The Ladders of Ascension

Juliano, channeled by David K. Miller

Greetings, I am Juliano, we are the Arcturians.

We are working with the Earth to help you ascend. One of the tools of ascension is the Ladder of Ascension. The Ladder of Ascension can be compared to Jacob's Ladder in ancient Israel. Jacob laid on a rock and then had a dream, which contained a vision of a ladder. In the vision, the angels were coming up and down the ladder. This ladder was a gateway to the other dimensions. The Ladders of Ascension, downloaded around the world by the Group of Forty members, are also gateways for your ascension. You can visualize these ladders as etheric ladders, which go to the Fifth Dimension. The ladder also can go up to our Starship, which is in the Fifth Dimension.

We have downloaded seven Ladders of Ascension around the Earth with the Group of Forty. These downloaded Arcturian ladders of ascension are in:

- 1) Bell Rock, Sedona, Arizona, USA
- 2) San Martin de los Andes in Patagonia, Argentina,

Featured GOF Member of the Month

Mihaela Maru

Mihaela Maru from Romania is our February Member of the Month.

She joined the Group of Forty at the beginning of 2017 and joined the Workshop in Bregrenz, Austria in April 2017. She is both a German and Romanian GOF member and is now living in Switzerland with her husband, Cosmin. She met Cosmin at the workshop in Bregrenz. She wanted to share how she joined the Group of Forty, as she believes it may be inspiring to you all:

"It was January 2017, it was my conviction the only way I can help Mother Earth was to work and connect outside in nature with her. But it was winter and I couldn't go out because of the cold and snow. So I asked Mother Earth, "Mother Earth, please let me know what I can do for you right now because I can't be outside with you and I would like to help to do something for you. Then I just went online and playfully Googled "Mother Earth" and found the inspiring YouTube video "Mother Earth's calling for planetary healing," (<https://youtu.be/PAr6MdzUITo>). In its description I found the link to

- 3) Tomaree point near Nelson Bay, Australia,
- 4) Dome of the Rock, Jerusalem
- 5) San Pere de Ribas, Spain
- 6) Jobs Peak near Gardenville, Nevada
- 7) Herisau, Switzerland

The idea is this:

* At the time of ascension, you must make a decision about going to the Fifth Dimension.

* You must be ready to give up your Earth life and then you must have some place in your mind to transport yourself.

* You must find a place to ascend and that is why we downloaded the Ladders of Ascension.

* You can project yourself to Ladder of Ascension and then the ladder will be an entry point for you into the Fifth Dimension.

Having the use of the ladder of ascension will make it easier for you.

The ladders of ascension also have another functions. You can also go there to meditate. You can use these areas as sacred places to connect to the Fifth Dimensional energy.

International Biorelativity Update

The Biorelativity Committee will be offering another webinar for the GOF membership on **April 14, 2018**. The theme of the webinar will be, "*Techniques for Biorelativity*."

We will be sending out an announcement in April to inform you of how to register for the workshop. I like to remind GOF members that all webinars we offer are **free** to all Group of Forty members!

Our last webinar in January was very well received and our committee is committed to help educate our membership on our Biorelativity techniques.

We did change the name of our technique from Biorelativity to Planetary Healing/Biorelativity. This name change has been well received and it helps to clarify the purpose of Biorelativity to people who may not be familiar with our work.

David K. Miller

the Group of Forty. This was my first step.

Then, as I was writing with Cosmin, he told me about the Planetary Cities of Light in general and about the one in Karlstein, near me at that time. As I was hearing this over the telephone the candle on my desk began to dance and suddenly, there were two flames instead of one.

What a wonderful sign I thought. My heart was in great joy and opened greatly for these concepts, ideas and methods of planetary healing and so I joined happily and inspired the Group of Forty. My motto is "I don't just wait for life to show me the lessons I have to learn, I ask for all necessary challenges to fulfill this process: will speeds up everything."

Many blessings to you all."

Starseeds Counseling

I am Gudrun Miller and I have been a professional counselor for over 30 years.

Dear Gudrun,

I can't stand being around groups of people in public, whether it is in stores, at work, parties and whatever. I pick up so many feelings and issues that I end up overwhelmed, exhausted and depressed!

I've always been sensitive and my family made fun of me as a child because I cried all the time.

Using Arcturian Group Thought Fields for Spiritual Healings and Ascension

By Gudrun R. Miller

The dates for the 23rd annual workshop will be **November 9-11, 2018**, and the workshop will be held again at the **Prescott Resort** in Prescott, Arizona.

The resort is offering us another fabulous room fee of only \$105.00 per night for this premium hotel.

Experience three days of intensive workshops on Arcturian Spiritual Technology and expanded consciousness for personal and planetary healing.

The primary presenters will be David K. Miller and Gudrun Miller. This workshop will be focusing primarily on David's channeling. Throughout the workshop Arcturian exercises for the ascension, shimmering, and planetary healing will be offered. This will be a unique opportunity to experience Juliano, Helio-ah and Tomar.

Special sessions will be offered regarding Tomar's healing temples and Helio-ah's holographic healing techniques.

The registration page is up on the website.

Group of Forty Monthly Lectures

with David K. Miller

The next lecture is on Saturday, March 3, 2018 at 5:45 - 6:45 p.m. Phoenix, Arizona time (MST).

We will be meeting on freeconferencecall.com international phone line, which is specific for each country:

Access code: 164595

(confirm with # and 1)

Note: the access code is the same for all countries.

Sample other international numbers:

Argentina: +54 (0) 11 5219-4138

Australia: +61 (0) 3 9028 0260

School was torture for me though I excelled in academics. The only place I was "normal" was in art class and now when doing my art.

I channel my guides and now know my exquisite sensitivity is a gift. I, however, am still uncomfortable and have few friends because I isolate myself.

How can I block this sensitive part of me?
Overwhelmed

Dear Overwhelmed,

Blocking your gift would block your access to your higher self, your artistic inspiration, your connection to your guides and it might even be boring for you! The challenge for sensitive people like you is to tune out unwanted energies and tune in to those energies that are harmonious to you.

This is what you do when you focus on channeling and art. You are focusing and tuning out unnecessary energies.

Imagine yourself as a highly sensitive radio receiver that can pick up hundreds of frequencies. If you listened to all of them at once, it would be irritating and noisy and you would have to shut the receiver off. Fortunately radios come with tuning options so you can listen to one station intentionally and only when you want to.

You can be like that radio, filtering out unwanted frequencies and tuning in to one at a time, at your convenience! You already know how to do this because of your art and spiritual work.

Now, transfer that ability to your everyday life.

What is the Arcturian Virtual Temple Project?

By Magda Ferrer, national Coordinator for GOF in Spain and founder and director of the Arcturian School

Arcturian Virtual Temple

The Arcturian Virtual Temple is a virtual space for global meditation in connection with our Arcturian School and with the Temple of Tomar in Arcturus. It was founded by the Arcturian School to help accelerate planetary Noosphere and human evolution.

Under the guidance of Juliano, Tomar and Helio-Ah, we performed Noorelativity exercises with the Ring of the Ascension and the Iskalia Mirror in the Holographic Planetary Healing Chamber in the Auditorium of the Athena Ship.

Tomar says, "I and Helio-Ah will want to bless the Sacred Virtual Temple. We want to do a ceremony as the first step where everybody comes together for a ceremonial blessing of the Sacred Virtual Temple to make it holy, sacred and special.

Good luck and blessings,

Gudrun

Even though it is a Virtual Temple, it is still a Sacred Temple. Everyone's intention and everyone's energy builds on the sacredness of the Temple."

Juliano says, "The idea of the Virtual Temple is very simple. The Group of Forty members live all around the planet and cannot come to the Temple. So the idea of the Virtual Temple is that the Temple exists in an etheric energy field around the planet. In their meditations, and in their work, the participants will bilocate, thought project themselves to your School and to your Virtual Temple. That is where the energy and the thoughts will be magnified."

Meditation shifts will begin in May 2018. A training period for the Meditation Guides, and an Activation Ceremony by David K. Miller, will take place on May 7th at 10:30 AM Arizona Time.

Meditation shifts will be performed in Spanish, French, Brazilian Portuguese, English, German and Romanian. At Tomar's suggestion, all guides and assistants must wear white clothes as a symbol of purity. Meditations cannot be performed outside the Virtual Temple, because it is a space created for meditation.

All the meditations will be conducted Online in an open and free Webinar Wormhole. Meditation guides will distribute the meditation links to interested GOF members. Attendance is open to GOF members, students of the Arcturian School and sympathizers of the Arcturian Project. Meditation Guides are coordinators or advanced members of the Group of Forty from different countries of the planet.

The Guides of the meditations are:

- * Magda Ferrer, David Arbizu, Alvaro Monreal, Mabel Vallet and Mauricio Beltran Pascual for Spain.
- * Emilio Martinez Gtz, Ricardo Islas Ortiz, Cristina Garza and Ana Rosa Moreno for Mexico.

Then the fun, challenge, and results begin! Breathe deeply, smile, & enjoy the ride!

How--the particulars:

It is up to the individual PCOL or PORL team to figure out how to bring the energy of the chosen path into their own personal lives & into the life of the area within their PCOL or PORL.

Some approaches are through:

- meditation! (of course!) --add to your PCOL/PORL group meditation as often as feels right to your team --can also add to your personal meditations
- discussions
- reach more information through books or the internet
- trying to apply different ideas you come up with...
 - in your personal life
 - within the area of the PCOL or PORL

then:

- re-evaluate the results of that application
- adjust as needed & try again

Overall Goal:

- a) Personal: Enlightenment
- b) Planetary: Ascension

Note: *As always within the GOF PCOL/PORL PROJECT, you are working with the aid of your 5th dimensional partners, Arcturian and others. This is another way you are bringing 5th dimensional energy into your own vibrational field & into that of your PCOL or PORL. You raise your vibrations. You raise your PCOL/PORL's vibrations.*

Contact your Country Coordinator or me for more details. Enjoy the journey!

Working with the Arcturians, they:

- Activate the twelve Arcturian etheric crystals in the shape of the Planetary Tree of Life to create a dialectic force field using the Iskalia Mirror and Omega Light.
- They place affirmations of peace, love, harmony and balance into that energy field
- Spiral that dialectic force field up to the North Pole and into the Earth activating a gentle and harmonious light that flows through the meridian.

This is wonderful work that this group is participating in. Thank you from all of us for your wonderful service for Gaia and for us.

Jane Scarratt

Hello fellow Group of Forty members,

We are all so busy these days and never seem to have enough time to do all we want. Consequently, we rely on the media to keep us in touch with what is happening around the planet. However, there is a planetary event that could be considered dire for our Earth, and that is the Daiichi/Fukushima radiation leak that is affecting our oceans and food supply, yet nothing is said about this continuing disaster.

It is important for us to maintain a focus on this type of event and increase our group biorelativity efforts to place fifth dimensional light into the disaster and especially to energize the waters of the Pacific Ocean. The Group of Forty, with advice from the Galactic Council, created the planetary event scale. As a group, we should understand this scale and what it means.

Events are rated on a scale of 1-10: The greater the disaster, the higher the rating. The Fukushima disaster would be rated as a 6 on this scale so, as a group we should focus on it regularly. One wonders what level of disaster would actually MAKE the world sit up and take

From the Land of the Long White Cloud

<https://youtu.be/7FRdX5w96fk>

Here is a heartwarming story that happened last week, in a beautiful lagoon on Waiheke Island 30 minutes from Auckland city, and in the middle of our East Auckland PORL.

A heatwave, during the past three weeks, has kept Auckland's temperatures and humidity at all time high and many people flocked to the beaches or to pools to cool off.

On such a day in the middle of the lagoon, two children were swimming. In through the narrow entrance swam two orcas searching for food; no doubt looking for their favorite food, stingrays, which are plentiful along Auckland's coasts. As they searched the lagoon, the children became panic stricken, screaming and thrashing about in the water as they tried to swim towards the shore.

As the picture shows, the two orcas approached very close to the children, probably wondering what all the noise was about. Parents yelled from the shore for them to stay still. What happened then was incredible.

The orcas split up and swam around the children and out through the entrance. Even though they were looking for food these "so called" killer whales of high intelligence just knew better. It is interesting how they knew the difference between humans swimming in the sea and the traditional prey of stingrays, penguins and seals swimming in the sea.

This then begs the question about their sense of awareness, and how they discriminate.

We are lucky in New Zealand to have them in our deep clean blue southern waters where food is plentiful for them. Around our Coast it is a regular occurrence to meet with large and small wild sea life. And THEY are just as interested in what WE are doing, as we are of them.

notice that the earth will react to our lack of care.

The Council of Elders meet a couple of times a month and we now have, what I call, a 'seat' on the Galactic Council. Before every meeting we, as a group, unite and travel down a corridor to join the Galactic Council and they sit with us in our meeting. The Council of Elders is part of the Spiritual Brother and Sisterhood of the galaxy. The Galactic Council has great wisdom and offers supportive energy to our group. And as a group, we are committed to advance, evolve and work together with the Galactic family.

It is an honour to be part of the Council of Elders. This amazing group of energies is dedicated to the teachings of the Arcturians and to higher consciousness. The Council of Elders works in total harmony and acceptance of each other. The Council of Elders for the Group of Forty becomes a model for working together as Spiritual Brothers and Sisters.

**From the Native Peoples
Sacred Triangle
Committee of the GOF**

Did you know...?

This is Juliano. We, the Arcturians are often asked the questions:

- * "What is the Arcturian religion?"
- * "How do the Arcturians practice religion?"
- * "What are the Arcturian religious practices?"

The Earth is unique in many ways, and one of the major differences and uniquenesses in the Earth is the many different religions that exist on your planet. Most planets do not have as many religions as there are on the Earth. When we talk about the Arcturian religion I have to make a distinction. We do not separate our spiritual activities or our spiritual practices from our actual lives or our daily activities. There is a merging or unity in how we approach the spirituality, which does not lend itself to a separation.

This type of approach is most similar to some of the Native American approaches to religion in which they do not separate their lives or their activities from a spiritual or religious way. They look at the entire existence as one unity.

This is not surprising because the native guides and teachers received their information from the Star Brothers and Sisters, which have helped them in this way of integration. First, let me say that we will call our spiritual practices "Cosmic Religion." The word religion is, in fact, an Earth term. We do not have a specific word for religion in our language. For our discussion in this lecture we will say that we look at our religious view or religious practices in the perspective called "Cosmic Religion."

What does that mean? Cosmic Religion is based on the study of the universe. Cosmic Religion is based on the idea that the expression of the Creator is found in the universe and in the laws and actions of the universe. One important perspective in Cosmic Religion, from the Arcturian perspective, is reincarnation.

In the Cosmic Religion perspective, reincarnation occurs within a planet and also inter-planetarily, or between other planets. That is to say that souls can reincarnate continually on one planet, such as on the Earth. Souls can have repeated lifetimes on Earth. It also possible, in fact it very often occurs, that souls reincarnate on other planets.

Therefore, when we are referring to these phenomena, we call it "Cosmic Reincarnation." Another term that we use is "Cosmic Karma." Cosmic Reincarnation then refers to the idea

Our guests will explain their cultural awareness of Returning to the CIRCLE by the "HOME TEAM TRIAD." (H-O-M-E is an acronym for HONOR-OF-MOTHER-EARTH.)

The Native Peoples' Committee of the Sacred Triangle has been communicating with these Elders to build a trust and understanding of the Mission of The Group Of Forty. They have found a connection to what we are doing and are willing to bring their energy to work with us. This is a break through and we are looking forward to more interactions together.

The GOF members are focused on the Ascension of planet Mother Earth. With the help of the Indigenous side of the Sacred Triangle we will understand and learn how to communicate with the Spirit of Gaia on an even clearer level.

that some of the advanced souls are able to incarnate or reincarnate on different planets.

Many of you have been on several different planets on this galaxy. Some of you have had incarnations on Arcturus. Some of you have had incarnations on the Pleiades. Some of you have been on Antares, or have been on Sirius. You also will remember that some of you have been on Alano, the moon-planet Alano, which is close to the Central Sun. There are numerous planets throughout this galaxy that have higher life forms that are similar to yours. This means that there is numerous opportunities to become incarnated on these other planets. That is the basic idea of Cosmic Incarnation or Cosmic Reincarnation. That is one of the basic tenets of our religion. The idea of Cosmic Karma is related to Cosmic Incarnations or Cosmic Reincarnations.

Cosmic Karma says that the cause and effect activities on one planet sometimes must be resolved through the activities and circumstances on other planets. This is a major contribution to the Arcturian theology.

Visualize the halo around the Earth known as the ring of ascension, and emanate waves of light from your aura. These waves of light come from your third eye and from your mind. They just emanate from your entire aura.

Visualize that you have your aura in the beautiful configuration of the cosmic egg, and it is filled with omega light because we have done this omega light exercise. You are going to be able to emanate circles of light like a force field coming from your aura. This spiritual light will go up into the ring of ascension, and then that ring of ascension will collect it. This will help the whole planet to be filled with the energy of the light you are vibrating and Earth's aura can be filled.

Begin to do this now. The light that you are emanating is of the highest spiritual frequency. It is going into the Earth's energy field and Earth's aura. It is going into the ring of ascension.

Q: From Yvonne Villien in Australia

In Chapter 28 of 'Teachings from the Sacred Triangle', you spoke about the Peace Pole in Zion National Park in Utah. Could you speak a little more about Peace Poles and what benefits they may have for us, and the environment?

The Peace Pole in Zion National Park was brought by Group of Forty members for expressing and accelerating a thought pattern of peace throughout this planet.

There are several noteworthy observations. The general idea is that the Peace Pole is communicating into the Noosphere and into the Spirit of the Earth to effectively advance communication to the Noosphere and the Spirit of the Earth.

It is extremely helpful to do such a placement in a sacred area. Zion National Park has a high level of sacred energy in

Members Matter Corner

Dear members!

Regional Coordinators wanted: If you live in one of these regions, and would consider becoming a regional coordinator, please contact me. We have divided the country into seven regions, four of which are currently without coordinators, and they are:

part because of its location in Utah, in part because of the beautiful ancient rock formations and in part because there are angelic forces there linked to special portals within Earth.

I view the Peace Pole as similar to the concept of the Medicine Wheel. The Medicine Wheel is a form of ancient communications, which has the ability to send energy and thoughts to accelerate thought patterns into Earth and the Noosphere. This is an outward manifestation that has benefits in sending thought patterns and thought waves to the Noosphere. In particular it is a way of focusing thoughts.

Remember, when you can focus thoughts you can increase arcan power. This is one of the benefits of that Peace Pole.

Dear David and Gudrun,
I would like to take this time to thank you for being a very big part of my expanding consciousness and ways to view my life differently.

It has been my delight to watch The Group of Forty continue to grow in leaps and bounds. I have enjoyed being a part of the growth and expansion for the healing of humanity and Gaia.

I have learned a great deal from the two of you, the Arcturians' and members of the GOF. However, keeping up with the growth of the GOF has become a bit of a stretch for me, especially with longer employment hours. I feel that the GOF would be better served if another member were selected as this region's coordinator. A member who has a schedule that permits keeping up on all the new social media, webinars, etc., etc., etc.

We plan to continue our Friday night gatherings and the Raising of the Carson Valley City of Light.

I AM Thankful and Grateful for your love and understanding.

Love & Blessings
Kim
