The Difference Between the Fourth and the Fifth Dimension

By David K. Miller

I am frequently asked to explain the difference between the fourth dimension and the fifth dimension. The Arcturians mention that we need to avoid the fourth dimension as much as possible. This subject is especially interesting because the Arcturian work emphasizes bypassing the fourth dimension during our ascension and during our bilocation spiritual work when we come to the Arcturian Crystal Lake or when we are visiting the starship Athena. Once you reach the fifth dimension, then you are free from the Earth's incarnational cycle. This means you do not have to come back to the Earth in another lifetime unless you really want to.

When you are in the fifth dimension, you have graduated from the Earth, or the school of the Earth. The fourth dimension indicates that you are still in the Earth's incarnational cycle. The fourth dimension is divided into lower, middle, and higher realms. We should especially be concerned about the lower fourth dimension because darker spirits of low energy reside there, including ghosts and negative, disincarnate spirits who may try to attach themselves to you. These lower entities or energies often try to parasitically attach to Third Dimensional people. It is noteworthy that the Arcturians have pointed out that there are cracks or leaks in the layers separating the third and fourth dimension, and these cracks or separations are allowing darker spirits from the fourth dimension to more easily come into the Third Dimension and attach themselves to vulnerable individuals, often causing these individuals to act out in negative ways.

The fourth dimension is also referred to as the "astral realm." There are higher parts of the astral realm, and in the upper parts of the fourth dimension or the astral realm, are higher spirits. The higher spirits do reside in the upper layers of the fourth dimension. The real problem is in dealing with the lower astral plane. Entering or passing through the lower astral plane does require protection and one of the reasons why the Arcturians use corridors when asking us to travel through the fourth dimension is for our protection. To get to the fifth dimension, one must pass through the fourth dimension anyway. Naturally, the high levels of the fourth dimension are attractive, and we can meet our higher guides and teachers in the upper levels of the fourth dimension, but staying in the fourth dimension still means that you are karmically involved with the Earth and will incarnate again.

Most of us who work with the Arcturians are eager to move on to the fifth dimension, and to enter the fifth dimension requires a higher spiritual light quotient and an ability to overcome the duality and polarization. By doing that, you can enter a state of unity consciousness which are required for entering the fifth dimension.

Dear Gudrun,

Dear Gudrun, I need help with self-confidence. I am a recovering alcoholic with over 30 years sobriety. I retired from a job that I've had for that amount of time, intending to start my healing practice.

I live in Sedona where there are many people practicing spiritual healing. I compare myself and find myself lacking.

When I am actually doing my work, I am fine and know that I am a healer and that this is the work I need to do.

I think I'm scared that I will fail and then I will have no more purpose or motivation. This is a lot of pressure on me.
Scared

Dear Scared,

there are two things that I want you to focus on about what you told me. First, you have successfully maintained sobriety for most of your life. You as a healer now have your personal strength and experience to draw from. Most healers have had to overcome their own issues and then they are able to guide others.

Second, you say that when actually doing your work, you forget about your fears and are a competent and confident healer.

I know you have also done healing about your traumas in this lifetime and others. Now what you have to find is your courage.

You can do this!!! The planet needs healers now more than ever!
Blessings, Gudrun

BIORELATIVITY

Earth Balance Teams

Planetary Healing

Group of Forty
<https://www.groupofforty.com>

Following Juliano's guidance from the June lecture, the overarching theme within our biorelativity planetary and personal healing meditations now and moving forward is the acceleration of the manifestation of Homo Omega. Our next destination and evolutionary leap from Homo sapien to Homo Omega is filled with Fifth dimensional consciousness, unity consciousness, peace, balance, love, compassion, and harmony. What an exciting time to be alive on Earth and at the forefront of this change!

We continue to have five planetary and personal healing meditations a week in the United States, and our team in Australia presents one every Monday. Thank you to each of you for your participation and healing energies you bring. I would like to share that I have personally noticed the effects of our work with the oceans. I am blessed to live within minutes from the Pacific Ocean and almost every day I am greeted by pods of dolphins playing so joyfully in their natural habitat. I do believe that our work is making a big difference in bringing the much-needed restoration of balance to the Oceans, and in nurturing the continued creation of life. We continue to manifest the Divine Feminine Energy of White Buffalo Calf Woman on Earth, to raise the Spiritual light Quotient of the Planet, our local regions and humanity. We are working to accelerate the emergence of new spiritual leaders because we know that a higher consciousness can and will help to repair the planet. We believe in our hearts that what is broken can be fixed....in Tikkun Olam - Repair of the World. Each one of our meditations is deeply important and always relevant, and your energies and the energies of all Starseeds are greatly needed now.

How to improve your connection to the PCOL Global Network

In our previous conversations on how to improve our work in our Planetary Cities of Light and Ocean Reserves of Light we shared the profound significance of cultivating and preserving the sacredness, and increasing the spiritual light quotient. Now, in our conclusion we will briefly share how we can deepen our connection to the PCOL global network.

The network is a crucial aspect of the GOF Planetary City of Light Project. We have created an ever-expanding/growing global network of cities of light and ocean reserves. Imagine a vibrant tapestry woven with interconnected and interacting threads, where each city and reserve emerges as a unique entity, with its own distinct character, strengths, and weaknesses. As these luminous centers link

together within the global network, their strengths are shared and their weaknesses fortified, forging an unbreakable bond of resilience. Picture it as the spokes of a wheel converging at the center, each contributing a vital piece to support the unified whole while retaining their individual essence. This is the network!

Why do we emphasize this? Because when you step into the role of a PCOL/PORL, you automatically become an integral part of this profound network. You assume the responsibility to actively participate, contribute, and engage with the collective consciousness of the network.

A robust and impactful PCOL network possesses certain remarkable traits such as a multitude of active PCOLs/PORLs, empowered by high arcan energy, a shared group consciousness that permeates not only within individual PCOLs but across the entire network, positive connections and interactions flourishing between all the PCOLs, a steady increase in the spiritual light quotient evident through transformative and uplifting changes, and finally active participation in global events that harmonize and amplify the collective intentions of the network.

We can improve our connection to the network by:

- Attending the Quarterly PCOL global Meetings—this brings us together in unity and for interacting, sharing, and cooperating.
- Participating in new PCOL/PORL activations to support one another and bring energy, unity, and cohesion to the network.
- Choosing and connecting with a planetary and galactic sister city.
- Connecting with and traveling to sacred places on the Earth. Many members have travelled to Mt Shasta, Sedona, Stonehenge, Egypt, and other locations.
- Joining in regional meditations like Semillas Estelares in Latin America and the Arcturian Temple and Biorelativity meditations in Spain and others, using social media.

Can you feel the magnitude of the journey you embark upon as a PCOL/PORL? It is a sacred calling, an invitation to merge your unique essence into the tapestry of a network that spans across dimensions and unites souls with a shared purpose. Together, we build a future brimming with light, where the interconnectedness of these extraordinary cities serves as beacons, illuminating the path to an extraordinary new Earth.

We are absolutely thrilled to extend a warm welcome to our magnificent new planetary cities of light and oceans reserves of light joining the PCOL project, and to be able to share these new places and their members.

Verde Tierra PCOL, Colombia

The PCOL of Verde Tierra (GREEN EARTH) was activated on February 19, 2023. It is in the neighborhood of Belmira, in the capital city of Bogota. Currently in Bogotá there are serious problems of violence such as: robberies, murders, violence between Venezuelan and Colombian gangs, disappearance of people, domestic violence, abuse of children, and mistreatment of women. In the perimeter that makes up the City of Light there are problems of robberies, domestic violence, alcoholism, use and sale of psychoactive drugs among young people.

The group wanted to become a Planetary City of Light to contribute to the expansion of consciousness and higher light to address these problems in the neighborhood. They are also aware of the blessing they have received in their spiritual process and want to share it by taking advantage of this opportunity to reach a greater number of people as a group.

Santa Lucia PCOL/PORL, Acapulco, Mexico

The PCOL/PORL of Santa Lucia was activated on June 18, 2023, and is in the port city of Acapulco on the southwestern coast of Mexico. With a population of over 800,000 people, it is a major contributor to the economic and cultural development of the country, operating as a receiver of tourism from cruise ships, as a means of cargo transport and export of vehicles to different countries. Its relevant economic activity is concentrated primarily in the service sector, specifically tourism, fishing, and trade.

The group's primary focus in creating a PCOL is to bring more awareness of the place so that the inhabitants who live in the City of Acapulco today act with a sense of responsibility and integrity. They also aim to lower the index of insecurity where people can live in an environment of peace and tranquility without being exposed to any type of criminal acts. With the ocean reserve their aim is to balance the energy of the port and its inhabitants by raising its vibration and creating greater awareness of unity, compassion, collaborative work among the inhabitants, empathy, and to meet the needs of the community, and not only their own. They also want to restore the populations of fish, reptiles and marine mammals that are endangered or subject to special protection such as olive ridley turtles, humpback whales, bottlenose dolphins and reef manta rays. Finally, they want to eliminate the discharge of wastewater into the bay, as well as noise and chemical pollution derived from tourist services and the inhabitants of the place.

Activation of the Ladder of Ascension at Tomaree Head

24 members and non-members from Sydney's surrounding areas and the Newcastle areas visited the Ladder of Ascension Tomaree Head, Port Stephens, New South Wales in Australia a month ago. The Ladder of Ascension was activated on June 11, 2011. We were very happy to have Caroline Beechey attend. Caroline was the Australian coordinator at the time the Ladder of Ascension was created.

Due to track work, we were unable to climb the summit but it was a glorious sunny day even though the wind was chilly. After a coffee and a walk around the headland, we found a secluded spot out of the wind by the ocean at the foot of the mountain to have our meditation and picnic. In the meditation led by Sananda and Archangel Michael, we linked the Grose Valley etheric crystal, Uluru and Tomaree Head. Uluru, a portal to Inner Earth in the centre of Australia is the Heart Chakra of Gaia. Tomaree Head is also a portal to Inner Earth so linking with these three powerful forces created a powerful meditation. A few people witnessed light beings on the water during the meditation.

The Worimi are the traditional owners of the Port Stephens area. There are two headlands at Tomaree, one where men performed their ceremonies and Tomaree Head sacred to the Aboriginal women who performed their ceremonies before the arrival of white settlers. According to the Worimi people, Tomaree Head is the 'Head' of the Rainbow Serpent which resides at Uluru.

We will continue to link with Tomaree Head, the Grose Valley Crystal, and Uluru in our meditations. Blessings,

Carel Fillmer
GOF Australia

These COVID years have introduced changes to our meditation routine. On the one hand, they have helped to progress and consolidate online work at all levels, promoting global groups and meditations with a larger audience of Spanish, French and Brazilian Portuguese-speaking attendees. This has given greater prominence and height to the monthly online meditations and to the webinars of the Arcturian School.

On the other hand, at the level of Spain, the monthly online meetings with the GOF of Spain have strengthened and consolidated the peninsular network and currently the bond between coordinators and members of the different groups is more intense and the interest in general online meditations has increased, since the result is more satisfactory and effective in large groups than in small groups.

The Arcturian School has contributed greatly to the renewal and progress of the groups in Spain and to the success of global meditations, providing resources and teachings and promoting the understanding and acceptance of the galactic.

Calakmul

Calakmul is a Maya archaeological site in the Mexican state of Campeche, deep in the jungles of the greater Petén Basin region. It is located about 22 mil north of the border with Guatemala. At the beginning of the 21st century the area around Calakmul remained covered by dense forest. Calakmul was one of the largest and most powerful ancient cities ever uncovered in the Maya lowlands. In Maya, *ca* means “two”, *lak* means “adjacent”, and *mul* signifies any artificial mound or pyramid, so Calakmul is the “City of the Two Adjacent Pyramids”.

The site core of Calakmul covers an area of approximately 0.77 sq mi, an area that contains the remains of roughly 1,000 structures. The periphery occupied by smaller residential structures beyond the site core covers an area of more than 7.7 sq mi within which archaeologists have mapped approximately 6250 structures.

Calakmul administered a large domain marked by the extensive distribution of their emblem glyph of the snake head sign. Calakmul was the seat of what has been dubbed the Kingdom of the Snake. It reigned during most of the Classic period. Calakmul itself is estimated to have had a population of 50,000 people and had governance, at times, over places as far away as 93 mi. There are 6,750 ancient structures identified at Calakmul, the largest of which is the great pyramid at the site. Structure 2 is over 148 ft high, making it one of the tallest of the Maya pyramids. Four tombs have been located within the pyramid.

Throughout the Classic Period, Calakmul maintained an intense rivalry with the major city of Tikal to the south, and the political maneuverings of these two cities have been likened to a struggle between two Maya superpowers.

Messages from GOF Members

Dear GOF members

I am delighted to share this invitation for you to join the 2023 Stargate Merlin tour in England from 18-28 September. Our focus is on balancing and activating the crystal grid of England's Michael and Mary Ley lines. The journey will include visits to Stonehenge, Camelot Hill, the Uffington White Horse, Wayland Smithy, Avebury, and Glastonbury. There will be a special ceremony at Stonehenge and an Autumn alignment ceremony in Avebury's moon circle. The last four nights will be spent in Glastonbury, where there will be plenty of time to explore the sacred sites and enjoy the great shops and cafes, including a journey to the mystical coast of Cornwall.

Helio-ah had this to say about the tour:

This Autumn Equinox 2023 is a special time, a most powerful time, representing a major transformation, welcoming the 5th Dimensional New Earth to our planet.

What is required is foresight and intuitive knowledge for preparing the new systems and the repair of the ley lines and repair of the planet. The planetary crisis has been and will continue to be very difficult for the Earth and the intervention of the Masters is greatly needed. We the Arcturians will be with you.

When you speak of Merlin you are really speaking of magic and transmutation. The quantum aspect is often compared to magic. The quantum is particularly powerful and pure in Stonehenge and Glastonbury. These sacred areas and ley lines are set up with the quantum alchemical ingredient that is necessary for transmutation on multi-levels, personally and globally. Saint Germain is devoted to serving the planet and its repair. This is a fulfillment of a special mission.

I will be facilitating this with Robert Maldonado, who joined me in the 2018 & 2019 tours. I would love to have those of you who feel called to join us. There are four places left. If you are interested, please contact me for more details: elizabethkeller111@gmail.com.

With Deep Love & Gratitude,
Elizabeth HeartStar

Welcome All New GOF Members!

For the first few weeks after joining the GOF, please check your junk/spam mailbox occasionally. You could have communications sent by your County Coordinators that you are not aware of. These communications could be alerting you to special events and meditations.

And this is also good advice for long-time members. Who really knows what happens with technology these days, and cancel culture.

Joining the GOF is a powerful way to lend your energies to the Group thought field. Together we can change the outcome.

[David's Latest Book, Connecting with the Arcturians 4](#), is available now as an e-book and a hard copy book through Light Technology Publishing.

You can also find it on Amazon at [this link](#). This fourth book contains the most up-to-date information on ascension that is available, including new spiritual techniques to aid the process.

David's earlier books: "[Connecting With the Arcturians](#)" and "[Connecting with the Arcturians 2](#)" and "[Connecting with the Arcturians 3](#)" by David K. Miller, offer a comprehensive presentation on the ideas and views of an extra-dimensional, extra-terrestrial civilization on the Earth situation from the planet Arcturus.

Subjects included in this fascinating presentation are: 1) the Arcturians' view of the ascension or "rapture;" 2) what is the Fifth Dimension and how we, as the human race, are evolving toward the higher dimension; 3) the impending Earth peril and dangers to the Earth biospheres; 4) Jesus' (or Sananda's) role in the ascension and why he has a new name in the higher realms; 5) The Arcturian Stargate, a soul transfer station referred to in the Edgar Cayce's writings. When we finish the Earth's incarnations, we can travel to the Stargate for our next "soul assignment."

This first book also describes a new concept in spirituality, the Arcturian Sacred Triangle. For the first time, the Arcturians offer a way of uniting Earth's spirituality so that a planetary healing can occur. Readers will learn how ascended Native Americans' mystical Earth spirituality and galactic extra dimensional spirituality can be united to enhance a healing for the entire planet.
