Planetary Cities of Light Setting Stage for First Contact

Greetings. I am Juliano. We are the Arcturians.

Let us look at the idea of First Contact and the Planetary Cities of Light Project.

The idea of First Contact is that a higher extraterrestrial or a higher dimensional group will meet with inhabitants of the Earth to bring forth higher light, higher wisdom, and higher knowledge. The idea is that First Contact interaction would be beneficial to the Earth. The idea of the First Contact is that the interaction would *help* the governments of the Earth *solve* some of the many complex problems that are overwhelming.

Today you have seen examples of how using and connecting with 5th dimensional energy can bring forth a better community, a better energy. You have chosen specific areas to be surrounded by 5th dimensional energy, 5th dimensional light. This is providing an important energy because when there is a 5th dimensional energy as a circle around a place, many positive changes can more easily occur. You have heard the expression in your language, that “like attracts like”, that is to say that good attracts more good, 5th dimensional energy attracts more 5th dimensional energy.

So, by providing this foundation, by providing this circle of 5th dimensional light, you are then setting up the situation where *more* 5th dimensional light and energy can come to your area. The idea of a First Contact is that there must first be a *place* of higher light and higher energy in which the First Contact can occur. *You* want to be in a higher state of consciousness, and, it is easier for you to be in a higher state of consciousness when you are in a sacred place, when you are in a Planetary City of Light.

The idea is that you want to be in a beautiful area that already has done the work for cleansing, for clearing, the energy. Let it be said that Fairhope and Buritis can be Sister Cities of Light. This is a wonderful opportunity for Fairhope to connect with Buritis for creating a Sister City of Light. This connection with Fairhope will be of great benefit to both cities. You are going to create a new link that is going to be an international energy source for both cities. There is much that Fairhope can offer Buritus and there is much that Buritis can offer Fairhope. So I will give my blessings to this new connection.

The idea of a Planetary City of Light then is to *create* an environment for healing of the city, for cleansing and purification of the city. But also, to create an environment in which higher beings of light can come to the city. They can come to the city for teaching. They can come to the city for interacting. So, it is true that if you are in a sacred area, just by being in the sacred area your vibrational energy is raised. Perhaps I have already talked to you before about such areas. You all are aware of Lourdes, France which is known as a healing area in

the planet. Just going near the waters can raise your vibration. It is also coming to special places like Sedona, Arizona. It has the reputation and the energy to raise your vibration.

You can *create* sacred spaces. This is what you are doing. In the sacred places of the Planetary City of Light, you can *invite* higher dimensional beings to visit your city. It is even true in Sao Paulo that it is a city of St Paul, the he was the patron saint of the city and thus his name was used. Many people can experience his energy still there.

So, when you are working with the Planetary Cities of Light, think about First Contact. Think about also connecting with other of your masters and teachers that you feel connected to. It could be the masters from the white brotherhood and sisterhood such as Paul, such as Sananda, such as Mary. It could be masters from the native peoples such as Chief White Eagle. It could be galactic spiritual masters such as myself, or HelioAh.

So, expand and allow the higher dimensional beings to come. You will find a great ease in interacting with these higher dimensional masters in your Planetary City of Light. You will find that they will help *you* in your repair, in your rebalancing of the Planetary City of Light.

Blessings to you in your great work of repair and raising the vibration. Be aware that you are also setting up the energy field that will make it possible for *contacts* with higher beings.

I am Juliano. Good Day.
