The Planetary Crisis

By David K. Miller

The Arcturians continually refer to their observation that we are now experiencing a planetary crisis . There are many facts which now support this observation, including our major environmental and climate problems, storms and fires, mass extinction events and of course, the Covid-19 pandemic. Will our world leaders finally admit that we are in a planetary crisis and pledge to work together to solve this situation?

The Arcturians have suggested that we consider 2021 the “Year of Planetary Repair.” Imagine how the situation on our planet would change if there were a world movement supported by our leaders, to repair the planet.

There could be global coordination on all environmental repair efforts, including addressing climate change, cleaning up the oceans and working to protect the biosphere on all levels. Imagine if the world governments worked together to stop the mass extinction of all plants and animals that is now occurring. There could be a new direction towards integrating spiritual wisdom with science as a tool to help solve the world problems.

Finally, there would be an awareness of our place in the galaxy and that planets, like Earth, go through stages of development. There is no question in my mind that we need a global commitment to address this planetary crisis. The global community needs immediately to begin working towards repairing our planet. Let us, in the coming year of 2021, as Group of Forty members, all work together and devote ourselves in our meditations, and biorelativity and planetary cities of light work, towards planetary repair!

STARSEED Counseling

Dear Gudrun,

I thought I was doing well, adjusting to the climate changes and the polarizations on planet but suddenly I hit a wall. I wake up tearful and depressed many mornings. The levels of disruption and imbalances on the planet overwhelm me. It seems it is getting worse. I am grateful to be able to do planetary healing with the GOF and grateful to be connected to my guides. I am still suffering, though. I thought I should be able to handle all of this better! Help!

My dear Friend,

You are experiencing a trauma reaction! Even the strongest of us wear down when we experience ongoing, chronic traumatic events. This is certainly a time of traumatic disharmony. See what you can do to make your life as calm and peaceful as possible. Take care of your physical needs. Focus on the beauty still around you. The Arcturians recommend shimmering exercises to raise your frequency. When enduring extreme stress, self-care is critical. Don't hesitate to indulge in self-care and ask for help when you need it. Starseeds love to help each other. Remember that you are not alone and this is not a time to be stoic.

Much love to you,
Gudrun

by using either: www.timeticker.com or www.thetimenow.com

Juliano, what is causing the Corona virus to linger longer in the US than in other countries? Is this because of the collective fear and the collective recklessness by the Covid19 sceptics?

A Well one of the reasons why it is lingering more in the United States is because of the immune deficiency problems in the United States. Now there are immune problems all over the world because everyone is exposed

to higher rates of radiation. We talked about 5G but that is minor compared to the exposure of radiation from nuclear power plants, from nuclear bombs and from other sources of radiation that are going into the water.

But the reason why it seems worse in the United States has to do with the immune depletion, with the immune deficiency in this country and it is a way of saying that this country, which is the United States, is the source of a great deal of pollution on the planet. The U.S. is also having a huge immune deficiency deficit and I know that you see stories of people who are totally healthy and then they got the virus. Then they died. Their family now asks: "how could this be?" but the answer is that even though people "appear" healthy in some ways, they have immune deficits. For example, there is this theory and it is an observation, of the down-winders, people who were exposed to nuclear bomb testing from the Las Vegas area in the early '50s and those who were down wind and they were 400 or 500 miles away, but and they were exposed to radiation. This radiation was carried on through their children genetically.

So my answer is that I am sure the fear in everything is a factor but the real factor, which I do not think that most people in America will want to look at, is that this country is filled with immune deficiency on many levels.

Meeting Our Global Members

Hello my name is Janine Malcolm, and I am the coordinator in New Zealand for the Group of Forty. The journey that led me to meet my galactic family began back in 1996.

I was not someone who had been spiritual since childhood. I knew nothing about this way of life until I was in my mid-forties and was catapulted into something so unusual, a bit secretive I thought, and a little strange, that I wondered if these people I suddenly found in my life were even real, and if they were, could I trust what they were telling me.

Raised and educated in a strictly catholic family you can imagine, my beliefs were solid....there was god, heaven and hell and if you sinned you went to the latter. I did however always feel I was at odds with my school, church and the nuns...not knowing why, but I always felt like a round peg in a square

hole.

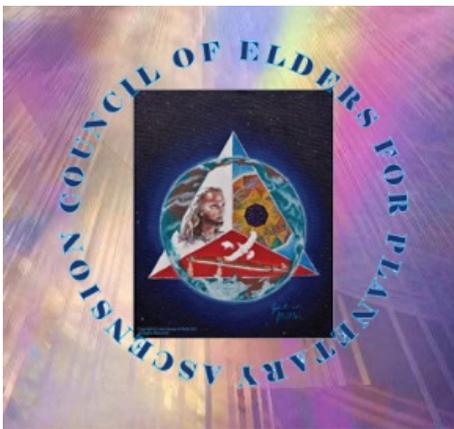

This new philosophy was now challenging my beliefs.

I began my awakening after a sudden traumatic event 25 years ago, which devastated myself and my family, and had me asking questions about religion and life, and the reasons for it. My questioning has continued ever since. Over the years, I have been in a number of spiritual circles. I've studied and practiced mediumship, tarot, I-Ching, crystal healing, numerology. I am a practicing Reiki Master and a Selenite wand practitioner, and an Esoteric Acupuncturist. I have also studied Spiritual Kinesiology. As well as being the New Zealand coordinator for the Group of Forty, I sit on a number of its committees. I have a meditation group in my home once a month, and some of the GOF members belong to this group, but it is also an open group and concentrates on expanding personal skills. Healing is my passion, so when I was introduced to the GOF on the Gold Coast with Jane in Australia in 2016, the Arcturian energy and love for earth felt right to me. Their work to heal the planet, find peace, harmony and balance reminded me of a time when I needed those things myself, so here was an opportunity to return the gift.

I worked with a group of other members and we created a Planetary City of Light in East Auckland and also a Planetary Ocean Reserve of Light in Half Moon Bay. It's wonderful to get together each month to maintain the 5D energy the Arcturians have placed here with our beautiful crystal at the sacred Lake Taupo. I am grateful to be a part of a group of dedicated hard working people, who feel the pain of our home and have an honest desire to heal her.

I am also honored to be part of the amazing meditation team of presenters, without whose selfless commitment every week, we would not have the strong following we do in the 'Lands Down Under'. My comradery with Jane and the Australian Group of Forty is irreplaceable, and the inspiration they provide is enormous.

I have been a teacher all my life - retired at 67, but my teaching continues on this uplifting path and I love it.

COUNCIL OF ELDERS REPORT

Juliano through David K. Miller

We are studying the situation as carefully as you are studying. In many ways, we see in our predictions that this period would come, a period of darkness, a period of upheaval, a period of disruption. Even as long as eight years ago, there were predictions that the solar system would be entering a null zone. The null zone was defined as an energetic neutralization of any type of positive forces, and this was interpreted as the electronic devices would stop working, that there would be no more satellites, that there a darkening of the entire, electronic, digital infrastructure. There are such zones throughout the galaxy, we are hoping and working to prevent that from happening. I want to say that, from our perspective, you have to look at what is happening now, as a result of the collective karma that has been building up over the past fifty or one hundred years, even from the industrial age which began several hundred years ago. That means that the events of misuse and the abuse of the environment of other peoples and of the Earth herself, has been occurring for a long time, yet, the true upheaval or karmic Earth response has been muted. There was a period of grace on the planet, if you look at especially 2012, this was the time period where the outbreak of the dramatic Earth changes was going to occur.

I have suggested in previous discussions with this channel that the energy of 2012 really is occurring now, in 2020, and if you remember, I referred to 2020 as the "real 2012," the upheavals that you are seeing. I do point out that you are still not done with 2020. There is still more to come. Regarding the idea of hope, you have to understand that the Galactic ascended masters are hesitant to intercede when there is so much karma to be paid, and this accumulated karma, coming from many different things, even from the nuclear bomb testing even from the nuclear underground testing, and continued nuclear radiation, does create karma on the Earth. But you want to instill hope, you want to, as they say, consider the Phoenix bird rising from the ashes of the destruction, and that, perhaps is a model, is a metaphor that can be useful to you as Group of Forty planetary healers and spiritual leaders.

I have said that the focus for 2021 is repair, that means that the disrepair, the disruption and the destruction that is now occurring in 2020, will not continue through 2021. This means that, when I say this is the year of repair, that these things that have been broken can be repaired. This is the mantra in the Kabbalah and the mystics. The mystical rabbis who say what has been broken can be repaired. You might say: "Look at all the things that are broken, how is somebody going to be going around and be able to repair them?" The answer is that, if it is broken it can be repaired, and that is the energy of repair.

I think that is the most hopeful message that you could give to the Group of Forty and to other people, that we have the resources to repair the many things that are broken. I laughed, but I know, you might laugh, too, you might say: "We cannot even agree on what is broken." There are even polarizations about that, but I think there is a sobering energy. Remember the metaphor in your Bible, which focuses on the idea that, as long as there are some just people, as long as there are some spiritually wise people on the planet who are working towards repair, who are aware of the dangers, and aware of the darkness, and want to repair it, then that connection between the higher realms and this planet can be increased to facilitate the repair.

I remind you again then that we see the end of this stage of the breakdown ending in 2020, and that 2021 will be a time of repair, but because it is a time of repair does not mean that it is all going to be beautiful in one month. Look how long it takes to rebuild, but if the focus can be moved to repair, that is an important first step in the spiritual work of the Starseeds. I am Juliano, good day.

Planetary Healing BIORELATIVITY Earth Balance Teams

The U.K is now presenting a weekly meditation every Wednesday at 12:15pm AZ (8:15pm UK time.) The presenter will be Hannah. Contact Hannah at gofinuk2@gmail.com for dial in numbers and access codes.

All meditations are placed on the closed Facebook page and also on the web pages. There is also a mailing list for anyone who wants the meditations sent to them so they can download into a personal MP3 player to listen to at any time. Just email me at janes carratt@gmail.com.

The Biorelativity Team is presenting a minimum of 14 meditations per week. We are letting Earth know we are here and we are supporting her and she will respond more favorable BECAUSE she knows we are here. **REMEMBER.....**A planet cannot ascend by herself. A planet must have higher thought forms, higher beings, on it. Biorelativity is the ability to interact with the Spirit of the Earth with higher consciousness. Biorelativity can create unity consciousness and a unified energy field. Noorelativity is the ability to send thoughts and energy into the Noosphere for the purposes of manifesting a higher healing light throughout that planet. There is a monthly calendar on the web pages. Contact Jane if you would like to be part of the Presentation Team or just need further information. janes carratt@gmail.com.

Remember to keep checking out our regularly updated www.earthgmatters.world. Juliano has said that one of the best ways to deal with the CV19 is to strengthen the immune system. We will present more immune system meditations to assist us. Also, the Star of David- the six pointed star - is a great protection. We also are presenting meditations using that as a form of protection. If anyone would like the recordings of these meditations, email me at janes carratt@gmail.com.

MONTHLY ACTIVITIES OF THE GROUP OF FORTY IN SPAIN

Group of Forty activities

The fourth Saturday of each month is the monthly GOF/PCOL meeting day for active groups in Spain. On that day, all the PCOL groups carry out a monthly Reactivation of their PCOL in the time window from 12 to 15:30 and, in the afternoon, both the GOF groups and the PCOL groups meet for the connection with the monthly online meditation that the Arcturian School organizes. Other GOF meetings are at the discretion of each group.

Online monthly Advanced Biorelativity exercises

The Arcturian School organizes two monthly online meditations in the Zoom Webinar, one on the second Saturday and the other on the fourth Saturday, at 5:00 PM, in both cases with the aim of helping to repair the Earth as a living being. There are more than 50 assistants from Spain, France, Mexico, Brazil and South America attending the meditations.

Online meditations at the Arcturian Temple

The Arcturian Virtual Temple is a virtual global meditation space reserved for the members of the Group of Forty, which is connected with our Temple in the Arcturian School and with the Temple of Tomar in Arcturus. It has been founded by the Arcturian School at the direction of Tomar to help accelerate the planetary Noosphere and human evolution. The Temple of Tomar on Earth has 12 Temple Guides and offers a daily meditation on the Wormhole Classroom Webinar in Spanish, French, English and Brazilian Portuguese.

Online meditations for COVID 19 Protection

We carry out these meditations on the second, third and fourth Saturday of May at 12:00 noon: on the second Saturday we carry out the protection of the Planetary City of Light of Sant Pere de Ribes; the third Saturday we have an exercise of Shimmering to raise the Spiritual Light Quotient of the Garraf area where are the Sant Pere de Ribes PCOL and the Sunway PORL and the fourth Saturday the exercise of Two Earths (2020 and 2022) and the Homo Omega in the Auditorium of the starship Athena of the Arcturians.

News from the Planetary Cities of Light Project, August

We activated the Planetary City of Light (PCOL) and Planetary Ocean Reserves of Light (PORL) of Stuart, Florida and the Planetary City of Light of Chia, Colombia at our Global Meeting on August 30, 2020, and welcomed them into the network. We are very excited to be building the energy in both of these countries and grateful for the dedication and contributions of the starseeds and lightworkers in these cities.

The first quarterly global meetings for Spanish speaking members was held on August 23, 2020 and it was a great success. At the meeting we activated the Nunoa PCOL in the city of Santiago, Chile. We are looking forward to future activations in Latin America in the countries of Peru, Ecuador, Colombia and Puerto Rico.

Stuart, Florida is our newest PCOL and first PORL in the United States. Located on Florida's East Coast, it has a strong spiritual energy and a mix of newer communities and quaint older neighborhoods and is recognized as one of the best seaside towns to live in America.

Below is what members shared during their activation.

By Laura Covella, Assistant Latin America/Spanish Coordinator

The day the group went to both of the crystals' ceremonies for the City Planetary of Light PCOL and for the PROL (land and water mission) many things were shown to us by the higher realms. It was very obvious to us that we were not alone in our mission to activate the crystals. As a group we collaborated on a blessing of the crystals before we buried them on land and in the water. When we gathered as a group outside before we went to bury the crystals, we were in front of the sun and water to meditate. While I was providing my words of wisdom and guidance.

Tom was guiding the meditation when in that moment, Lidia literally saw the angels/light beings (7) showing up to bless us. When we were outside in the garden, while in meditation, the colors of all the chakras were revealed to us and right before the last words, a massive sun-like light showed illuminating everything while in meditation, an almost blinding light, so bright! This brought great energy to us to accomplish our task for the day. We were focused and energized and very connected in our mission. We went to bury the crystals in the designated locations and together as a team, nothing was going to stop us. After we finished burying our last crystal and returned to the house, a strong storm came through the area with strong winds and rain. There was a message here that our job was done and that nature was with us. After the storm passed, we were graced by a beautiful and amazing rainbow. Once again nature was making a statement to us and it was truly magical!

It was another, beautiful day when we buried the crystals for the Ocean Reserve. Once again, nature was with us and by our side. The weather was perfect, and the seas were calm for us to accomplish what we needed to do. Before boarding the boat, we performed a short meditation with the crystals. We all prayed before we dropped the crystals in the ocean.

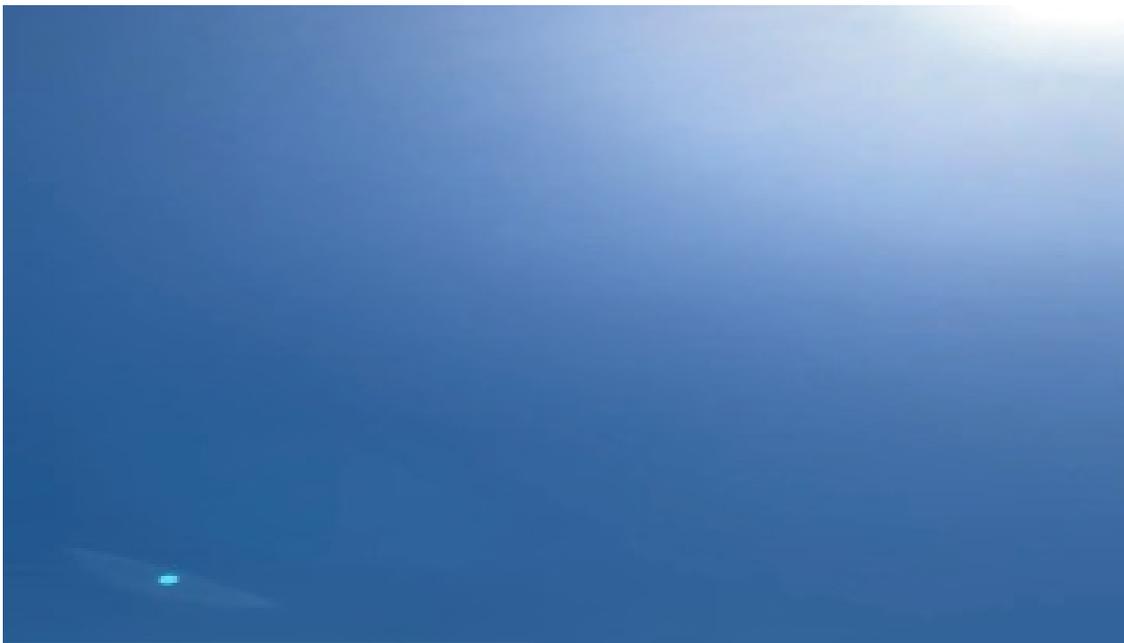

While at sea, we felt like we were all alone at sea, it was so quiet. We were looking for signs and while out to sea, Lydia saw three birds (holy trinity/sacred triangle) that were with us for guidance. Additionally, little did we know that later, when we reviewed the photos, that these orbs were with us

in our journey and mission.

After we dropped the crystals in the ocean, we had a very quiet and peaceful ride back to the house. Next, we would head to the beach and bury the crystals in the sand properly aligned with what we placed in the ocean. When we arrived at the beach, the first thing we noticed was that the ocean had changed its color to a beautiful and majestic turquoise color. It was truly magnificent to see how the colors changed in just a short time! When we arrived at the beach to bury the last crystal, we continued with the joint blessing, and afterwards, Tom experienced a strong beam of light that entered and flashed within him. This was further justification that our mission was accomplished and we were not alone in our efforts. After we had completed the Ocean Reserve and reviewed the video that was made, we had a great discovery. This is when I noticed that a "turquoise orb" was with us during this mission on the boat.

Additionally, in the cloud formations we realized that there was also a "giant eye" in the clouds that was looking down on us, the feeling we had when we discovered this was truly magical. The overall experience was exciting, energetic, and the feeling that a great spiritual connection had been made both individually and as a group.

I realized that as a group, we further developed our spirituality and recognized additional connections that we all have with the divine during meditation, Veronica and I can feel their presence, and Lidia and Tom can see them, this makes us a great team and we are confident that our efforts will raise the spirituality and awareness with those around us. This team realizes that although we just accomplished something very significant that our job really has only just started.

From the **Land Down Under**

We are organizing a new event for Australia's members. We are calling it: "Friday nights in is the new going out" We will meet on 'GoToMeeting'. The first discussion will be their thoughts about Ascension. This will be an open forum and all participants will be encouraged to express their thoughts. Initially, this is an experiment and we will expand the concept as we proceed. Australia is a large country and the members are scattered over a large area and we are always delighted to try new concepts to bring the members together in discussion. It will be at 2am AZ time but anyone who is interested is welcome to join in. Just email me at janesarratt@gmail.com.

Nature is amazing.

An incredible cloud formation over our biggest peak, Mt Cook, today September 6th. The formation is in the shape of the beautiful Tui - our most famous native bird. This bird has 55 different melodic sounds in his repertoire.

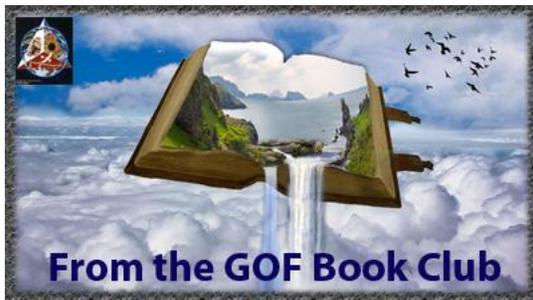

Mt Cook (Aorangi) is in the Southern Alps. The Māori name for Mt Cook -Aorangi - means Planet. Even more unusual to see this at this time. Can you make out the white tuft under his beak? They sing in the trees in my garden and I feel very honored they choose to be there.

Kaballah and the Ascension Chapter 2

By David K. Miller

How can we be of best service to ourselves and others? Give some examples.

It is important to become aware of what you can do – what is unique about your abilities and how you can best be of service. This level of awareness develops when you focus on your mission of service, including service to yourself. Make no mistake: Serving yourself is a valuable mission. Every soul who incarnates must go through certain developmental stages and achieve a specific level in order to ascend. Although there are many people to help, do not underestimate the need to serve yourself, because when you do so, you will be fostering your own soul's development. This is not selfish; it is part of the path. If it were not important to serve yourself, why would other guides and entities bother to serve you? This is a very important question to ask yourself. You are important! If you do not think you are important, then why would the masters bother to spend time with you? When you are grappling with that situation of service, understand that you can also be of service to other people in various ways. It could be at high levels such as giving instructions and teaching, or it could be simply helping in material or physical ways. What is important is that service and path work give you a sense of growth and expansion.

What suggestions are given by Sananda for developing personal Path work?

The Kaballah and the Tarot are representative of path work. They are not the final answer but models that are available to you; there may be other models. Use them as a springboard for understanding path work. There is not a single tool that can discern whether you are on the correct path. There are many tools to make you aware of paths. Native American peoples arrive at a sense of their paths by using meditations, vision quests, sweats and walks. They are universal archetypal stages of soul development.

What other examples does Sananda gives us regarding this work?

A broader perspective is helpful-one that encompasses an understanding of more than just the present incarnation. Allow yourself to receive more information about your path work from personal guides in meditation.

2020 Astrological Insights by Elizabeth HeartStar

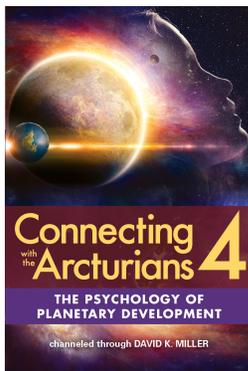

Sending Prayers of Love & Gratitude, Peace and Safety to all GOF PCOL's If it were not already stressful enough with all the changes since Covid-19. Fiery action-packed, Mars, on 9/9 stationed/stopped at Aries 28 Degrees, and will be closest to Earth while Retrograding/Reversing direction from September 10th until November 13th. It will retrograde back to Aries - 15 Degrees, where it was in July. This Mars retrograde time is especially volatile this year, because it will make a square aspect to Pluto, Saturn and Jupiter until January 2021. Squares create challenge that force change, which can also produce conflict. And just as Mars retrogrades, Saturn, Pluto and Jupiter, who have been retrograde/backward in motion change since Spring, this month change to forward/direct motion. This can feel like having your foot on both the brake and accelerator of your car and not being able to go anywhere. Mars is also in its own sign of the Ram - Aries, where it is powerful and strong, but does not want to be stopped, forced to go backward/retrograde...Mars is the blood in the body. Mars is Red Hot, and can be seen in the fires that are devastating much of the Earth, as well as all the unrest throughout the world. Mars in its positive creative and passionate expression is a vital creative energy and power. For we need Mars to get things done, however, Mars is also the God of War, and when out of control, wreaks havoc in the world and in our lives. Mars can become aggressive, angry, and violent. Retrograde times are times to look back at where we have been, contemplate and recapitulate, review, redo, re re re everything, take time and wait. To consider your thoughts, speech and with especially with Mars, our actions. We, the GOF and PCOL, have our work cut out for us this year. I know the Arcturians are grateful to us as we are to the Arcturians, for their love, wisdom, techniques and tools of healing and ascension. Peace, Peace, Peace, *OM Shanti OM*.

Elizabeth just created a YouTube channel: "Elizabeth HeartStar" and a YouTube channel: "Astrology Star Sisters" with her friend and astrologer, Linda Kubota Byrd, where she will be sharing more insights.

ANNOUNCEMENTS

[This Book](#) is available now as an e-book and a hard copy book through Light Technology Publishing.

You can also find it on Amazon at [this link](#). This fourth book contains the most up-to-date information on ascension that is available, including new spiritual techniques to aid the process.

David's earlier books: "[Connecting With the Arcturians](#)", "[Connecting with the Arcturians 2](#)", and "[Connecting with the Arcturians 3](#)" by David K. Miller, offer a comprehensive presentation on the ideas and views of an extra-dimensional, extra-terrestrial civilization on the Earth situation from the planet Arcturus.

Subjects included in this fascinating presentation are: 1) the Arcturians' view of the ascension or "rapture;" 2) what is the Fifth Dimension and how we, as the human race, are evolving toward the higher dimension; 3) the impending Earth peril and dangers to the Earth biospheres; 4) Jesus' (or Sananda's) role in the ascension and why he has a new name in the higher realms; 5) The Arcturian Stargate, a soul transfer station referred to in the Edgar Cayce's writings. When we finish the Earth's incarnations, we can travel to the Stargate for our next "soul assignment."

This first book also describes a new concept in spirituality, the Arcturian Sacred Triangle. For the first time, the Arcturians offer a way of uniting Earth's spirituality so that a planetary healing can occur. Readers will learn how ascended Native Americans' mystical Earth spirituality and galactic extra dimensional spirituality can be united to enhance a healing for the entire planet.
