The Stonehenge Event

Chief White Eagle, channeled by David K. Miller

We honor the protectors of Stonehenge who have gone to great length to protect this beautiful corridor to hyperspace, this corridor to other, higher realms. There are many ancient spirits around from the thousands of years of accumulated, sacred energies. It is such a great service that this area is protected, and it is a great service and power that we, as a global group, connect now with this multidimensional medicine wheel. *Heya ho, heya ho, heya ho.* When you who are there in England, visit Stonehenge, chant, sing, feel the vibrational energies around, feel how the stones hold the sounds. Yes, I know that some of the stones have fallen and some of the stones have been removed and it is not totally intact. Try to image what it was like with all of the stones in place, and how it was like a chamber of sound and of vibrations, receiving vibrations from the Central Sun and from the ancient ones.

Oh Father, Mother, protector of all, we honor the ancient ones who are the guardians of Stonehenge. We honor their commitment to overlooking. They have done a great job. I call on all the Native peoples on this planet to lend their support for this great, unique medicine wheel known as Stonehenge. *Heya ho, heya ho*. This powerful circle of stones is open to the heart, has a direct line to the heart of Mother Earth, you can talk to Mother Earth and she hears you, and connect to the ancestral, higher dimensional being who helped create this monument. They knew that in a future time, this monument would be recognized as a powerful distributor of fifth dimensional energy throughout this planet. I, Chief White Eagle, feel the power of this intersection. I feel how this intersectional energy is going to spread throughout the planet, I feel and I know that this gathering we are doing today will have a powerful effect on the consciousness of humanity. Let the Omega light come down into the circle of stones, calling forth the evolutionary process of humanity, let it be accelerated now. *Heya ho ho ho ho, heya hey hey hey, heya heya heya ho, ya ya*, I call on my great colleague, White Buffalo Calf Women, to be here with you today. We are all related. *Ho!*

Starseeds Counselling

I am Gudrun Miller and I have been a professional counselor for over 30 years.

Dear Gudrun,

I know I am a Starseed from the Pleiades.

My life has been challenging as well as blessed. I am now retired and financially secure.

My husband of 18 years died in 2016. That was a hardship for me but I survived OK. I have no family but do have a good support system. Also, my husband now appears as a guide for me.

Recently I listened to music that made me weep. I cried for days. Now I am experiencing severe panic attacks that have sent me to the ER.

I am seeing a psychiatrist for medication but intuitively know the meds may do more harm than good.

I live in fear of more attacks!

I appreciate your insights on this.

Am I going crazy?

Dear friend.

You most certainly are not going crazy!

You have had a powerful opening of your heart chakra and are being overwhelmed by the energy.

Your physical body has to adjust as your frequency goes higher.

You are right. Drugs may impede the adjustment. However, if you cannot regulate the intensity of your opening heart, temporary use of meds can provide relief.

You have had many lifetimes where you met violent ends because of your strong healer powers. You now are releasing some of that trauma as well as adjusting your physical body to the higher light that is your true self.

Breathing through the diaphragm, counting breaths and understanding how to keep the adrenaline from surging by using correct thinking can help.

Know that many Starseeds now are having dramatic awakenings that break the old paradigms of their identity as Earthlings!

Blessings,

Juliano shares with us much useful and interesting material during the monthly Planetary City of Light meetings. These are at 9:00 am, Arizona time, usually the third or fourth Sunday of the month. All are invited. Come. Join in the fun.

The Planetary City of Light is a sacred area in which many people live. It could be a whole town or a neighborhood in a large city. Remember, however, that you can transform your home into your own mini-sacred area. Then, the information given by Juliano about the Planetary Cities of Light also applies to you in your home!

In this GOF Newsletter, we would like to share with you the most recent PCOL message from Juliano.

PCOL's Curtain: Filter & Attractor

Greetings. I am Juliano. We are the Arcturians.

Let us look at the outer boundary of the City of Light. Let us make a few observations. The outer boundary is like an energetic curtain. It is like a veil. But it is a veil that has special properties. These special properties, of your City of Light, allow higher energies in, but filter out lower energies so that lower energies will not bring down the higher vibration.

The main idea of the City of Light is that you want to create a higher Spiritual Light Quotient for the city. This means that there is a vibration. There is an energy vibration. For example, if you were to visit an enlightened guru or leader, for example, if you were going to see the Dalai Lama, when you are in his presence, the presence of the Dalai Lama, you feel his energy. Then your energy is raised because you are in his energy field. This is the exact concept that I want to teach you about the Planetary City of Light.

You are creating an energy field for the whole City of

ANNOUNCEMENTS

David's book, *Conectándose con Los Arcturianos 2*, is now available as an eBook in Spanish. The

book has recently been translated into Spanish with the great help of Odilia Riveria and Alex Davlar. Light Technology Publishing will soon have it available, and we will send out the information to our Spanish speaking GOF members as soon as it is on line! In the meantime, the eBook is available for purchase on the following two sites:

<https://www.kobo.com>

Light. The vibration of the whole city is raised. So, when you enter the City of Light, you feel an elevation of your energy field. Those of lower vibration will enter it and one of two things happen.

1. They will experience the raising of *their* energy field because they were in such a strong energy. That means anything that they were thinking of doing of lower energy will just go away.
2. The second thing that could happen is that they will feel repelled or pushed away and they will choose not to enter the energy field.

Imagine that somebody wanted to do something that is of lower vibration. They come into the energy field of your place, of your Planetary City of Light, and then they are rejected or they are pushed away. They go, "oh, I don't want to come in here," and they leave. They'll go somewhere else. But you have to work on the energy field. What is the work of the energy field? Part of the work is *visualizing* this great curtain. I am using the word "curtain," maybe we can find a better word that is the boundary around the whole City of Light area. This is one of the reasons why we have always said, "Let's choose smaller areas. Let's not choose a whole large area like 5-6 million people, but let's choose a small area that we can work with," that we can have people *visualize* the energy field, the curtain, and send light to that curtain, *nurture* the curtain.

One of the great ways of nurturing was what we said, which is placing the crystals in the four cardinal areas: north, south, east, and west. The crystals are holding energy, but also you want to visit the crystal. You want to talk to the crystal. Thank the crystal for holding the energy. You want to visualize the lines of energy from the north crystal to the south crystal to the east to the west crystal.

In other words, you want to strengthen, to nurture, your energy field around the Planetary City of Light or Planetary Ocean Reserve of Light, just like you would nurture yourself energetically. This is part of the maintenance of the Planetary City of Light and Planetary Ocean Reserve of Light. But this is fantastic that this curtain is like a filter. But like any filter, the filter gets clogged. So, the filter must be purified. This means that the filter is in place and it is blocking lower energy and lower vibrations from entering. But filter must be cleaned.

Imagine this is a filter in your automobile, in your gas line. The filter traps particles that are dirt, so that it

cannot reach your engine, because if it reaches the engine then it will cause problems in the engine. So, every now and then, maybe every 5,000 miles, you must change the filter. In the Planetary Cities of Light, we do not change the filter, as much as we clean the filter, we release the filter; we purify. We say that the filter is released or cleansed so all of the dark energy; all of the lower energy that it has "filtered out" is released back into the ethos.

Look at this as part of the maintenance. Look at this as part of the work that you are doing in maintaining the curtain, maintaining the veil around the City of Light, which is strengthening the veil, purifying the filter by releasing energy that has accumulated. Also, you will want to say that this veil is like an attractive force that will bring higher spiritual people to your City of Light. You want teachers. You want spiritual leaders. You want spiritual energy of the highest nature to come. This is then, what we call, the *attractive energy field*, the attractive energy force of your curtain.

So, the curtain not only is a veil that filters, but it is also an *attractor*, an attractor veil of higher energy. This could be also an attractor veil of higher energy from the Spirit Guides. This is why we are calling on you to choose a Spirit Guide because the Spirit Guide is able to work on the veil, is able to work on the curtain. The Spirit Guide is able to raise the energy field of the whole Planetary City of Light. Plus, the Spirit Guide can be an attractor, an attractive force for you to work with.

We are working together with you. This energy of the boundary of the curtain, of the veil, is very important in strengthening your City of Light.

I am Juliano. Good Day.

Omega Light Blessings to you all,

Lin 😊

GOF Volunteer Placement Program

These wonderful groups are meeting weekly to present meditations on the various meridians of Earth. What is happening is that we are letting Earth know we are here and we are supporting her and she will respond more favorably BECAUSE she knows we are here.

REMEMBER... a planet cannot ascend by herself. A planet must have higher thought forms, higher beings, on it.

Biorelativity is the ability to interact with the Spirit of the Earth with higher consciousness. On one level, biorelativity can create unity consciousness and a unified energy field.

Noorelativity is the ability to send thoughts and energy into the Noosphere for the purposes of manifesting a higher healing light throughout that planet.

We could do with support from more people as there are three more meridians that need constant focus to keep them in balance. The North to South Pole, the Space Time Continuum Rift and placing Galactic Light into Earth Consciousness.

Please consider being involved in this project.

Co-Coordinators Announced for Great Britain!

I am happy to announce that we have appointed two co-coordinators from England to lead the Group of Forty in Great Britain. They are Hannah

Hello from Polbathic PCOL

Fellow Lightworkers and Starseeds,

We are taking a departure from the usual Crystal article to share with you our experiences at a wondrous event at Stonehenge; the intersection of the Dimensions where Lightworkers attended en masse.

We started building energy the day before with a visit to Salisbury Cathedral and a fantastic Webinar with David Miller who gave us inspiring messages from our Arcturian family. Also for the first time we met UK GOF Coordinators Fiona and Hannah - two warm friendly and lovely people with an excellent sense of humour! It was such a treat because we got on so well; the laughter and banter between us helped to balance the seriousness of it all, and the Arcturians love a good laugh!!

We were allotted one hour and in that time an abundance of energy and light was downloaded into Mother Earth, the Noosphere and Electro-Magnetic Grid with beautiful diamond white energies pouring in; shimmering and radiating, filling the whole area including ourselves!

Time stood still even though it was a very cold spring morning and it all seemed to be over far too soon. All had a good day. Then, after a quick photo session (see attached) with myself, Fiona and Hannah (from left to right) and a quick breakfast in the refectory, it was off to Avebury to visit another ancient circle of energetic stones.

Taylor, who will be in charge of North England, and **Fiona (Fi) Mash**, who will be the coordinator of South Great Britain.

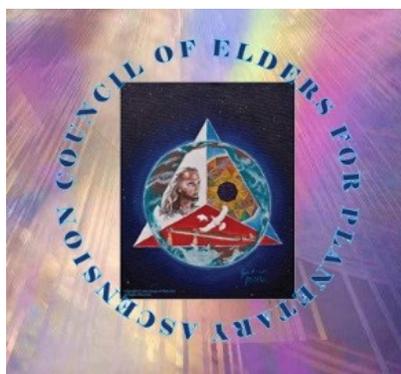

Initially they will be working with our Webmaster to set up a new web page for Great Britain. Then they will be actively recruiting new members. Both Hannah and Fi are very enthusiastic about this undertaking.

We will be having more information about them and their progress in future articles.

You can reach Hannah at hannahetaylor74@gmail.com

difficult for us to be aware of and to experience since we are right in the middle of it. But it is happening now and is going to become stronger.

How bad does it have to get? How many disasters and catastrophes have to happen before a positive shift occurs? It is apparent to sensitive and spiritually minded people on this planet that a new perspective is welcome and needed. Also what is needed is "feminine power" and feminine energy, which is coming to the forefront in various ways such as the "Me too" movement in the United States of the last few months, which has some powerful messages for humanity.

Juliano assures us that we have the creativity to come up with new interventions and new ways of overcoming conflict so that wisdom and Spiritual Light can prevail.

We will find new ways of working with the higher light, higher energy, higher thinking, and the way of balance. We are well aware of this crisis of technology vs. spirituality.

The shift is happening!

New Zealand

KIWIS TURN UP THE HEAT

We might be small and we might be at the bottom of the world, but we are movers and shakers down here in God's Own Country, with many firsts to our name.

Here is another that I hope will warm your hearts. "She" may not live in our East Auckland Planetary City of Light, but "she" is within 5 kilometres of it. The "Jacinda effect" is the best thing to happen to New Zealand in a long time.

Our young, modern, progressive working mum-to-be PM, Ms. Ardern, has this month decided, "**NO more oil exploration permits for our oceans.**" "Look for renewable energy," she says to the big corporations, as they bellow and whine... "what do we do now? Loss of jobs!! New Zealand homes and businesses won't cope!! We will have to go back to burning coal??.....blah....blah....blah."

She replies, "Combating climate change is a priority, long overdue, so get used to it. Put your 'expert' heads together and come up with renewable energy options."

Already we have ideas coming out of the largest oil exploration area in New Zealand, the district of Taranaki, and city of New Plymouth, my hometown. These ideas have been on the news in the last week, and are credible. There are intelligent and experienced people out there who have the ability to accomplish this.

The feminine WILL change the world. Perhaps we should ask the Arcturians to help with this search in our meditations.

Our requests to send Fifth Dimensional light to our Parliaments and its members are working...for those of you who sometimes wonder?? The statement we make in our Planetary Ocean Reserves of Light meditation is, "The dolphins and whales in our oceans are singing with delight," and they will in every sense of the word.

Did you know...?

A Group of Forty is a unit of consciousness created to build up the necessary energy to ascend. Forty, as a unit, is important because it provides the energy frequency and the energy acceleration needed to move into the Fifth Dimension.

Clearly, it will require a great deal of energy for you to move into the Fifth Dimension. Our work with you is leading to a point that could result in a planetary intervention. Cosmic assistance, or a healing force, can be generated for the entire planet through our interactions with you. We are not here to rescue you, but to help you enhance, or amplify, your healing energies. You all need such a focus and direction.

You now understand the necessity for an interactive network of groups, and how this interactive network will allow us to work with the Earth without incurring any negative karmic side effects. Most of all, you should understand how respectful we are to you and this planetary healing process.

What is going to happen is that the forty Groups of Forty are going to be so powerful that one group will be able to ascend. When that one group ascends, thirty-nine groups will remain. Then, another 40th group will form. Thus, the groups are going to move in and out. One group will ascend and another group will form and take its place. This will be the group ascension pattern.

We want to explain that there will also be other, simultaneous,

No more!! This is the biggest seismic survey ship in world, Amazon Warrior (aka The Beast) in New Zealand waters, blasting for oil.

Sound waves blast the sea floor every 10 seconds and can deafen dolphins and whales for days.

Establishment of the Temple of Tomar on Earth

By Magda Ferrer

Director of the Arcturian School and the Temple of Tomar

Ascension points or waves. It is possible that all could ascend at a certain point. However, all of the forty groups will not go in the first wave. This is important: the groundwork for further ascensions must be carried on. As one group ascends, the responsibility for further group ascensions will be immediately transferred to the other groups. The formation of the forty Groups of Forty establishes a pattern, or flow, of prospective Ascended Masters to enter the Arcturian Stargate. It is a group connection that will be impervious to all negative energies and to all assaults on the Dimensional framework of the Earth.

The mission of the Group of Forty is to prepare for Ascension and to establish a consistent support for the Third Dimension by assisting in Planetary Electromagnetic Grid-Work and the creation and maintenance of Inter-Dimensional Corridors. We are convinced that working with Groups of Forty is the most direct, personal and powerful way to assist you.

We want to emphasize the word personal, because we are very much interested in each of you personally and the personal challenges you face. We are interested in helping you do whatever it takes to accelerate your growth. Thus, we are not interested in working with 1,000 people at once, but rather in working with smaller groups. We are demonstrating our personal involvement with you. We send down the silver gray light into your pineal gland. Let that point in your pineal gland be an access for higher mental clarity.

Chapter 15, "Connecting With the Arcturians." By David K. Miller.

On April 21 we held a wonderful Online Workshop with David K. Miller as the closing of the training of the Virtual Temple Guides. The title was "Expansion of consciousness: advancing towards the next evolutionary stage of humanity." David K. Miller channeled Juliano, Tomar and Helio-Ah, the three Arcturian Masters who are involved in the establishment of the Virtual Temple in the Arcturian School.

On May 7, the training of the Virtual Temple Guides was definitively closed with the Activation Ceremony of the Temple of Tomar on Earth. David K. Miller channeled Tomar in English and David Arbizu carried out the online translation into Spanish. With the Activation Ceremony of the Temple of Tomar have begun the weekly meditations in the Temple, which are carried out in the Webinar Wormhole from Thursday to Monday, both inclusive, in charge of the 17 Guides, who have received from the Arcturian School the training attendance certificate. Meditations are held in Spanish, French, English and Brazilian Portuguese.

At the Ceremony, Tomar connected the Virtual Temple to the Starship Athena of the Arcturians, to the Temple of Tomar in Arcturus, to the 12 Etheric Crystals and to the Arcturian School, which is the organizational center and the physical foundation of the Temple of Tomar for its consolidation in the Third Dimension.

Tomar says: "

We are working together to create this sacred space, this is a special place and a special space. Today we are talking about the Temple of Tomar on Earth. This is a temple that has great powers of activation, this temple is connected to the Fifth Dimension with a very powerful energy. The Temple of Tomar on Earth has the ability to create the most powerful thoughts possible to affect the planetary change through the Noosphere."

After connecting the Temple with the Starship Athena, Tomar raised the etheric crystal of Montserrat and connected its energy with the other main etheric crystals. Next, he

Ryner from Canada asks

Is it true that the recent order of ascended planets are as follows: The Andromedans seeded the Arcturians. The Arcturians seeded the Pleiadians. The Pleiadians seeded us here on Earth and, after we ascend and form a stable civilization, it is our turn to seed the next planet of freewill?

I want to answer the question by pointing out a phenomena that occurs in the Earth history which is "to the victors belong the right to write the history as they see fit." That means that there have been inter planetary, intra galactic and, in some cases, even inter galactic conflicts with different civilizations. The winners of the conflicts then get to claim that they are the ones responsible for the spreading of the human life.

So I do not agree with the scenario that was brought

connected the Temple of Tomar with the Temple of Sant Pere de Ribes: "

I have the temple with my name in Arcturus. Now we are going to connect my temple of Arcturus with your temple of Sant Pere de Ribes, and this will activate the Arcturian Temple of Tomar around the world. Because this temple of the Earth is also a temple of thought and the main place to hold this energy is in the room of Sant Pere de Ribes."

After the Activation, we bilocated to the Temple of Tomar in Arcturus and then we placed ourselves in a circle 15 meters above the Arcturian School, where the Virtual Temple is located and Tomar told us that, with the activation of the Temple of Tomar in the Earth, we would be able to continuously hold thoughts for a long period of time and activate large amounts of healing energy for ourselves when we are connected as a group in the Virtual Temple.

Finally we returned to the physical body and Tomar finished the Activation Ceremony: "

I, Tomar, send you a powerful energy of love, because now we are connected as brothers and sisters in the Temple of Tomar in a field of unity consciousness, but in a unity of brotherhood and sisterhood."

We invite you to participate in the meditations of the Temple of Tomar of the Earth. The meditations are directed exclusively to the Group of Forty members and, as Tomar has told us, the assistants have to wear white as a sign of purity. The Temple behaves like a camera of acceleration of thoughts, so that all stored thoughts, which are incubating there, are nourished, strengthened and projected constantly to the aura of the Earth, although the Temple is empty. The Temple of Tomar of the Earth helps, drives and accelerates the evolution of humanity and the planet, and especially of those of us who work in it.

forth. Each galaxy has its own individual evolutionary history, and even in the sections of the galaxy, there are evolutionary histories that are important. Certainly, at this point in the development of the Earth, the Earth is nowhere near ready to begin to seed other planets. In part because the Earth 'Homo Sapien' race is still in a "purification" mode, and you know better than I that this planet is far away from coming into a balance.

Our historical evidence is that the original feeders of this section of the galaxy were the Lyrians. The Lyrians became engrossed in a planetary battle and some of their rebels, so to speak, left and from the Lyrians came the seeding of the Pleiadians. So The Lyrians were the quote "original inhabitants" of this section of the galaxy. The Andromandans are part of their own evolutionary system and they did not participate in the seeding of the Arcturians, for example. Our history goes back even before the Lyrians. Our history goes back to the area of the Central Sun and to planetary systems that are unknown to you.

We find that the evolutions of planets seem to move from the centre outwards, even though the centre of the galaxy is filled with more intense suns and perhaps more inhospitable solar systems... none the less, we trace out history toward a planet that is sometimes called "Exterra." Sometimes we refer to it as "Alano."

So we are separate from the Lyrians.

It was an intensive two-day event for those of us who travelled to Wiltshire to help anchor the Fifth Dimensional energies at Stonehenge, the global portal established as the Dimensional Intersection point. Of course energetically, because of an astrological alignment, which facilitates this intersection between the Third and the Fifth Dimensions, it means that the possibility for this extraordinary downloading of positive light will remain with us all until the summer solstice period.

Our weekend started on Saturday in Salisbury City Centre, with a gathering, meditations led by Carol Nayach and a visit to Salisbury's beautiful cathedral. Starseeds from all parts of the British Isles came together and some from overseas, including Elizabeth 'HeartStar' Keller who had travelled from Sedona, Arizona. It was wonderful to hear everyone's introductions, stories of recent travel to places of high spiritual energy, and we welcomed the possibility to link these places energetically with our work for the weekend. Our afternoon focused on ceremonial practice for the following day, everyone familiarising themselves with a simple Merkabah Breath exercise to prepare us for our entry into the Stonehenge circle. We also experienced energetic downloading from a slide show of crop circle images from the Wiltshire plains, beautiful crystal bowl toning and, of course, the Webinar channellings, through David Miller, from Juliano and Helio-Ah.

Sunday morning was an early start on a coach through the Wiltshire countryside to a windy, cold Stonehenge. Fully

movie, including the beautiful letter that Oliver wrote about *The Blue Jewel* for us that worked on the Portuguese edition.

With only one day of exposure (since Monday) we had already reached the mark of 10,000 people who watched the film.

Today, Friday, after only five days of release we are already reaching the mark of almost 60,000 people in Brazil (more than forty very positive comments about the film both on YouTube and on the GOF Brazil Facebook Page).

I have already received four emails from people interested in getting to know about the Arcturian GOF project and Planetary Light Cities!

I'm really glad this is all happening! Truly, I spent almost a year in the translation and subtitling of the film and now we have a great visibility of the project in Brazil!

Thank you David, Lin, Carla, Julian and all the Masters who are giving us support to carry the message forward!

Many blessings!!!!

Spiritual Exercise for you ...

I will ask you by connecting with your heart, to love your mental body. We are going to contract the mental body first. Then expand it.

In your mind, go in thought to the centre of your third eye. Let all your knowledge, all you are, go there and I will meet you there. Let the point get very small. Just see that you

are consciousness and contract down to that small point. Clap your hands and there will be an expansion.

All of the contracted thoughts are going to expand. Go beyond this incarnation...go to Arcturus. Go through the galaxy...keep going. Keep expanding. You are more than your earth self... but not more than your consciousness. Keep on expanding. Connect again with Arcturus. Your mental energy connected through your heart energy, I filled with love and joy, Universal consciousness and cosmic consciousness.

Slowly come back into your Earth consciousness. Think "I connect to the Arcturians. I connect to the Fifth Dimension. I connect with the Arcturian Starseeds. I connect with my Lightbody. I can thought project to the Arcturians."

You have just helped to create a collective thought structure on Earth. You have agreed to participate in the thoughts of Earth Dimension. You can assist in the expansion of those thoughts so that Earth transforms. Come back into your physical and mental bodies. You are in an expanded state, back into a normal mental state for this incarnation.
