

Intersection of the Third Dimension with the Fifth Dimension

By David K. Miller

The Intersection of the Third Dimension with the Fifth Dimension is a unique concept that the Arcturians have presented to us. Astrophysicists have postulated that other dimensions exist, besides the one we are now living on. In the Kabbalah, as well as in Christian mysticism, religious philosophers speak about the world to come. Some religious leaders even refer to this “world to come” as heaven. When the Arcturians are talking about the Fifth Dimension then, is this the same place as the world to come, or heaven?

Let us look at some of the characteristics that the Arcturians use to describe the Fifth Dimension, and I will let you decide if it is the same. The Fifth Dimension is inhabited by the ascended masters and other, higher beings, which includes many of our fifth-dimensional teachers that we are familiar with, such as Sananda, Chief White Eagle, and Juliano. There are no polarizations on the Fifth Dimension, and lower vibrations such as hatred and jealousy, are not allowed. In fact, those people who harbor lower vibrations are not even allowed to enter the Fifth Dimension.

Entering the Fifth Dimension means that you are free, and have graduated from the Earth’s incarnational cycle, which means you do not need to come back or be reborn on the Earth for another lifetime. You can enter the Fifth Dimension through a process known as The Ascension, a unique, transmutation process where one can bypass the death experience, and immediately enter the Fifth Dimension. On the Fifth Dimension, you experience closeness to the Creator that is not possible on the Third Dimension. You live in unity consciousness.

There are planets throughout our galaxy that have already ascended into the Fifth Dimension. Both, the Arcturians and the Pleiadians have ascended, and their planets are now on the Fifth Dimension. So, the Fifth Dimension is reserved for those people who have completed their Earth lessons. This can be interpreted to mean that these people have become enlightened.

But what about the rest of us who have not been able to achieve enlightenment? There is a divine process called “grace” which gives seekers of the Fifth Dimension a special dispensation that allows them to enter the higher realm, even though they are not enlightened. If one is working hard to process the lessons in an Earth lifetime, then grace can be granted to these spiritual seekers.

An intersection of the dimensions means that higher, spiritual energy will be available to seekers of higher light. Meditation, prayer, and connection with spiritual groups help us to come closer to enlightenment, and closer to being able to enter the Fifth Dimension. When more spiritual energy is available, then we can make more spiritual progress easier. Meditation will seem easier, and we will have more rapid success in our spiritual endeavors.

I am sure we all will welcome such a needed boost that the intersection of the dimensions can provide us on our spiritual journey.

Dear Gudrun,

Lately, I have been reviewing my life and my behavior and the decisions I made in my life. Mostly I feel embarrassed and think I should have known better or should have done better. I have greater insight now into myself, and sometimes think what would my life have been like had I known better about my decisions and about my behavior. Why am I going through this now? I am doing well and am happy. Am I just tormenting myself?

Confused.

Dear Confused,

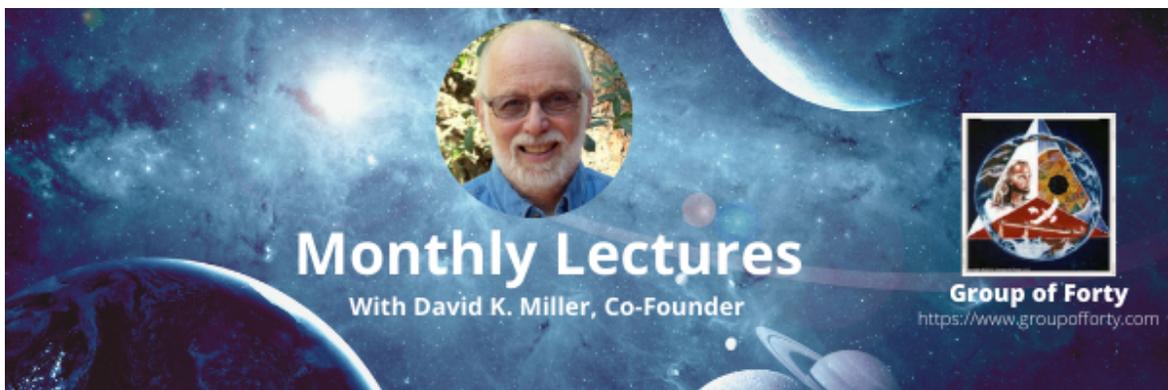

Many of us, as we prepare for ascension go through this. It is like a life review before we die! I think that it is an opportunity for you to look at the lessons you have learned because of your decisions, good or bad, right or wrong.

What have you learned from the choices you have made? Have you learned anything? Can you understand that you did the best that you knew how to do at that time? Can you have compassion for yourself, and can you learn from the "mistakes" you have made? I don't think there are mistakes, only opportunities for growth! We are all here to grow mentally, spiritually, emotionally, and physically. If we already had achieved all those lessons, we wouldn't need to be here at all, unless we were ascended masters here to help. What have your learned in this life journey? That is the question. Love and blessings, Gudrun

Blessings, Gudrun

The banner features a cosmic scene with a galaxy and a person meditating on the left, and the Group of Forty logo on the right. The background is dark blue.

This is an exciting time and one that is opportunistic for many. One of the greatest opportunities and honors that I see, is that we, as Starseeds, planetary healers, and lightworkers, are a part of and are contributing to the next step in the evolution of the Earth. Many of us are familiar with and have an understanding of the term 'Biorelativity,' and for all members who have recently joined the Group of Forty, "Biorelativity focuses on group thoughts working together telepathically to send healing energy to our planet." (New Spiritual Technology for the Fifth-Dimensional Earth by David K. Miller) As I have said before, our group thoughts, our arcan powers are strong and even stronger together. We see that when we come together and focus our intentions on affirmations of peace, balance, and harmony, and when we send these loving thoughts into the noosphere of the planet and to the spirit of the Earth, Gaia, she hears us, and yes, she does respond. It is a beautiful and sacred connection we have with Gaia. Technology also provides us the opportunity to come together from across the world and amplify our healing energies.

I encourage and welcome you all to join a live meditation whenever you can and to take advantage of all of the recordings we have on the webpage. Beginning on August 1, 2022, The GOF U.K. group has added an extra day of meditations. Stephen Moore and Fi Mash have been hosting and presenting meditations on Mondays at 7:30 UK time, focused primarily on the meridians and personal healing. Our

global focus theme for August was on accelerating the energy of Homo Omega to the planet, and for this month, September, we have been working with Mother Earth to heal the weather imbalances and to heal all dimensional fractures on the Earth's aura. We have been sending extra healing energy and love to the country of Ukraine and to all people who are being harmed in this conflict. Following the September lecture, we will be focusing on the attraction of the dimensions and the intersection of the fifth and the third dimension that is soon coming! This is a very exciting time indeed! Thank you to David and Juliano for the beautiful meditations for Australia these past few months. We will be resuming the Meditation of the Masters Wednesdays at 6 pm AZ MST, starting September 21st, and look forward to connecting with all of you then. We appreciate your feedback on the need for more interaction and we are working to provide this very soon.

Please reach out with any of your questions, needs, or concerns. We are all united in helping one another as best we can and are grateful for each of you. We are also always looking for volunteers to present these sacred meditations so please reach out to me if you would like to be of service. With love and blessings to you all,

This month we marked a special new milestone surpassing 100 active PCOL's/PORL's in the project. We now have a total of 103 (79 PCOLs and 24 PORLs) and are well on our way to achieving our goal of 140 that Juliano stated would have a major effect on the planet. I am very grateful for the enthusiasm, commitment, and hard work of all our members and the fabulous leadership of our country coordinators for making this possible.

Activated in August:

- Lake Titikaka PORL, Bolivia (the first Lake Reserve of Light!)
- Archangel Michael PCOL, Brazil
- Praia do Rosa (Pink Whale) PCOL/PORL, Brazil

In **September/October** we will be activating the Dragones de Agartha and Bucarmaranga PCOLs in Colombia, and future ones planned in Brazil, Mexico, Colombia, the UK, and the USA. We are very grateful to our members who are joining these activation ceremonies to celebrate and support our new PCOL members. We highly encourage this and look for the invitations through your e-mail.

The Spanish web page has been updated for our Spanish-speaking members which includes new information and updates on the PCOL project. We are very grateful to Ana Rosa Moreno (coordinator Cuilcuilco, GOF 1, Mexico) and Cosmin Supeala (country coordinator Europe) for their commitment and hard work in making this possible.

A new updated PCOL/PORL application form has been sent to the country coordinators and PCOL coordinators.

With the creation of new cities and ocean reserves of light, we may wonder whether we are making a positive difference and benefiting our communities with our work. I can tell you that we are and are sowing the seeds of the future Earth, as I am sure you are seeing in your areas as well. Below are some wonderful examples shared by our members in our newly activated PCOL/PORLs in Brazil.

The Luz de Gaia (Light of Gaia) PCOL in Rio de Janeiro, Brazil.

The group's focus in their meditations even before the activation was the cleansing of the heavily polluted local beaches and the flooded streets. Some weeks after the activation the group said there was a group of people working on the cleansing of Botafogo beach which was captured in the local newspaper saying that after 15 years, the Botafogo beach was now open for swimming. They also said that one of the worst streets in that neighborhood that had been very affected by flooding on rainy days was fixed. Furthermore, some grass was planted on the point where one of the crystals was buried and people were returning there to gaze at nature, relax and have a good time.

The Praia do Rosa (Pink Whale) PCOL/PORL

Located in the city of Imbituba, in the state of Santa Catarina, Brazil. Praia do Rosa is one of the 10 most beautiful beaches and bays in the world with stunning white sand, cliffs with beautiful rocks, natural pools, two lagoons, and a lot of green forests. Every year from May to September the community celebrates the arrival and birth of the Right whales and their babies, which are nursed by their mothers until they are able to accompany them to Patagonia where they stay in adulthood. Following the activation, the group observed an unprecedented increase in the number of whales coming with up to 20 big whales with their babies This was a first for the group, and we had never seen so many before.

Group of Forty SPAIN Monthly Activities

<https://grupo40spain.com/index.html>

These COVID years have introduced changes to our meditation routine. On the one hand, they have helped to progress and consolidate online work at all levels, promoting global groups and meditations with a larger audience of Spanish, French, and Brazilian Portuguese-speaking attendees.

On the other hand, at the level of Spain, the monthly online meetings with the GOF Spain have strengthened and consolidated the peninsular network and currently, the bond between coordinators and members of the different groups is more intense and the interest in general online meditations has increased, since the result is more satisfactory and effective in large groups than in small groups.

IN-PERSON MONTHLY MEDITATIONS

The fourth Saturday of each month is the GOF/PCOL monthly meeting day for active groups in Spain. On that day, all the PCOL groups meet to carry out a monthly Reactivation of their PCOL in the window from 12 to 15:30 and, in the afternoon, both the GOF groups and the PCOL groups attend the monthly online Biorelativity meditation.

ONLINE MONTHLY MEDITATIONS IN ZOOM

1. Meditations of the Group of Forty of Spain every second Saturday of the month at 12:00 noon in Spain, in which we carry out exercises for the protection, healing, and spiritual elevation of the country and all the Planetary Cities of Light of the peninsular network.
2. Advanced Biorelativity Meditations with international participation every fourth Saturday of the month at 5:00 p.m. in Spain. We have a list of subscribers who receive the agendas and we also post the announcements on our GOF Facebook group.
3. Meditations in the Virtual Temple with a monthly agenda that we send to our subscribers and post in our Virtual Temple Facebook group.
4. Mindfulness practices in the Virtual Temple every second Thursday at 8:00 p.m. in Spain to strengthen greater receptivity to the Arcturian messages and techniques.
5. Monthly channeling with Tomar through Ana Rosa Moreno in the Virtual Temple. We send the agenda to our subscribers and post the announcement in our Virtual Temple Facebook group.

Edzná

Edzná is a Mayan archaeological site, located in the Mexican state of Campeche.

The first evidence of occupation in this settlement dates to 400 BC. C. Due to the type of soil, the valley in which it is located is flooded in the rainy season and retains high humidity almost all year round. To remedy this inconvenience, the Mayans developed a network of canals to drain the valley and the water was led to a lagoon, which was transformed into a dam, other canals were used to irrigate the fields. This led to the development of intensive cultivation, while the canals provided fishing. Many uneven areas were also filled and flat spaces were formed that would later serve to erect various buildings. As a complement, some families also had underground cisterns for rainwater.

The explorations in several buildings and architectural groups have revealed that the builders oriented the axes of their main works in relation to astronomical phenomena. This is explained by the great interest they had during the celestial bodies and their cycles, as well as by the association of such themes with religious aspects.

At the beginning of our era, a centralized government was instituted in Edzná, which legitimized its political power, based on the supposed relationship of the rulers with the deities, becoming a regional capital of the west of the peninsula around 400 -1000 of our era. At the height of its peak, it had up to 25,000 inhabitants. Its total vacancy was in 1450.

Edzná has religious and residential buildings distributed over an area of approximately 25 square kilometers.

The main constructions are: Main Square, La Casa Grande, Temple of the South, Ball Court, Temple of the Masks, Small Acropolis, Great Acropolis, Building of the Five Floors, Temple of the North, Patio Puuc and The Old Sorceress.

Welcome All New GOF Members!

For the first few weeks after joining the GOF, please check your junk/spam mailbox occasionally. You could have communications sent by your County Coordinators that you are not aware of. These communications could be alerting you to special events and meditations.

And this is also good advice for long-time members. Who really knows what happens with technology these days, and cancel culture.

Joining the GOF is a powerful way to lend your energies to the Group thought field. Together we can change the outcome.

Blessings,

ANNOUNCEMENTS

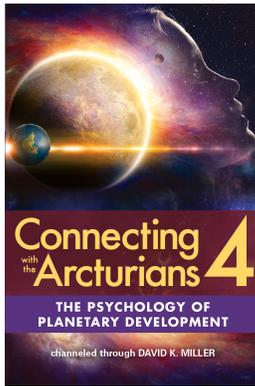

We are happy to announce that David's new book, “*Connecting with the Arcturians 5*,” is now available as an eBook!

Direct Amazon link:

[Connecting with the Arcturians 5: Use Arcturian Cosmic Consciousness for Planetary Repair](#)

Kindle edition by Miller, David K.. Kindle eBooks @ Amazon.com.

It is also available on Apple iTunes, Google Play, Barnes & Noble, and Kobo.

[David's Latest Book, Connecting with the Arcturians 4](#), is available now as an e-book and a hard copy book through Light Technology Publishing.

You can also find it on Amazon at [this link](#). This fourth book contains the most up-to-date information on ascension that is available, including new spiritual techniques to aid the process.

David's earlier books: "[Connecting With the Arcturians](#)" and "[Connecting with the Arcturians 2](#)" and "[Connecting with the Arcturians 3](#)" by David K. Miller, offer a comprehensive presentation on the ideas and views of an extra-dimensional, extra-terrestrial civilization on the Earth situation from the planet Arcturus.

Subjects included in this fascinating presentation are: 1) the Arcturians' view of the ascension or "rapture;" 2) what is the Fifth Dimension and how we, as the human race, are evolving toward the higher dimension; 3) the impending Earth peril and dangers to the Earth biospheres; 4) Jesus' (or Sananda's) role in the ascension and why he has a new name in the higher realms; 5) The Arcturian Stargate, a soul transfer station referred to in the Edgar Cayce's writings. When we finish the Earth's incarnations, we can travel to the Stargate for our next "soul assignment."

This first book also describes a new concept in spirituality, the Arcturian Sacred Triangle. For the first time, the Arcturians offer a way of uniting Earth's spirituality so that a planetary healing can occur. Readers will learn how ascended Native Americans' mystical Earth spirituality and galactic extra dimensional spirituality can be united to enhance a healing for the entire planet.

> David's book, [Connecting With the Arcturians3](#), is available for purchase in soft cover from [Light Technology Publishing](#).

> David's book, [Connecting With the Arcturians2](#), is available for purchase in soft cover from [Light Technology Publishing](#).

The follow-up to this book, "[Connecting with the Arcturians 2](#)", focuses on planetary transformation from a galactic perspective. It covers such topics as embracing galactic spirituality and planetary evolution, the aura enhancing technique known as shimmering and much more. The reader also gains more understanding of the planetary healing technology such as biorelativity and other global healing techniques.
