this great energy throughout the whole ocean reserves."

We stretch from The Spit (north) down to Coolangatta (south) and extend 10 kilometers out to sea. Our main crystal was buried at sea. We asked a surfboard rider to take it out as far as he could and drop it into the water (east). We selected a huge piece of amethyst crystal to fulfill this important task.

This Ocean Reserve links up with our planetary city of light at The Spit.

**Opening to your Life's
Purpose through the
Sacred Council Fire
Ceremony**

The Native Peoples' Sacred Triangle Committee presented a webinar on April 8th.

The Topic was: *Opening to your Life's Purpose through the Sacred Council Fire Ceremony.*

CoRae, David and Birgit interviewed Mountain Eagle, Dahlahk PahtahIngee, Spirit Guide of the Art of Washo and Group of Forty Member. The information told of preparing yourself to discover your life's purpose. The Art of clearing and correcting the ability to change.

Mountain Eagle summed up the biggest focus of finding One's purpose:

- To reconnect with Family. Joining with the Family of the Group of Forty, our Spiritual Family holds much potential.
- The beautiful work that the GOF is already doing with Biorelativity and Educational Webinars holds more potential power than we can imagine.
- The Fire Ceremony brings Fire to our work, Power to our work.

He indicated that the 40 Groups of Forty Members all around the Earth could really create positive change. This message isn't new! Juliano and most of the channels that David has brought to us indicate that the expanded

Hello GOF members,

Happy Easter! May your Easter baskets be filled with huge chocolate bunnies!

number of 1600 Lightworkers focusing on the same thing at the same time helps to create the Earth healings that Juliano has been indicating. This number of completion, (1600 Lightworkers) will help us reach our full potential and goal.

The First Nation's People knew this in the past, and they, too, forgot the Medicine of UNITY.

We are now coming back to this practice, because the times demand it. We are well into the period of the sixth extinction on the Blue Jewel.

Will we commit to strive for UNITY?

Will we allow our egos to stand down, so that we can hear the Inner Voice of our Soul?

Mountain Eagle says he wants to teach people to LISTEN to Nature. As we LISTEN, we can hear our life's purpose that is standing there in front of us. We all hold a piece of the puzzle/Mosaic of the Unified EARTH.

We are all connected. No one is greater than another. All of our PURPOSES make up the WHOLE. When the Group of Forty becomes the Spiritual Family that it was meant to BE, we can find Peace, Wholeness and Joy.

If you were unable to attend the Webinar, I encourage you to find it on the GOF web site. Our Committee will continue to bring information from this side of the Sacred Triangle. Here we are where "the Rubber Meets the Road!" We are the Ground Control Force.

Continue to communicate with your Highest MIND, to bring your purpose right in front of you.

Most of you are probably already aware; David and Gudrun will be in Bregenz, Austria, for the European workshop starting this week.

We wish them a successful event and a relaxing and rejuvenating vacation in the beautiful Alps of Austria!

Spiritual Exercises

Spiritual Practices

Chief Thunder Cloud is a new Spirit guide for us to work with.

1. What is it you can call on Chief Thunder Cloud for? Call on me when you need to hear thunder. Call on me when you need to have the healing of the clouds. Call on me when there is an Earth event that seems to be out of control.

2. Why is working with clouds so important? The cloud patterns have been greatly influenced by man. The natural flow of the clouds has deviated through many distorted patterns. These patterns have resulted in some of the spirits that inhabited the clouds to leave. Just as there are devas in the forests and in the animal world, so there are devas in the clouds. The clouds have a living presence and a spiritual energy just like the forests.

My coming here today is to remind everyone of this. That means that the forces ruling the clouds have also caused a distortion and a pollution of the clouds. The devas of the clouds are frightened and want to leave.

I, Chief Thunder Cloud, say, no, we do not want the cloud devas to leave. We are sorry about the pollution of the cloud systems on the planet. We need to bring forth a connection that will allow the clouds to remain healthy and to be filled with spirit.

I, Chief Thunder Cloud, work with the spirit of the clouds.
