Greetings, I am Juliano. We are the Arcturians!

In this lecture, I want to take a look at the thought field work that we are doing, and also make some comparisons to the cosmic thought fields. These cosmic thought fields exist throughout the galaxy. In addition I want to look at the global thought fields. There are many groups that meet together and hold a particular energy for a thought form. Some of these thought form groups are religious groups; others are more non-denominational, and there are also thought field groups that are specifically designed for healing.

In particular, we are aware of a Taoist practice in the study of Chi Gong (Qi Gong), which is called "Chi-Lel". (Author's note: see book 101 Miracles of Natural Healing by Luke Chan, Benefactor Press) What is noteworthy about Chi-Lel is that the healing energy work is on a multi-cosmic thought field level. The practitioner of Chi-Lel is doing certain Taoist postures while simultaneously connecting with cosmic group energy. Throughout the planet, groups of Chi-Lel practitioners around the globe are helping to create and maintain a healing group thought field for all practitioners. This has great significance and symbolic meaning for the work that we, the Arcturians, are doing with the Starseeds.
