## The Codes of Ascension

*Juliano, channeled by David K. Miller*

Juliano: The codes of ascension are sounds and words that unlock your genetic energy for the ascension. You already have the genetic program within you to ascend. This program is part of you genetic codes, and it is part of your heritage as the species of Adam. There are special sacred phrases for the ascension that are in the ancient or classical Hebrew language.

These words have special sounds and tones which, when used properly, can open up your genetic ascension codes. When you hear and spiritually connect with these sacred sounds, the energy and doorways for your ascension is opened up. It is like opening up a doorway, or unlocking a door. Allow the sounds and tones to open you up and you will be more ready for your ascension.

Sings in Hebrew: "*Kadosh, Kadosh, Kadosh, Adonai Tzevaoth*" (Holy, Holy, Holy is the Lord of Hosts).

Now go into meditation for a short time after hearing these sounds to assimilate these ascension energies.

## International Biorelativity Update

### Planetary Healing Biorelativity Earth Balance Teams

These wonderful groups are meeting weekly to present meditations on the various meridians of Earth. What is happening is that we are letting Earth know we are here and we are supporting her and she will respond more favourable BECAUSE she knows we are here.

**REMEMBER:** A planet cannot ascend by herself. A planet must have higher thought forms, higher beings, on it. Biorelativity is the ability to interact with the Spirit of the Earth with higher consciousness. On one level, biorelativity can create unity consciousness and a unified energy field.

#### Featured GOF Member of the Month

David Miller

**David K. Miller** is the GOF Member of the Month.

David is the co-founder of the Group of

Forty with his wife Gudrun R. Miller. David originally received the inspiration to start the Group of Forty (GOF) on a camping trip at the North Rim of the Grand Canyon. He began channeling Juliano, the Arcturian teacher, who instructed David to start the GOF.

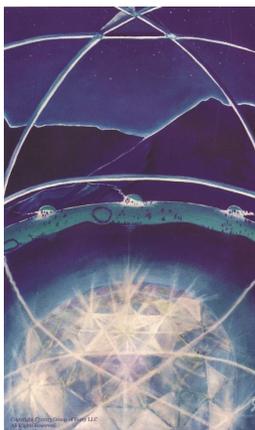

In addition, Juliano provided the channeling information for David's first book, *Connecting with the Arcturians*, which was published in 1996. The book has now sold well over 12,000 copies and has been translated and published in German, Spanish and Romanian. He has written and published a total of 14 books, most of them dealing with the themes of Personal and Planetary Healing, the Arcturians, and Expanded Consciousness.

Since 2001, David and Gudrun have traveled around the world presenting GOF workshops in the following countries: Costa Rica, Mexico, Argentina, Brazil, Germany, Switzerland, Austria,

### Using Arcturian Group Thought Fields for Spiritual Healings and Ascension

By Gudrun R. Miller

The dates for the 23rd annual workshop will be **November 9-11, 2018**, and the workshop will be held again at the **Prescott Resort** in Prescott, Arizona.

The resort is offering us another fabulous room fee of only \$105.00 per night for this premium hotel.

Experience three days of intensive workshops on Arcturian Spiritual Technology and expanded consciousness for personal and planetary healing.

The primary presenters will be David K. Miller and Gudrun Miller. This workshop will be focusing primarily on David's channeling. Throughout the workshop Arcturian exercises for the ascension, shimmering, and planetary healing will be

Turkey and Australia. David also has presented several workshops at Mt. Shasta, California and has held 22 annual Arcturian workshops in the United States, including many in Sedona and Prescott, Arizona.

David has just finished his 15th book: *Connecting with the Arcturians 3: Energy Fields, Higher Vibrations and the Evolution of Humanity*. He is hoping that his publisher, Light Technology, will publish it soon. He has also published over 120 articles on Arcturian technology, spirituality and channeling primarily in the *Sedona Journal of Emergence*.

He has a lifelong interest in the Kabbalah and has studied Kabbalah with a Rabbi in Phoenix for many years. David is a student of biblical Hebrew and continues to receive weekly tutoring in that ancient language. This tutoring has helped him in chanting sacred ancient Hebrew sounds and phrases, which has helped to provide healing energy and higher vibrations to many people in his workshops.

David continues to provide monthly Arcturian channeled lectures for the Group of Forty, and holds numerous webinars for GOF members throughout the year. He will be hosting and channeling the Arcturians at the annual GOF conference in Prescott in November 2018.

In addition David administers and coordinates all aspects of the Group of Forty projects through several committee meetings, the advisory board and the Council of Elders.

### Starseeds Counselling

I am Gudrun Miller and I have been a professional counselor for over 30 years.

Dear Gudrun,

The Arcturians have said that this is a time we need to look for our inner teacher/guru rather than looking for gurus and that we shouldn't give our power away to them.

Can you say more about this topic?

Curious

Dear Curious,

Thank you for the question.

Primarily the Arcturians are empowering us and validating that we stand in our own wisdom and soul evolution. We need to trust our inner knowing and not give our power away to a teacher/guru.

You can still seek teachers but a real teacher will not look for blind devotion and will not take advantage of you, They will be humble and will not profess to know what is best for you. A good teacher will help you connect with your own guides and with your higher self. A good teacher will help you empower yourself!

Greetings. This is Juliano. We are the Arcturians.

We are always looking for ways for you to strengthen your Planetary City of Light Project, and to strengthen each Planetary City of Light and each Ocean Reserve of Light.

Today I want to talk about the idea that each City of Light has a specific and special Spirit Guide that is working with you. For example, in the City of Light in Groom Creek, where David and Gudrun are, Chief White Eagle is the Spirit Guide that is overseeing the energy of the city where they are living. Many of you know that they have constructed a tipi, which helps to bring down the energy of Chief White Eagle.

Now, what is a Spirit Guide to do? I want to compare it to the idea of what, in religion, is known as a 'Patron Saint.' Many times you will find that cities are founded by a Patron Saint. For example, Sao Paulo, Brazil, we believe, was organized with the energy and the connection with St Paul.

Let us then talk about the idea that each Planetary City of Light in the Group of Forty Project can have a Galactic Master, or a Fifth Dimensional master that is assigned. This galactic teacher, or guide, will help to strengthen the energy of your Planetary City of Light and also be like a guardian that is protecting and overlooking the energy of your city.

If you are having trouble identifying who the Patron Saint could be, then work with me, work with the channel David, and we can also connect energetically and, in a channeling with me, to find and identify the Patron Saint or the Spirit Guide that is working your Planetary City of Light. The guide for your City of Light will help bring down more Fifth Dimensional light to help you activate higher energies in your City of Light or Ocean Reserves of Light.

Juliano has told us that by working with our Planetary Cities of Light, we have:

- Helped to contribute a greater consciousness on Earth
- Helped to create a greater awareness of the Fifth Dimension
- Helped people understand that there are ways in consciousness to connect to a greater energy that is transcending the Third Dimension
- Influenced the Noosphere--by doing exercises for the Planetary Cities of Light, we are creating new thought fields that are entering the Noosphere

Juliano reminds us how things manifest on the Earth: First there must be a thought. There must be an idea. Then that idea is manifested.

Sometimes the manifestation of that idea takes longer because of the great densities that exist on the Third Dimension. So there needs to be a continual activation. There needs to be a continual energy.

We have set in motion, through the Planetary Cities of Light Project, great energy for continued manifestation and for continued activation. We have also helped to create and explore the concept of creating sacred and holy places because the Planetary Cities of Light are also sacred. They are also holy. We have helped to create a new awareness of the benefit, and the idea, that people can individually work to help make their place, make their city, more sacred and more filled with light.

We can share with others that this positive tool exists for making change in our changing world.

Let us make those bright, light, positive changes. Join together with your light worker friends to make a Planetary City of Light in your area.

Omega Light Blessings to you all,

Lin 😊

Argentina is now hosting the official website for all Spanish-speaking people. Please check it out! Thank you, Purvesh and Diana, for your great work.

After our arrival from Buenas Aires, we met with Pepe's group and we climbed the mountain (Cerro Bandurrias) to the top where the Ladder of Ascension is located. There we met with people from the group that could not climb by foot and went by car. Both groups, with Pepe and myself, gathered around the rocks of the Ladder of Ascension with that magnificent view.

As we went into meditation I guided the re-activation, invoking the masters of the Sacred Triangle. We felt a very strong spiritual energy. We continued the meditation practice taking the five steps of the Ladder of Ascension, one-by-one, that Juliano told us about. By the time we were at the third step, the energy was very high. Then we took the fourth and fifth step and there we rested for a bit. We were in a very elevated state of consciousness. From there we took the jump into the light, into ascension. We melted with the Fifth Dimensional light and we stayed in silence listening to the wind and the birds. Some etheric parts of us were in the Fifth Dimension and our bodies were in the Third Dimension. We felt strange as having one foot in the Fifth and the other in the Third Dimension.

After a while, being one with the light, I felt a beautiful and very high spiritual energy pulling me up but I knew it was time to get back to the body. So I led the group slowly back to the body, and suddenly we were back into our bodies. For a long while we could not move or talk much. We stayed sitting there looking a bit confused, not knowing exactly what happened. After some time we went to a grass space near by, rested a bit, and did a biorelativity meditation, led by Pepe, offering to Gaia that light and elevated experience. After we had some snacks we stayed together for a while. Then we walked back down full of energy and light.

### **Medicine Wheel Lago Puelo**

At Lago Puelo we met the three groups: Palermo, Buenos Aires, San Marin de los Andes and Lago Puelo. There were twenty-two or twenty-three of us. We couldn't make the Wheel at the usual place, at the sandy beach, because it was Sunday and full of people. So, with Pepe, we went to look for a solitary place away from the crowd.

We found a good spot and went there with the groups and we started to construct the medicine Wheel. It was more difficult

to do it on the rocks so it took us a little more time to do the outer circle. Finally it was finished and we started the ceremony.

Invoking the native people from all over America, the Masters of the Sacred Triangle, and we asked Chief White Eagle to guide us. I led the first part of the ceremony, and then Pepe led the second part.

Finally we created an etheric galactic replica of the Medicine Wheel to charge the physical Wheel. We felt a very strong energy. In the meditation we went to the past and the future to heal aspects of past lives and project ourselves into a future life seeing ourselves already ascended. It was beautiful.

Then spontaneously we started lying on the Medicine Wheel with our heads towards the center. We have never done that before. There we felt that we were suspended in mid-air and felt very strong sensations and energy.

The connection with Gaia was ever present and some of the energy of the Fifth Dimension went through us and into the body of Gaia. We felt interconnected as if we were the nexus between the Fifth Dimension and the Spirit of Earth. We stayed there for a while, in complete silence, listening to the sounds of the waves of the lake.

Afterward we felt that something powerful had happened but we could not explain it verbally. Then I remembered a phrase that says: "The Tao that wants to be explained is not anymore the Tao."

## Assessing the Planetary Situation and co-creating a planetary intervention with the Galactic Council

Dear Group Of Forty friends,

In the last year the Council of Elders of the Group of Forty started the project of Planetary Situation Assessment in deep collaboration with the Galactic Council.

Juliano, representing the Galactic Council, has defined the main task of the Council of Elders to assess the current planetary situation on Earth and to discuss with the Galactic Council planetary interventions based on the assessment made.

In 2017 we called all the members to participate in the planetary situation assessment and we worked together in the global Group of Forty network in assessing the planetary situation and answered the questions of the Planetary Situation Survey, discussing and assessing many aspects like spirituality, biosphere and ecosystems, life conditions and society in our countries and regions of the planet. We gathered all these results and shared it with you in order for all of us to achieve a higher

We were generously swept away into the Blue Mountains & taken to the Grose Valley Crystal where Virginia did a welcoming ceremony & Liz Clarke lead us in a strong, heartfelt, galactic meditation.

After nourishing our soul, we nourished our bodies with a picnic on site-so we could steep a bit longer in the higher light generated & held in this sacred valley. Aho!

A big thank you to all of our Australian GOF members & Light Worker friends for this & so much more! ~ Lin

Just thirty minutes by ferry from Auckland city, nestled in the harbour amidst East Auckland's Planetary Ocean Reserve of Light, is Waiheke Island, known to the Māori people as the "Island of Trickling Waters." So close to Auckland's sprawling modern metropolis yet arriving there you could be thinking you had transported back in time to the 1950s or 60s, even 30s and 40s in parts - somewhere in the Mediterranean.

planetary perspective over the situation of the planet. Then we worked together in each country and discussed ideas and proposals for planetary interventions based on the assessed planetary situation. All these ideas and proposals from all the participating groups were gathered and summarized and presented to the Galactic Council in a special meeting of the Council of Elders dedicated to this interaction.

The Galactic Council, represented by Juliano, gave an interesting feedback and response to our common work, ideas and proposals and honored all our global effort in the Group of Forty to bring this project to a close. You can read the transcribed channeled message of the Galactic Council by [clicking on this link](#) to download the PDF Document on your computer.

The translated versions of this message, and the results of the planetary assessment survey, are available in many languages. Please contact your country coordinator for more details.

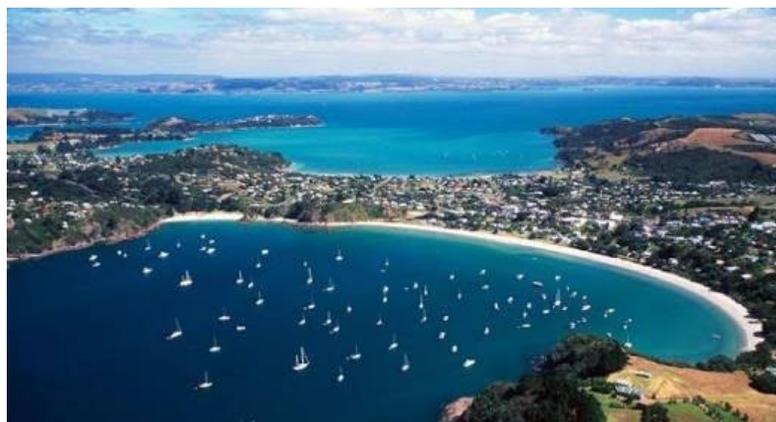

We would like to express our gratitude for all the great work and effort of all the fellow Group of Forty members that participated in this project. All group coordinators and country coordinators were involved. We have brought together an international project in our global Group of Forty group network to a successful end and this is a great achievement for us as a group.

Congratulations to all for this success.

Its inhabitants consist of artists, musicians, scientists, writers, poets, actors, with eccentrics being strongly represented. Olive groves and horticulture do well in its micro climate, and of course tourism is huge as the ever stressed, uptight city dwellers escape in their boats and by ferry for a weekend of relaxed bliss. They don't miss out because they can still get their lattes and Antipasto boards. Somehow the locals have managed to cater to the city folk whilst maintaining their quiet island, sometimes eccentric, lifestyles. Crafts, music festivals and creative events of all kinds provide visitors with plenty to do and see.

An old wool shed is converted to house the museum surrounded by 1930s style baches (shacks) and cottages, shops and cafes. Names like Stony Batter, Dead Dogs Bay, Kumera Pit, Mudbrick and Pie Melon Bay are common over the island. There was no need for fancy names back then. It's picturesque blend of white sandy beaches and bays, forests, and farmland make it the perfect place for a break from the city. The energy of the island and the mood of the people are felt as soon as you step ashore.

One of our beautiful crystals has been dropped in the bay in the North of the picture on this island of trickling waters. You can feel your body and spirit relax, as you walk ashore of this *island jewel* situated in the most unlikely place - the backyard of a bustling city.

## The Council of Elders Thought Chamber

As described in Volume I, Chapter 10 of Teachings from the Sacred Triangle, by David K. Miller, in the Arcturian system a group of elders are continuing to do thought work, which sustains their system. Thoughts manifest instantly in the higher dimensions. The Arcturians maintain thought chambers on their ships that connect to the "Thought Masters" on Arcturus.

Shapers of thought have the strongest influence on reality. The Arcturians believe that the thought chamber is necessary now for the healing of Mother Earth. The Galactic Masters will assist us but we must do the thinking.

The Group of Forty Council of Elders established a thought chamber several months ago and has been meeting regularly to send healing thoughts into the

Spring has sprung....Harrogate Stray in early March. Harrogate is a spa town and focus for a future PCOL situated in the beautiful Yorkshire dales.

You will have noticed in previous newsletters that the UK now has active North and South coordinators; Fiona and I have been busy getting up to speed with all manner of things concerning setting up a working frame work to service current and future UK members. We now have an active Web page within the main Group of Forty website. You can find us under the Group of Forty Worldwide, English Language: <https://groupofforty.com/foreign/united-kingdom/>.

All our current members are being contacted. We would love to speak with you about your GOF practices and how we can create an interactive and stimulating programme for you. If you have had an email from ourselves and not managed to say hello yet, please do. Your help and input is invaluable to making the UK a vibrant GOF fifth dimensional community.

We have 'marketing' material to help you recruit members in your local areas. That way, members can be grouped more closely and this will encourage easier personal exchanges and group energy work. We are working closely with Jane Scarratt, Australia's dynamic Country Coordinator. With her input we are creating a Meditation network for UK time zones. We personally understand the need to be able to participate 'live' in Arcturian, Personal and Bioreality healing meditations. Members that are interested in working on this project please get in touch. We would love to have you join us to present meditations.

Finally, just to remind you that there is UK Arcturian created event, April 28th and 29th in Salisbury environs (Wiltshire) entitled "Intersection of the Dimensions-Stonehenge Experience" facilitated by Elizabeth Keller of Arizona and

Earth's Noosphere.  
According to instructions we are all dressed in white to maintain the purity of thought. The thought chamber acts as a vortex. It is an acceleration area and is very powerful. The thoughts that you think will be manifested more easily. The Council of Elders is going to be calling for volunteers among the Group of Forty membership to work together with the thought chamber and help create sustainable thought energy for Planet Earth.

The members of the Council of Elders look forward to having you join us in this important and wonderful project. Volume I, Chapter 10 of *Teachings from the Sacred Triangle* provide detailed information about creating a thought chamber, including how Group of Forty members can assist and support the thought chamber. We encourage you to read this Chapter.

## Stonehenge Event

with biorelativity - to accelerate a new etheric crystal flow. In the biorelativity, you want to generate a force. The force you can generate is first based on the numerical numbers you are working with, which is the power of forty times forty. The second power is the meridian energy field created from the twelve Etheric Crystals. You want to first work with the power, and secondly you want to work with the existing bypass meridian, that is the twelve Etheric Crystals system that we have established. Then you want to generate energy from there, and through projections and through visualizations, you can then direct that energy into existing pathways, creating a greater balance.

It comes back to the new balance. Do not generate a balance where everything is static because you know that Earth has to change. The Sun is influencing Earth. The Central Sun is influencing Earth. Earth has to process all of mankind's energy without breaking down, or without breaking the vessels. You don't want the vessels to break, so you want the energy to continue to flow.

The third aspect and the third power in biorelativity is visualization, where you visualize Earth. You visualize the meridians. For example, think about meridians in the human body. Think of the kidney meridian and or think of the lung meridian. Visualize a meridian line that is coming down on Earth just like meridian lines come down the human body. Of course, those lines are actually in the etheric energy field of the human body and also in Earth. They are not lines that are in the

The Group of Forty is helping to coordinate a Stonehenge Event. Part of this event will include a GoToMeeting webinar channeled by David K. Miller. Another part of this event includes a workshop with Elizabeth Keller and Carol Nayach at Stonehenge and Salisbury. Two places are still available to personally attend this two-day event and join with thirty other participants in Stonehenge for personal and planetary healing on the special Wesak Full Moon and, what the Arcturians have said, is the time of the Intersection of the Dimensions.

### **The Intersection of the Dimensions - Stonehenge Event is being held in Salisbury, England on April 28th and 29th, 2018.**

Saturday, April 28th, 10AM to 6PM, there will be special presentations, a meditation in Salisbury Cathedral, sound healing, and live webinar channeling of the Arcturians by David K. Miller. See paragraph below for a description of David's channeling event.

Sunday April 29th, 8AM to 4PM, a coach will pick the group up in Salisbury for our private access to the Stonehenge ceremony and then drive us to Avebury, the largest stone circle in Europe, where the majority of the crop circles have appeared in this Sacred Earth Temple.

The cost for the event is 111.00 GBP (that is British Sterling).

If you are interested in joining that event please contact Elizabeth HeartStar Keller

## **Intersection of the Dimensions: A Stonehenge Event**

### ***A channeled webinar with David K. Miller and the Arcturians***

#### **What:**

A two-hour GoToMeeting webinar by David K. Miller. David will be channeling Juliano and Helio-ah of the Arcturians. This webinar is in conjunction with Group of Forty members Carol Nayach and Elizabeth Keller, who are both leading a workshop at Stonehenge, England.

**When:** Saturday April 28th 8:00 A.M. Arizona time

physical even though they are expressed in energetic pathways in the physical. Thus, the actual meridians of the human body are in the etheric energy field. Some refer to that energy field as the astral or the energetic body. It is the same in Earth. In other words, the actual Earth energy pathways are all expressed in the astral energy body of Earth.

The Planetary Cities of Light are actually also connected to the twelve Etheric Crystals, and they are part of the new meridians. We can use the metaphor of bypass surgery again. That is not a total analogy. The Planetary Cities of Light are holding light, but they are also creating vessels that can receive new Fifth Dimensional energy and new Fifth Dimensional light. It is clear that the Earth cannot go through the changes and balances that are needed without a Fifth Dimensional input. This Fifth Dimensional input has to be held in some container. It is the same in your personal work. You can download light, but if you don't have a way of holding the light, then personally, you can become disorganized and confused. You have to have a way of either emptying yourself or expanding yourself so that you have a way of processing and holding newer energy. That includes expanding your mental body, expanding your emotional body, and expanding the spiritual body and also expanding and shifting the physical body.

It is the same way with Earth. Earth needs some new way to hold this energy. That is why the Planetary Cities of Light are so important.

#### Themes:

- 1) Intersection of dimensions: What does it mean and how can you use the energy
- 2) How Stonehenge represents a portal for the intersection energies
- 3) How to use this energy for your benefit
- 4) How to use the technique of shimmering to accelerate and benefit from this energy.
- 5) The coming planetary shift and the dimensional shift

Stonehenge is an interdimensional portal. Higher frequency will increase when the Third Dimension intersects with the Fifth Dimension. The Arcturian twelve Etheric Crystals, PCOLs and the Stonehenge portal help to strengthen the fabric of the Third Dimension so that the intersection can be tolerated. This work helps to provide support for our ascension. During this time new insights will be coming and new intuitions to help solve personal and planetary problems.

**Question from  
Hannah Taylor in UK:**

**In Arcturian Fifth Dimensional society what is the role and place of Animals?**

**EG in a Planet Earth context: in Ancient Egyptian civilization cats and crocodiles were considered sacred. In contemporary India, cows are revered.**

**We also talk of certain animal species originating from certain star systems.**

**Are there animals that we are aware of (or other species) that originate from the Bootes constellation / Arcturian Star System?**

To answer this question: we honor our animals.

I want to explain that animals also can evolve just like the humans are. You are an animal, a mammal. You are part of the evolutionary cycle of the Adam race. You are not in its final form. The animals that you see on earth are also not in their final form. They can be evolving.

## Meditation

**Imagine you are in a comfortable place right now.**

- Visualize your aura.
- Visualize yourself surrounded by your cosmic egg aura.
- Visualize your chakras: your Third-eye Chakra, especially, and your Crown Chakra. Your Third-eye Chakra is like an

Your pets are examples of how your connections with them can help them evolve.

There was a beautiful Starseed author, Olaf Stapylton, who wrote a wonderful novel about the evolution of dogs and how in the future they became more advanced and were able to do fantastic energetic behaviors that now the dogs that you know cannot do. Yet, when you look at your dogs you know they have a greater potential and that they are benefitting from connections with you. In the same ways cats have high powers of telepathy, for example, and this was benefitted in Egyptian times. We are assisting our animals in their evolution and also we are trying and have successfully changed the nature of some of our animals so that, for the most part, they are all vegetarians able to survive on certain grasses, berries etc. We see that our animals are in harmony. We see that they are part of an evolutionary cycle.

Some of our animals that you do have on earth - animals that come from Arcturus - are certain types of cats. We have quite a few cats. We have the cows you talked about. We do have reptiles. We have a large variety. But our plant and animal life is not as diverse as it is on earth.

In the same way as when I have talked about the many languages and religions. Your planet is unique in that. So, we don't have the many different biospheres like you do. Therefore, we don't have the many species you do. We do have dolphins on Arcturus and we have great telepathic communication with them because we have oceans on Arcturus as well.

antenna to the Fifth Dimension, and it can be opened. The Crown Chakra is also like an antenna, and it can be opened.

- Let your aura expand now.
- Let your third eye expand.
- Let your Crown Chakra expand as far as it wants to go. [Tones] "Oooohhhh. Oooohhhh."
- Say, "I allow my consciousness to enter the Fifth Dimension."

## From the Native Peoples Sacred Triangle Committee of the GOF

The NATIVE PEOPLES' SACRED TRIANGLE COMMITTEE presented another successful webinar on March 11th, 2018.

David K. Miller channeled Chief White Eagle who reiterated the importance of utilizing the participation of all Three Sides of the Sacred Triangle when working to create change on the planet. The planet is in Crisis. The more we bring these energies together, and communicate with the Spirit of Mother Earth, the more she will know that we hear her cry for help.

Robert White Mountain, from the Standing Rock area, brought his message of working together as a team. He has created a web site called the H-O-M-E Team (Honor Our Mother Earth) where you can join as a team member to bring ideas and action together.

He also spoke about a wonderful project they have built in North Dakota, The Standing Rock Medicine Wheel Living Park. They have designated 80+ acres to growing food for everyone who needs it. They have thousands of trees and bushes planned that will provide wind shelter and natural fruits and berries that grow in the area. In the summer months they grow all the vegetables that the tribe can utilize for their needs.

You can Google this amazing park on-line. It is their way of honoring the land to sustain the people working the project and share with others.

Robert White Mountain spoke of how everything is approached

Throughout our future conversations we will talk more about our relationships with animals but you can see that we are telepathically connected with them -much like you would call being a horse whisperer, a person who can telepathically communicate with their horse.

This is a good way to describe our relationship with animals. Because we are more sensitive and more advanced and we are contributing to their evolution.

with ceremony. Ceremony focuses the intent of the endeavor and thus the bounty is realized. He would like to work with the GOF, with ceremony, in creating even more powerful Earth Healings.

Dahlakh PatahIngee, from Lake Tahoe and a member of the GOF, spoke about building a trust with the Native People. We need to unite once again as Brothers and Sisters and from this "Return to the Circle" we can begin to find the Common Thread that unites us all. Dahlakh mentioned that he has established a "School of Listening" on his land. He said he doesn't have many students yet, however he is ready! His Teepee and Fires are in place waiting for us all.

We are looking forward to more events with our Brothers. They want to join with us in re-establishing Balance on Mother Earth.
