The Twelve Arcturian Crystals

By David K. Miller

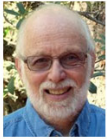

Gudrun and I attended and/or oversaw the downloading of many of the etheric crystals in sacred areas around the world, including in the following areas: The Bodensee in Germany, Volcan Poas in Costa Rica, Serra de Bocaina in Brazil near São Paulo, Istanbul in Turkey, Copper Canyon in Mexico, Montserrat in Spain, Lake Taupo in New Zealand, and Grose Valley, Australia near Sydney. We also visited Lago Puelo in Argentina, and Mount Shasta in California. Each area that we visited has its own unique beauty and sacredness. The downloading of the etheric crystal in Montserrat, Spain, was attended by over 120 people and it was an uplifting, spiritual event. Montserrat is near Barcelona, Spain. The downloading of the Brazilian Arcturian etheric crystal was exciting and challenging. To get to the area of Serra de Bocaina National Park in Brazil, we had to travel on a three-hour bus ride from São Paulo, and then we had to rent Jeeps in order to travel on a twenty-five-mile mud road through the Atlantic Rainforest to reach the sacred area where we were to download the crystal. That event in Brazil was attended by 25 GOF members who were eagerly traveling with us to this sacred area.

Gudrun and I also visited Lago Puelo, Argentina. After that etheric crystal was downloaded, we conducted a workshop for the Argentinian GOF members in San Martin de los Andes, and afterwards twenty-five of us took a four-hour car journey from San Martin to Lago Puelo to reach that sacred lake. While there, we also conducted a beautiful and powerful medicine wheel ceremony. Several GOF members from the USA also came with us on that special

trip. We were also fortunate to be able to visit Grose Valley Australia near Sydney, after that etheric Crystal was downloaded two years earlier, by GOF of members in Australia. We did oversee, the downloading of the etheric crystals in Lake Taupo, New Zealand on the North Island in New Zealand. And we visited Mount Shasta, where an etheric crystal was downloaded, and we conducted a workshop there with over 125 people.

Each sacred site with the Arcturian etheric crystal is unique. Some are easier to access than others, but each has a unique portal opening to the Arcturian energy. Many GOF members over the years have helped in the activation of these crystals, and also current GOF members now continue to visit and work with the Arcturian energies there at the sacred sites. For example, Odilia Rivera, longtime GOF member from the United States, is now visiting Lake Moraine Canada in order to help hold the Aquarian energy there. Several Brazilian members have been visiting Sierra de Bocaina over the past several years. Purvesh and Pepe in Argentina often visit Lago Puelo and conduct ceremony ceremonies there. As GOF members, we need to do all that is possible to continue to hold the fifth dimensional Arcturian energy on the Earth. These 12 Arcturian etheric crystals are helping towards that goal.

Dear Gudrun,

I am fearful that I won't make the ascension. I am not able to meditate, visualize or even focus on ascension protocols that the Arcturians are teaching. I don't want to be left behind and am depressed that I am not more advanced after following the Arcturian teachings for decades!

All techniques I have tried have not helped me release the blocks I have. I totally am a believer of galactic consciousness and I understand principles of higher consciousness but I am not able to achieve higher consciousness myself.

I feel lost!

Dear Lost, I remember Sananda once telling us that there would be those of us on planet Earth who would ascend purely on the purity of their character and the love that they hold in their hearts and beings. They may have no clue about the ascension or even galactic awareness and yet they would be able to ascend at the time of the calling, should they want to.

What I suggest you do is to focus on the things you can control in your day-to-day existence.

I believe as Starseeds we can become short sighted about focusing only on our spiritual progress. We are still here on Earth where we have physical, mental and emotional bodies. How do you treat those around you and how do you treat yourself?

Are you kind with your words and thoughts, especially about yourself?

Do you honor your body and treat it with respect?

Can you improve yourself in any of these areas?

Miguel Ruiz wrote the spiritual book "The Four Agreements for Equanimity in Life. I love his teachings. He says:

“Never take anything personally, never make assumptions, always be impeccable in your speech and always do your best (which can change from day to day).”

See the strength you have in your loving and forgiving nature. You are a kind and gracious person!
Much love,
Gudrun

The Biorelativity program continues to strive. We are doing planetary healing meditations in the U.S.A., Europe, and South America weekly. Our focus is on many of the possible catastrophic Earth changes that seem to be plaguing the world. One recent focus has been on helping to clear the Earth's meridian system. It has been reported that there are many meridian blockages now due to pollution problems, dams and other man-made objects that could block Earth energy flows. This summer has been filled with dramatic Earth change events throughout Europe, the U.S. and South America and other areas. It appears that the Earth changes are occurring faster than what anyone predicted right now. Our work as planetary healers is needed more than ever. Our Biorelativity committee meets monthly and we work on overseeing the program and making recommendations for focuses that are needed in our work. As far as we know the Group of Forty Biorelativity program is the most active world-wide planetary healing meditation group program today on the planet.

The Momentum Keeps Growing! We are at 85% of Our Goal!

We continue to make incredible strides this year as we spread light and create Planetary Cities of Light (PCOLs) and Ocean Reserves of Light (PORLs) around the world. Our goal was to have 140 active PCOLs/PORLs in our interconnected network, and we are well on our way. As of August, we have reached an astonishing 95 PCOLs and 26 PORLs, bringing us to a remarkable 85% of our objective. And the momentum keeps growing, with 19 new PCOLs and 4 PORLs added this year alone!

Our future shines even brighter, with upcoming PCOL activations in Costa Rica, Brazil, and Bolivia scheduled for this September. But it's not just about the numbers; it's about the passion and dedication of our members and the hard work maintaining the 5th dimensional energy. Our recent activation in Brazil saw an astounding turnout of over 80 participants, our largest gathering yet.

Let's celebrate the individual achievements of our PCOLs. In New Mexico, Ariana's unwavering commitment to weekly meditations has helped repair the etheric field around nuclear facilities, a testament to the power of collective intention. Across the globe, PCOLs in the United Kingdom, Brazil, France, and Mexico have gained recognition, engaged their communities, and made significant environmental improvements.

Mexico's PCOLs have been beacons of positive change, reducing garbage, crime, and violence, while promoting ecological practices and fostering unity consciousness. In Colombia, through the power of meditation, we harmonized a volcano and cleared souls, reminding us of the profound connection between the natural world and our inner selves. And in Australia, PCOLs united with shared visions, exemplifying the endless possibilities when we come together.

In summary, our journey is a testament to the growth and strength of the PCOL network and its members, the positive impact on our environment, society, and spirituality, and the boundless potential for transformative change across the globe. Together, we are the beacons of light, illuminating a path towards a better world. Let us continue this inspiring journey, for the best is yet to come.

Questions to Juliano from August 24, 2023 Q & A session for Spanish speakers

1. How can I enhance the safety and well-being of both myself and the residents of the Planetary City of Light?

I know that safety is a big concern. There is so much violence and polarization on this planet and I feel your pain and concerns about this violence. Creating the etheric electromagnetic field is achieved when the activation occurs for the PCOL. But because the lower energies and negativity is so strong sometimes the creation of the PCOL energy field is not strong enough to counter the negativity. That means that you must try to strengthen the PCOL energy field and the energy field around yourself. Some of the methods that you can use include the following: expanding the number of members in the PCOL; doing more frequent meditations to strengthen the energy field around the city and, also to have spiritual events such as lectures, group meditations and other spiritual activities. All of this can contribute to a new electromagnetic field in your PCOL. But I agree that it is a problem to overcome the negativity. This means that those who are spiritual and want healing must also organize and become stronger and connect with the Arcturians energy field.

2. In situations where it becomes unmistakably apparent that the Cities of Light and Ocean Reserves are under assault from negative influences, does the Forty Group have any established emergency protocols or mechanisms in place to provide assistance to the targeted City or Reserve of Light?

Right now, the GOF does not have this. But the suggestion is excellent and the next stage in development should include the idea that you asked about. We have not suggested this so far because we are still working with you to establish the strength of the network. I know you must think that I am sounding like a broken record, that is we must work together to create the network. One of the key components of the success of the PCOL project on the planet is to create the strong network where each city interacts, and then the network can send and loan energy when the area under attack by this negativity. I know that you are all working hard in this project but also there are many people like you who ask this question and who want to do more work to help this process. I encourage you to work with others to develop this area even more and I will help and support you in this process as needed.

3. Are we allowed to incorporate supplementary planetary healing techniques into our planetary meditations and efforts, alongside the Arcturian Biorelativity Techniques?

Unfortunately, the answer is No. The reason is many. Some people have tried this and soon the work lost the Arcturian energy, and then people complained because they wanted to have Arcturian meditations. There are other people in other groups who are using these complementary techniques and doing a good job. The point is that we want to offer only Arcturian techniques and if we do not set a firm limit then other people may bring techniques not in alignment with our work. In the worst-case example, they may even bring in negative energy. So, working with David and others in the group we made the decision to only use the Arcturian techniques channeled by David. There is a library of Arcturian techniques that is now being managed by the biorelativity coordinator with over 500 meditation exercises that you can use. I know that many of you do not know about this and have not explored all the exercises we have downloaded through David. So, I encourage the administration of the GOF to try to share this vast library of exercises with many of you as soon as possible.

4. After the activation of a City of Light, what is the method for maintaining its frequency? Should the meditations be sustained involving the cardinal points where the crystals were originally planted? What are the implications if extended periods pass without revisiting those specific points? Is some minimum face-to-face meditation required?

The answer to this question is important and I compare this energy to that of the corridor of light. If you do not use the corridor then it goes away unless it is a special corridor such as Stonehenge. How and what exercises should you do to maintain the strong energy field after the activation. The first exercise is strengthening the energy field. Visualization of the protective energy field will help strengthen it in group meditations. Of course, the four cardinal points and crystals buried there should also be used in that type of meditation to increase the strength. You can do these meditations in person, on line, or remotely with other group members. I know in today's busy world it may be difficult to travel and meet but you live in a time where remote and internet work can be very effective. Be creative. I know that many of you ask about complementary technique and I told you that you cannot use these, however, in this example and question I say use your creativity and freedom to bring together exercises and meditations to strengthen the PCOL. You know your own PCOL and what they like and so I say use the technique and events that you feel are good.

Sydney Sister City Activation with the UK!

On Saturday, 26th August, at 2pm Sydney time, the Sydney PCOL had a joint meeting with the Grose Valley & Blue Mountains PCOL, attended by 17 people from both groups. At this meeting, the Sister Cities Energy Exchange was carried out and a recording made of the event. Some members of the Cheltenham group rose early (2pm Sydney time was 5am in Cheltenham) to perform their own private meditation at the same time.

Later that same day, at 2pm UK time, four from our group gathered at our Eastern Crystal Location, which is by a very beautiful Hawthorn tree in a woodland just above Novertton (Prestbury), a suburb of Cheltenham, to, in turn, perform our Energy Exchange meditation there. This, too, was recorded. Other

members used a previous recording of the meditation to tune into the ceremony in their own time over the course of the day.

Before Jess read out the Energy Exchange meditation, Caroline shared a poem, which she had written near Sydney almost exactly 30 years ago.

On the way up towards the Crystal Location, Caroline noticed that Jess's bag had pictures of cockatoos on it. Jess had inherited this bag from her grandmother, but hadn't used it in years. Today, she had suddenly felt moved to use this bag for the occasion - not knowing that Caroline was about to read out a poem that featured a cockatoo right at the beginning...! Jess therefore made a point of bringing in the bird spirit of the cockatoo before starting the ceremony.

At this point, none of us had yet listened to the Sydney recording. But when I did, back home after the ceremony, I realized that, literally, the very first spoken words in the Sydney recording are: "Even the cockatoo is here!"

GOF UK York Gathering July 8, 2023

We had a really good group with GOF members travelling to join us from as far as Cornwall, Buckinghamshire, Worcestershire, Manchester and Derbyshire and of course members and friends local to York itself. The weather was forecast to be storms, however we enjoyed warm summer rain without the drama of thunder and lightning, which meant that we had our full meditation and planetary healing time in our magical place, which we call the Yew Tree Grove in the very verdant Museum

Gardens, central York. 17 (an interesting number) of us, including a young budding planetary healer and Starseed light-worker, who is aged 10, were seated in a large circle of stones and logs in the grove, accompanied by our furry and feathered friends from the surrounding gardens. We have squirrels, pigeons, doves, and a range of hedgerow birds who always add their energy and sounds to our meditation PCOL time. As a group, we re-activated York PCOL to the 5th Dimension and above, with the help of our Arcturian mentors and guides, plus a multitude of galactic Ascended Masters and Archangelic and Angelic Beings of Light. It was a perfect opportunity to connect all the 5 UK PCOLs/PORLs together and also create pathways at a galactic level with the galactic sister cities and networks from our galaxy and neighboring galaxies. Our arcan powers were activated exponentially by being present together as a large group, this giving a real boost to our UK planetary healing work. We completed our meditation time together with a guided visualization for Peace around the planet, which was received into the Collective Consciousness of Humanity and into the Noosphere of our Planet.

Everyone then was guided to the York Minster to explore Deans Court garden area which has also received a crystal activation through the Arcturians. Then, as a group, we moved inside the Minster building with the use of Ocean M's visitor's pass to experience the wonderful architecture, and exquisite stained glass windows, such as the Rose window, the medieval St Cuthbert Window c. 1408, dedicated to St. Cuthbert, Cuthbert of Lindisfarne (c. 634 - 20 March 687)

(<https://yorkminster.org/discover/conservation/the-st-cuthbert-window/>)

We made some time for prayer and reflection in one of the small chapels to the rear of the building, known as the Zouche Chapel, which was a really lovely group experience. Thank you to Ocean for his knowledge of this wonderful building and the means for us all to go inside without paying the usual visitors fee.

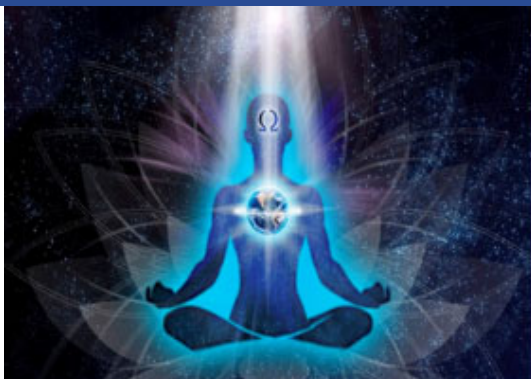

We concluded our group time together sitting outside in the old market area with street food at the Old City Food Court, most of us relishing an Indian Turmeric Combo platter with spicy chutneys, although there was an array of world cuisine options available to choose from.

Members were in good spirits, although being a little wet from the sudden summer downpour. One member commented that the rain and the outdoor dining experience was 'romantic', and I was in agreement with her as the energy was high and the company, warm-hearted. Everyone was able to take some personal time to explore York's eclectic shopping and cafe experience and we had some good catch-up conversations and drank lots of tea. It was a great day - the perfect balance of spiritual and social. Thank you to all were able to join us.

Love and Blessings,

Group of Forty SPAIN Monthly Activities

<https://grupo40spain.com/index.html>

These COVID years have introduced changes to our meditation routine. On the one hand, they have helped to progress and consolidate online work at all levels, promoting global groups and meditations with a larger audience of Spanish, French and Brazilian Portuguese-speaking attendees. This has given greater prominence and height to the monthly online meditations and to the webinars of the Arcturian School.

On the other hand, at the level of Spain, the monthly online meetings with the GOF of Spain have strengthened and consolidated the peninsular network and currently the bond between coordinators and members of the different groups is more intense and the interest in general online meditations has increased, since the result is more satisfactory and effective in large groups than in small groups.

The Arcturian School has contributed greatly to the renewal and progress of the groups in Spain and to the success of global meditations, providing resources and teachings and promoting the understanding and acceptance of the galactic.

IN-PERSON MONTHLY MEDITATIONS

The fourth Saturday of each month is the GOF/PCOL monthly meeting day for active groups in Spain. On that day, all the PCOL groups meet to carry out a monthly Reactivation of their PCOL in the window from 12 to 15:30 and, in the afternoon, both the GOF groups and the PCOL groups attend the monthly online Biorelativity meditation.

ONLINE MONTHLY MEDITATIONS IN ZOOM

1. Meditations of the Group of Forty of Spain every second Saturday of the month at 12:00 noon in Spain, in which we carry out exercises for the protection, healing and spiritual elevation of the country and all the Planetary Cities of Light of the peninsular network.
2. Advanced Biorelativity Meditations with international participation every fourth Saturday of the month at 5:00 p.m. in Spain. We have a list of subscribers who receive the agendas and we also post the announcements on our GOF Facebook group.
3. Meditations in the Virtual Temple with a monthly agenda that we send to our subscribers and post in our Virtual Temple Facebook group.
4. Mindfulness practices in the Virtual Temple every second Thursday at 8:00 p.m. in Spain to strengthen greater receptivity to the Arcturian messages and techniques.
5. Monthly channeling with Tomar through Ana Rosa Moreno in the Virtual Temple. We send the agenda to our subscribers and post the announcement in our Virtual Temple Facebook group.

Tulum

Tulum is the most emblematic site on the Quintana Roo coast, México, due to its privileged location and the excellent conservation of its buildings and wall paintings. Its wall is well known, which delimits the main complex on its north, south and west sides, since the eastern sector faces the Caribbean Sea. The walled city is part of a large pre-Hispanic settlements.

Tulum is the site of a pre-Columbian Mayan walled city which served as a major port for Coba. The ruins are situated on 39 ft cliffs along the east coast of the Yucatán Peninsula. It was one of the last cities built and inhabited by the Maya and achieved its greatest prominence between the 13th and 15th centuries. Maya continued to occupy Tulum for about 70 years after the Spanish began occupying Mexico, but the city was abandoned by the end of the 16th century.

Tulum is the Yucatán Mayan word for fence, wall or trench. The walls surrounding the site allowed the Tulum fort to be defended against invasions. Tulum had access to both land and sea trade routes, making it an important trade hub, especially for obsidian. From numerous depictions in murals and other works around the site, Tulum appears to have been an important site for the worship of the Diving or Descending god. There are three major structures of interest at the Tulum archaeological site. El Castillo, the Temple of the Frescoes, and the Temple of the Descending God. Both coastal and land routes converged at Tulum. Several artifacts found in or near the site show contacts with areas all over Central Mexico and Central America. It may have been one of these seafaring canoes that Christopher Columbus first encountered off the shores of the Bay Islands of Honduras.

Welcome All New GOF Members!

For the first few weeks after joining the GOF, please check your junk/spam mailbox occasionally. You could have communications sent by your County Coordinators that you are not aware of. These communications could be alerting you to special events and meditations.

And this is also good advice for long-time members. Who really knows what happens with technology these days, and cancel culture?

Joining the GOF is a powerful way to lend your energies to the Group thought field. Together we can change the outcome.

ANNOUNCEMENTS

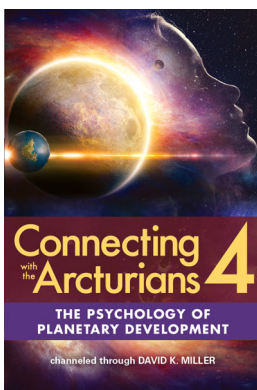

We are happy to announce that David's new book, “*Connecting with the Arcturians 5*,” is now available as an eBook!

[Connecting with the Arcturians 5: Use Arcturian Cosmic Consciousness for Planetary Repair](#)

Kindle edition by Miller, David K.. Kindle eBooks @ Amazon.com.

It is also available on Apple iTunes, Google Play, Barnes & Noble, and Kobo.

David's Latest Book, [Connecting with the Arcturians 4](#), is available now as an e-book and a hard copy book through Light Technology Publishing.

You can also find it on Amazon at [this link](#). This fourth book contains the most up-to-date information on ascension that is available, including new spiritual techniques to aid the process.

David's earlier books: "[Connecting With the Arcturians](#)" and "[Connecting with the Arcturians 2](#)" and "[Connecting with the Arcturians 3](#)" by David K. Miller, offer a comprehensive presentation on the ideas and views of an extra-dimensional, extra-terrestrial civilization on the Earth situation from the planet Arcturus.

Subjects included in this fascinating presentation are: 1) the Arcturians' view of the ascension or "rapture;" 2) what is the Fifth Dimension and how we, as the human race, are evolving toward the higher dimension; 3) the impending Earth peril and dangers to the Earth biospheres; 4) Jesus' (or Sananda's) role in the ascension and why he has a new name in the higher realms; 5) The Arcturian Stargate, a soul transfer station referred to in the Edgar Cayce's writings. When we finish the Earth's incarnations, we can travel to the Stargate for our next "soul assignment."

This first book also describes a new concept in spirituality, the Arcturian Sacred Triangle. For the first time, the Arcturians offer a way of uniting Earth's spirituality so that a planetary healing can occur. Readers will learn how ascended Native Americans' mystical Earth spirituality and galactic extra dimensional spirituality can be united to enhance a healing for the entire planet.
