It is a giant star, about 25 times the diameter of the Sun and 100 as luminous. It is a relatively close neighbor of ours, approximately 40 light-years from Earth. High up in the sky in the late Spring and early Summer, Arcturus is the first star you see after sunset. You can find Arcturus easily if you follow the Big Dipper's handle away from the bowl.

### *Ascension*

A point of transformation reached through the integration of the physical, emotional, mental and spiritual self. The unification of the bodies allows one to transcend the limits of the 3<sup>rd</sup> dimension and move into a higher realm. It has been compared to what is called the Rapture in Christian theology. It has also been defined as a spiritual acceleration of consciousness, which allows the soul to return to the higher realms and thus is freed from the cycle of karma and rebirth.

### *B'nai Elohim*

The children of Light. Hebrew name for God that means the children of Elohim.

### *Biorelativity*

Focuses on group thoughts working together telepathically to send healing energy to our planet. The practice is similar to the concept of group prayer in which people send positive thoughts to change the outcome of an event. In biorelativity exercises, groups of Starseeds around the planet send healing thoughts to specific areas in the world. Storms, hurricanes, and even earthquakes can potentially be averted, deterred or lessened in strength so that minimal damage is inflicted. The Arcturians point out that on higher planetary systems, groups continually interact telepathically with their planet to ensure maximum harmony between the inhabitants and the planetary forces. Biorelativity focuses on group thoughts working together telepathically to send healing energy to our planet. Native Americans know how to pray to the Earth as a group, often asking for rain, for example. In biorelativity exercises, we now have the powerful advantage of globally connecting with many different Starseeds, working to unite telepathically for the healing of Earth.

### *Biosphere*

A term used to describe the whole environment of the Earth, including the oceans, atmosphere and other necessary ingredients that keep and support all life.

### *Carlos Castañeda*

This spiritual had etheric center of our galaxy, that is located in the center of the Milky Way. The high spiritual energy is emitted from this area. The Earth is coming into a direct alignment with the Central Sun in the year 2012. The center of any astronomical star system. All star clusters, nebulae and galaxies contain a nucleus at their center. Even the grand universe itself has a Great Central Sun at the center of its structure. In most cases, a giant star exists at the center of all

star systems. The Great Central Sun of the Milky Way galaxy provides life-giving energy to the entire galaxy.

Cohabitate refers to the idea of a spirit from another dimension entering the energy field of a third-dimensional Earth being. Cohabitation can be with positive spirits or negative spirits. Positive spirits could be Archangel Michael or other Ascended Masters. They can live in someone's energy field upon the invitation of that person. Negative cohabitation could include lower disoriented spirits, such as ghosts, living in the energy field of the person and often influencing that person to do or feel negative things.

### *Connecting with the Arcturians*

This first book by David talks about the ascension process and what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the 4<sup>th</sup> dimension? How can we understand the 5<sup>th</sup> dimension? What does it feel like? How does it operate? What are fifth-dimensional beings like? How do they live? This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups and what they are doing to help Earth and her people in this crucial galactic moment in time. It explains how we can raise our vibration now and begin the process of integrating higher dimensional energies into our third-dimensional world. The Arcturians have given us a crucial focus for the acceleration of world consciousness. They have presented the concept of group ascension through the creation of Groups of

Forty. They have also presented the concept of the Sacred Triangle, a method for the integration and unification of spiritual and religious thought on the planet Earth. All those who read this book will feel the presence of fifth-dimensional energy within their being. You will be able to truly experience a view of fifth-dimensional awareness. This will profoundly affect your ability to expand your own perception of reality and help you to actively participate in the personal and planetary ascension that has already begun. Connecting with the Arcturians also contains four visionary paintings by Gudrun Miller depicting the appearance of the Arcturians and other scenes from their world and existence. These paintings are nothing short of spectacular.

This refers to the perfect shape of the human aura for maximum healing.

### *Cosmic-Egg (exercise)*

This exercise is based on the fact that the perfect healing energy shape is in the shape of egg. The Arcturians refer to this as a Cosmic Egg. Using this shape is part of a dimensional method of healing. It is based on helping a person to form their aura into this egg shape. By remaining there in this egg shape, one can experience healing.

### *Crystal Temple*

An etheric temple on the 5<sup>th</sup> dimension that has been made available for our use by the Arcturians. The Crystal Temple contains a lake more than one mile in diameter, which houses a huge crystal half the size of the lake itself. ### *Fifth Dimension*

A higher dimension of existence that is above the 1<sup>st</sup> and 3<sup>rd</sup> dimensions. We currently live on the 3<sup>rd</sup> dimension. On the 3<sup>rd</sup> dimension, we are bound by the laws of cause and effect and the laws of reincarnation. The 4<sup>th</sup> dimension is the astral realm and also the realm of dreams. The 5<sup>th</sup> dimension transcends this and is the realm of infinite energy and love and can be compared to the Garden of Eden. In the 5<sup>th</sup> dimension, one transcends the incarnational cycle. One can say that one graduates from Earth and goes to the 5<sup>th</sup> dimension. The Ascended Masters residing now in the 5<sup>th</sup> dimension include Jesus. The ascension focuses on going to the 5<sup>th</sup> dimension.

### *Galactic Kachina*

In Native American Navajo folklore, a kachina is an intermediary between the higher spirit world and this world. The Galactic Kachina is the intermediary between the Central Sun and this planet. They have been known to abduct Earth people and have been involved in genetic manipulations to further their own dying race.

### *Grid Lines*

Another name for energy lines that run through the planet. In Chinese medicine, energy lines that run through the body are called meridians.

### *Groups of Forty*

A concept of group consciousness suggested by the Arcturians for our use in the ascension process. According to the Arcturians, 40 is a spiritually powerful number. The Arcturians emphasize the value and power of joining together in groups. A group of 40 consists of 40 different members located throughout the U.S. and worldwide who focus on meditating together at a given time each month. Group interactions and yearly physical meetings are recommended. Members agree to assist each other in their spiritual development. The Arcturians have asked that 40 Groups of Forty be organized. These groups will assist in the healing of Earth and provide a foundation for the individual member's ascension.

A Group of Forty is a meditation and spiritual group to connect with the Arcturians. David Miller has been working with the energies of the ascension for more than 15 years. The Arcturians have asked him to set up meditation groups called "Groups of Forty." The Groups of Forty have been meeting for 15 years now and have drawn members from all over the United States and Canada, as well as Australia and Germany. Because of the demand for membership, he was instructed to begin new groups. A second, third and fourth group met. Now there are members around the world. New groups are starting and will also meet in meditation once a month wherever members are located. At a specific hour during the meditation time David channels messages for all group members from the Arcturians. A monthly newsletter is sent out with the transcription of that lecture. A group coordinator arranges other group activities, such as individual group meditations and healings. Additionally, members are encouraged to meet other members – either by phone, letter, or in person. A newsletter and transcribed channeling is mailed monthly. Meditations also include group healing, where all members of the group focus healing energy on one designated person in the group. Members who are the focus of this healing energy have reported profound healing experiences. All work is directed towards our transformation to higher consciousness – Earth healings and personal healings. As of this writing, we now have 40 groups with more than 1,000 members around the world, each with a group coordinator. New groups are continuously being formed.

### *HAARP*

High Frequency Active Aural Research Project. A scientific research project conducted by the US military that some have described as an aspect of the Star Wars project. The project uses a radio transmitter of immense power. It offers a unique ionosphere heating capability.

### *Harmonic Convergence*

A term used to describe a Harmonic energy downloaded to Earth from the Central Sun. The first Harmonic Convergence was in 1987. The most recent one occurred on Aug. 8, 2008, when a Harmonic energy was brought down to the Earth at Mt. Shasta, California, and transmitted around the world.

### *Holographic deck of cards*

This is a concept based on the idea that are past memory images in our mental body. Our memory brain store these images. Each images looks like a card and the entire memory bank looks like a deck of cards. To heal past traumas, we can access past memory images and reshape those images for a healing.

### *Holographic healing*

The concept in holographic healing states that the part represents the whole. In holographic energy, healing one aspect of Earth can affect the entire planet's energy. Healing one part of Earth can affect other parts of Earth.

### *Holography work*

In the scientific world, holography is described as a part of any image, created through a laser that actually reproduces the original whole image. In fifth-dimensional work holography is the ability to access all universal energy from any spot in the universe. Holographic healing is based on the assumption that we can access our greater self through holographic energy.

### *Hundredth Monkey Effect*

This is a revolutionary concept theorized by scientist who studied the Japanese monkeys *Macaca fuscata* in the island of Koshima in 1952. On this island, scientists were providing the monkeys with sweet potatoes that were dropped in sand. The monkeys liked the taste of the sweet potato, but they found sand unpleasant. One female monkey found she could solve the problem by washing the potato in a nearby stream. She then taught this trick to her mother and her playmates . Amazingly this technique was soon picked up by many monkeys on the island. Between 1952 and 1958, many young monkeys learned to wash the sweet potatoes. The scientists believed that when the 100<sup>th</sup> monkey learned to do this, then suddenly almost all of the monkeys on island also learned to do this. The added energy of this 100<sup>th</sup> monkey learning to do this task somehow created a breakthrough. See the book [The Hundredth Monkey](#), by Ken Keyes Jr., Vision Books, 1982.

### *Iskalia Mirror*

A fifth-dimensional mirror that is in the etheric above the Earth. This etheric mirror attracts and brings down higher light from the Central Sun so that greater

enlightenment and healing energy can come to Earth. An artistic image mirror painted by Gudrun Miller is on the cover of the book.

### *Metatron*

Tradition associates Metatron with Enoch, who “walked with God” (Genesis 5:22) and who ascended to Heaven and was changed from a human being into an angel. His name has been defined as the Angel of Presence, or the one who occupies the throne next to the Divine Throne. Another interpretation of his name is based on the Latin word metator, which means a guide or measurer. In the world of the Jewish mystic, Metatron holds the rank of the highest of angels. According to the Arcturians, Metatron is associated with the Stargate and is assisting souls in their ascension to higher worlds.

### *Michael*

His name is actually a question, meaning: “Who is like God?” He is perhaps the best known of the Archangels and is acknowledged by all three Western sacred traditions. He has been called the Prince of Light, fighting a war against the Sons of Darkness. In this role, he is depicted most often as winged, with unsheathed sword, the warrior of God and slayer of the Dragon. His role in the ascension is focused on helping us cut the cords of attachment to the Earth plane, which will allow us to move up to higher consciousness. In the Kaballah, he is regarded as the forerunner of the Shekinah, the Divine Mother.

### *Monad*

Some have speculated that the Photon Belt contains null zone regions, and that the Earth is temporarily in this null zone now, at the time of this writing, until the year 2011.

### *Orion*

Orion is a superb constellation that dominates the Southern Winter sky. The most striking part of the constellation is the belt, which consists of three bright stars. No other constellation contains so many bright stars. Rigel, which is outside the

belt, for example, is a giant star more than 500 light years away. Betelgeuse, another star outside the belt in Orion, is about 300 light years away.

### *Orions*

An extraterrestrial culture that descended from another ancient civilization near the constellation Orion. The Orions have been extremely influential in the genetic makeup of the current human being. Human beings possess a portion of Orion DNA and reflect Orion traits in our current physical, emotional and mental composition.

### *Photon Belt/Photon Energy*

An energy emanating from the center of the galaxy that is about to intersect with our solar system and Earth. Some have predicted that the Photon Belt contains energy particles that could affect the Earth's magnetic field, causing all electronic equipment to stop working.

### *Pleadians*

A fifth-dimensional people who are human-like and located in the constellation known as the Pleiades, approximately 450 light-years from Earth. It is said that the Pleadians have a common ancestry with us. They live on their fifth-dimensional planet. (See Billy Meier in this glossary.)

### *Pleiades*

By increasing the rates of the energy field and then rapidly "pulsing," or expanding and contracting, one can raise one's spiritual awareness and also do self-healing.

### *Ring of Ascension*

An etheric halo of energy around Earth containing fifth-dimensional light from the Ascended Masters. This halo is supposed to aid the Earth in her ability to ascend as a planet to the 5<sup>th</sup> dimension. The Starseeds are to interact with this light through visualizations and meditations.

The unification of these spiritual forces will create the Sacred Triangle that will aid in the healing and ascension of Earth.

### *Sananda*

Sananda is the one who is known to us as the Master Jesus. He is considered the greatest Jewish Kaballist of all time. ### *Shambala Light*

Light from the 5<sup>th</sup> dimension in which is focused on cities of perfect harmony that exist in the 5<sup>th</sup> dimension. One such city of light is called Shambala.

### *Shimmering*

Shimmering is an energy exercise that allows one's auric field to vibrate at a frequency that enables the aura to shift the electrons. The atomic structure of your cells transmutes into a vibratory energy field that elliptically shifts the cellular structures into the 5<sup>th</sup> dimension, causing a back-and-forth or "shimmering" modality. This back-and-forth shimmering modality actually affects the atomic and quantum levels of your cellular structures. This shimmering energy is the precursor to the ascension. The ascension is an accelerated and enhanced shimmering energy in which you elevate yourselves into the 5<sup>th</sup> dimension permanently. The energy that we are now working with in shimmering is a powerful and necessary prelude to the fifth-dimensional ascension.

### *Stargate*

A multidimensional portal into other higher realms. The Arcturian Stargate is very close to the Arcturus star system, and it is overseen by the Arcturians. This powerful passage point requires that Earthlings who wish to pass through it must complete all lessons and Earth incarnations associated with the third-

dimensional experience. It serves as a gateway to the 5<sup>th</sup> dimension. New soul assignments are given there and souls can then be sent to many different higher realms throughout the galaxy and universe.

### *Starseeds*

Earth beings throughout our current modern age that have either previous lifetimes in other parts of our galaxy and also have a great awareness that there are other beings living in our galaxy and in the universe.

### *Trance Channeling*

Putting yourself into a light trance to do automatic speaking. Trance is a type of self-hypnosis, in which you put yourself into an altered state of consciousness. There is light trance and there is deep trance. A deep trance is where you go out and are almost in a somnambulant or sleep state. This is the way Edward Cayce used to channel. In light trance channeling, one is still awake while bringing through messages.

### *Tree of Life*

The Tree of Life is a galactic blueprint for the creation of this reality. It includes 10 energy codes placed in spheres in the shape of a tree. These codes are used for individual and planetary healing. The 3 spiritualities of the Sacred Triangle are included in the Tree of Life. The Tree of Life is not flat, but multi-dimensional and holographic.

The Tree of Life has paths for manifestation. The 22 lines of the Tree of Life are pathways of manifestation. The Tree of Life connects to the energy of the Cosmos.

### *2012 Alignment*

A time when the Earth goes into alignment with the center of the Milky Way galaxy. This is also referred to in the Mayan calendar and prophecies were made for this date. The Mayans believed that the Earth on Dec. 21, 2012, will come into alignment with the center of the galaxy. Some have interpreted the Mayans statements as marking the end of the world. Others say that this alignment represents the transformation of the world. One view is that a new world will be born again on Dec. 21, 2012. John Major Jenkins, in Maya Cosmogenesis 2012 interpreted the Mayan vision of this alignment in 2012 as a union of the cosmic mother, or the Milky Way, with the father represented as the December solstice sun.

### *2012 Corridor*

A tunnel or corridor to the future time of 2012 when the Earth's transformation will be at its height. By projecting positive energy and images into this time, one can help maximize positive outcomes for this time.

### *Vywamus*

A fifth-dimensional soul psychologist known for his insight into the psychology of Earth problems and resolution of issues related to Starseeds incarnated on Earth.

### *Walk-Ins*

Humans who have received other spiritual entities into their bodies. The term is also used in reference to the new spirit that has entered the body. In some cases the original spirit of the person may have left (for example, after an auto accident or some other form of severe trauma) and the new spirit "walks in" to the old body. This is always by agreement of the person vacating the body, before incarnating, to allow their body to continue in service after their particular incarnation is complete. It also allows the "walk-in" being to skip the process of childhood and adolescence to get straight to their mission on Earth. The walk-in does agree to honor the commitments of the previous occupant's life.

### *White Brotherhood/Light Brotherhood*

A powerful spiritual group in the 5<sup>th</sup> dimension, which oversees spiritual guidance for the 3<sup>rd</sup> dimension. It is composed of Ascended Masters from the religious

spiritual groups on Earth. The spiritual wisdom they teach does not belong to any one culture or religion, nor does it come from the East. It is a mystical knowledge common to all.
