Group of Forty GLOBAL Newsletter | Issue 310 | March - April 2023

GOF is Unique in Earth's History

By David K. Miller

In a recent lecture, Juliano said that our global planetary healing network, the Group of Forty, is unique in the history of the Earth. Previous healing groups on Earth were localized in a specific region, such as in Tibet, or on the plains of North America. Our Group of Forty uses the internet and international phone lines to conduct global worldwide meditations. These Internet tools offer us a wonderful ways to connect globally and by regions. When we do worldwide meditations, we easily can attract members from eight to ten different countries around the Earth to participate. Yes, we do have language barriers to overcome. However, I am happy to report that right now, we are conducting sessions and translations of Group of Forty and Arcturian meditations from our lectures in four different languages including German, Portuguese, Spanish, Romanian, and of course English.

Purvesh, GOF coordinator from Argentina and coordinator of South America, holds weekly online meditations in Spanish and gets over 150 people to participate from all around South America, and even in Spain. Magda Ferrer and David Arbizu continue to offer a broad range of Arcturian meditations in Spanish from their Arcturian school in Spain.

I realize that there are many parts of the world where we still do not have GOF members. This includes Africa and Asia. We do have one or two members from Africa, and perhaps three members from Asia. Hopefully in the future, we will be able to develop a method for attracting members from these important world areas.

The internet has provided us with online participation, enabling us to connect with people around the globe. This global access and ability was really unavailable to earlier planetary healers. As planetary healers, we have the ability to work with the entire Earth as one unit. Juliano once led in a meditation in which we visualized that we were viewing the Earth from the moon. At that position, we could see the entire Earth and work with the Earth's aura field and also shimmer the Earth's aura. This type of meditation was very powerful. If we were able to offer these "moon" meditation again, I am sure that we could attract wide global participation.

The strength of our planetary healing meditations is increased by the number of

participants. I also believe that the more we attract participants from around the world, then also the stronger and more powerful effect our meditations will have on the planetary healing. Shimmering the Earth's aura, for example, is a great exercise, which can include global participation. This type of planetary healing exercise would help to raise the spiritual light quotient of the planet. We, as the Group of Forty, have great resources and great global outreach. I am sure we will continue to use these resources creatively for the highest benefit of the planet.

I have heard from some of the GOF members that the intersection of the dimensions is not apparent to them even though they are doing the exercises to connect with the intersection energies. Juliano addressed this issue in the Q&A session on Friday the 10th of March. He stated essentially that the activation energies are working for you because they are activating blocks that need to be released! When the blocks that need to be released are activated, you then can focus on healing and releasing the blocks. If you don't know they are there or the blocks are unconscious, you cannot heal them. You now have awareness of them!

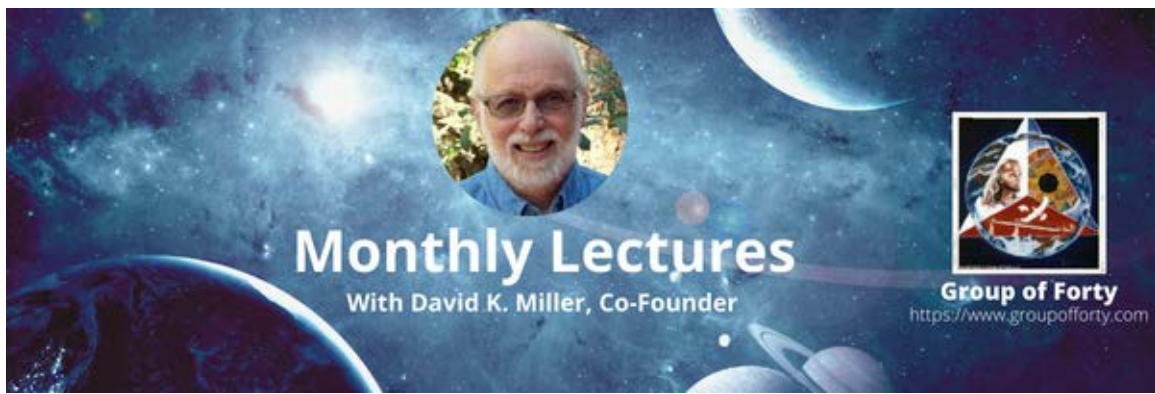

I compare this to shining a very bright light into a dark room. You then see what was hidden from you. This healing and release must occur in order for you to advance spiritually.

Some of my Starseed clients have the understanding, the belief that with their spiritually advanced state, they do not need to heal old wounds. I have heard this called a spiritual bypass! It does not work. We are here on Earth in 3D bodies with human emotions that we chose to experience as part of our soul evolution. You all have made it this far in your soul evolution and I have faith that you can get through this. Remember that you have the help from your higher self, your guides and teachers in the higher dimensions and we can help each other.

Much love to you all. Gudrun

BIORELATIVITY

Earth Balance Teams Planetary Healing

Group of Forty
<https://www.groupofforty.com>

The last newsletter in January was right at the beginning of the Intersection of the Dimensions, and today, as I write this, it is the closing date of March 15th, 2023. These words “Intersection of the Dimensions” have become such a natural part of our daily focus and vocabulary over these months, and in our Biorelativity work we have been an instrumental part of this Intersection.

We have been preparing for the last six months in attracting this powerful force of the Fifth Dimensional Intersection with the Third Dimension. We have noticed an even greater sense of unity amongst us as I believe we had an awareness from deep within that we had been awaiting this moment - to be of the highest service to Mother Earth and humanity. The attendance and energy within our meditations increased and our faith and commitment never wavered but seemed to only get stronger over these months. Moving forward, we will continue to be channels of this light, anchoring into the Earth the high spiritual energies of the Fifth Dimension...those of balance, stability, harmony, unity, and love. Thank you to our most devoted global team of coordinators, team leads, presenters and members who regularly participate in our meditations, whether live or recorded. We each bring our own unique vibration and light and are raising the spiritual light quotient on all that we are focusing on.

A reminder: the website is a great source for learning and understanding more about Biorelativity, and of course, much more:

<https://groupofforty.com/projects/biorelativity/>

The monthly schedule containing all the information you need to access our meditations can also be found here: <https://groupofforty.com/gof-international-activity-calendar/>

Our UK team has a personal and planetary healing meditation each Monday and Wednesday at 7:30pm UK time, and are seeing much growth and participation. Our team in Australia presents one meditation each Monday and feel a great strengthening in their meditations over these months. We are having great success with our Telegram group in Australia and North America and encourage everyone to join and participate. We would love to get to know and connect with you, our GOF family, both near and far.

It is also a more efficient way to get up-to-the-minute information that does not get sent out via email. Please email me with any questions at tracyhlinde@gmail.com.

We are excited to announce that Cosmin, Tim, and myself will be hosting a “Biorelativity - Back to the Basics” webinar on Saturday, April 22nd, including a channeling by David. More information on this will be coming soon.

Here you will find an updated calendar every month:

We are celebrating growth and light around the world!

We're celebrating exciting new growth, bringing more light around the world, in our Cities of Light Project. In February, three new locations were activated: Guatavita (PLRL: Planetary Lagoon Reserve of Light) and Verde Tierra in Colombia and Locmiquelic in France. In March, another three PCOLs are joining the community: Queenstown, New Zealand; Coatepec, Mexico; and Belugas Canarios del Mar, Colombia. Future Cities of

Light are already being planned in the United Kingdom, Mexico, Bolivia, Colombia, Argentina, Brazil and Costa Rica.

Thank you for your participation in our activations! Everyone is encouraged to attend the activation ceremonies to applaud and support our new PCOL members. Also, please join in the PCOL Global Meditation on the GOF teleconference line held on the 3rd Saturday of the month. Let's keep our energies high.

The next PCOL quarterly meeting for Spanish speakers will be held April 15 with the English meeting planned in May/June 2023 (TBD). The quarterly meetings this year are focused on strengthening the network with training and maintaining activation energies in the PCOLs.

Sacredness in the PCOL

In a recent lecture, Juliano reemphasized the importance of our PCOL/PORL goals to create and maintain sacred areas of the earth capable of ascending. Activating areas of light is a sacred commitment, a higher calling. Through our actions, we commit to maintaining and raising the spiritual light quotient of our city enabling ascension.

I am often reminded of how sacred this commitment really is, and what it means to be a planetary city of light. Our cities are holy and sacred. Within our community, they are the vessels holding fifth-dimensional energy. So it follows that we ask ourselves whether we, as individuals, are creating this sacredness within ourselves and contributing to the sanctity of the PCOL. What do I bring and do I hold this sacredness within myself?

A key premise for our work is the recognition that we are sacred electromagnetic beings of light in resonance with the 5th dimension. We affirm this in our meditations and carry the love and sacredness within us into the PCOL work we do. We could even say that we are, in essence, self-contained planetary cities of light. We are holy. We are sacred. More importantly, we share that sacredness as we go about our business in the PCOL and on the planet. We do this by living the values that we believe in and hold dear within a PCOL. These include the teachings from the Arcturians and other higher spiritual teachings that are anchored within us.

In the next few months and at our next PCOL quarterly meetings we are going to talk more about sacredness and creating and maintaining our sacred spaces. We will look at practical methods, ideas and tools on how to anchor, cultivate and strengthen the sacredness of our PCOLs.

Guatavita Lagoon

Our Expanding Network

It is always a joy to introduce some of our newly activated PCOLs/PORLs.

Guatavita Planetary Lagoon Reserve of Light: located in a circular mountain depression in the municipality of Sesquilé, 75 km from Bogotá, Colombia. Surrounded by native forests, a population of approximately 10,000 people are in the area. The Guatavita Lagoon is a center of extraordinary energy that will help us to contribute in a special way in the healing of the feminine

Guatavita PCOL members

energy. The Group has chosen Kuan Yin as their guardian to the 7 sacred doorways that grant access to the legendary solar discs under the lagoon.

Lunteren PCOL

We also want to acknowledge the wonderful work that our PCOL's are doing and this month it is the **Lunteren PCOL** in the Netherlands.

In June 2021, the city of Lunteren became a City of Light. Lunteren is a small town, more of a village, where I came to live 3 years ago. My first impression was a village with friendly people, helpful and sociable in dealing with each other.

I came to live here during the early period of the COVID, not an easy period and with the help of many of its residents. After living in Spain for 8 years, it took a lot of getting used to the environment, living, the country, etc.

What I experienced in the beginning because of the COVID was that I noticed that the pressure in the air was high, almost unfathomable, and in the people due to the fear and not being able to deal with each other as usual, and the curtailment of their freedom. During that period, I did a lot of work with the Arcturian exercises, energies and meditations, and that made it easier.

Slowly, after my orientation period I started to establish and shape the Arcturian Earth School. This soon attracted people and where I presented lessons of the Arcturians together with Juliano and Helio-ah sharing their energies. Right away, the students easily got into it and there was more acceptance, insight and change and as a result, the energy changed rapidly. They also brought more people into the Dutch group of Forty and this was partly due to the website, and more interest arose. Now there is a group of 11 people active in the meditations and helpful with posting information on Facebook. As a group we are strong and our meditations have had a huge effect with changes on the people, group, and the city.

Also, in the school and in development are Quantum healing lessons and the meditations of Helio-ah for which I making into a workbook, also in English. I have already worked with a student from the school with the lessons and meditations, resulting in enormous insights, openings, changes, and healing on many levels, in togetherness with Helio-ah. At the end of last year, I received the message to wait until March 2023 for further development.

In March I posted an article in a spiritual magazine entitled *THE ARCTURIANS AND THEIR MISSION*, which is getting lots of positive reactions and questions. In the coming period I will be working on making a webinar entitled "Getting to know the Arcturians" for new people and the quantum healing lessons with Helio-ah. Many people are happy with this

article because space is finally being made for the Arcturians and other beings. Although the Netherlands is not very open to it, I remain hopeful that this will change.

In the City of Light Lunteren, a lot has changed by working with the meditations. People in the village are helping each other on all fronts. They have created cupboards that were put down in the village on special places and where clothes could be donated, food, toys etc. for the people who don't have much. The people offer their help in the App Next Door where they offer their furniture, ask for help, offer help etc. Last year, with the group of Forty from Ariana in Taos downloaded a duplicate crystal from Montserrat Spain in the middle of the city in an area visited by many people. The energy there is very strong.

The energy in the city has also changed. It is more open and the people there are very helpful and it is nice to be in the village. Many people from outside, surrounding villages, who come to Lunteren notice the change in the energy of the city. They feel and experience the city and the people as friendly, helpful, open and nice to be there, and feel safe. Recently when there was a strike among bus drivers and taxi drivers, but the drivers in Lunteren and the surrounding area did not go on strike because they know that the people who depend on public transport, especially the elderly, who have nowhere to go.

People greet each other on the street, smile or chat with each other. The city and the Sacred Triangle are connected (the City of Light also bears the name of the Sacred Triangle) in these energies and also receive energies from the City of Light of the Planet Era and Ptah.

Update From **the United Kingdom**

Group of Forty

<https://www.grouppofforty.com>

The UK group has really embraced the powerful Intersection Energies of the past few months, January through to March, 2023. We concluded our specially focused meditations for this pre- ascension activation period on March 15th with our usual Wednesday evening meditation session experiencing some beautiful, nurturing and healing in Helio-ah's special chamber on the Starship Athena. It was a wonderful meditation using the various healing, purification and sealing 5th dimensional light frequencies available to us from Helio-ah and the Arcturians. Such a powerful and spiritually freeing, healing experience. And such a blessing...

Many of our members have been feeling a full range of experiences and emotions over this three-month period. In our meditation schedules Fiona, Stephen and myself have

sort to reflect and support everyone's experience of this higher frequency of light which has been made available to us as awakened Starseeds and to our ascending planet Earth, Gaia. The whole experience has been truly awe -inspiring, sometimes energetically exhausting, transformational and revealing.

Currently, the UK group offers meditation sessions on Monday and Wednesday evenings at 7.30pm local time, year round. Our Monday evening session focuses on personal healing meditations plus supporting the North to South Meridian. Stephen Moore and Fi Mash host these sessions. Wednesday evenings include the most current Biorelativity offerings interspersed with more wonderful Personal Healing content. On a Wednesday we have a great mix of presenters from our UK group, including myself and Tim Mayer from Texas! We really appreciate Tim's presence and contribution to our group dynamic.

If you would like to join our UK sessions, all of you are very welcome. For more information on any of this, to be included in our weekly scheduling email or if you wish to join our UK Telegram group, which has similar information plus current sharing and a bit of chat, please send me an email to: gofinuk2@gmail.com.

These COVID years have introduced changes to our meditation routine. On the one hand, they have helped to progress and consolidate online work at all levels, promoting global groups and meditations with a larger audience of Spanish, French and Brazilian Portuguese-speaking attendees. This has given greater prominence and height to the monthly online meditations and to the webinars of the Arcturian School.

On the other hand, at the level of Spain, the monthly online meetings with the GOF of Spain have strengthened and consolidated the peninsular network and currently the bond between coordinators and members of the different groups is more intense and the interest in general online meditations has increased, since the result is more satisfactory and effective in large groups than in small groups.

The Arcturian School has contributed greatly to the renewal and progress of the groups in Spain and to the success of global meditations, providing resources and teachings and promoting the understanding and acceptance of the galactic.

Dear GOF Family,
October of this year marks the 25th anniversary of my connection with the Arcturians. I have always been a spiritual seeker since I was little until one day in 1998 I received an email from my dear friend Odilia Rivera about the Arcturians. I had never heard of them but immediately her message touched my heart. Since then my life became near to my Arcturian family, and thanks to them, I was able to

understand my mission in this life, understand where I came from and where I am going, and my multidimensional connections.

In my work with David and Gudrun, I had the opportunity to be present in the downloading of the first Arcturian Crystal in Lago Puelo in 2002 in Argentina, and in the last one in Serra da Bocaina in Brazil in

2009. And also in the downloading of the Ladder of Ascension in San Pere de Ribes in Spain, and San Martin de los Andes, in Argentina. I participated with them in many seminars, workshops and tipi healings in the USA, Costa Rica, Brazil, Spain and Argentina, as well as in the downloading of many PCOLs including the San Martin de Los Andes, always at the service of the GOF and all the work that David and Gudrun do for us.

Download of the first Arcturian crystal in Lago Puelo Argentina 2002

Workshop in San Martin de los Andes and Medicine Wheel in Lago Puelo 2012.

I get up and go to bed with Juliano and my Arcturian family in my mind and in my heart. In the year 2000, I started with my Group of Forty in San Martin de los Andes, and since then every week we do meditations with Arcturian spiritual techniques and channels that come to us thanks to David. We have become more than 40 meditators in the group but there were also many moments of being only two or three people. Despite this, I always understood the importance of sustaining and anchoring Arcturian energy and knowledge so that other people can receive it and awaken their consciousness as I have done.

I am very happy to share my experiences with you and deeply thank David and Gudrun for helping us connect with our galactic family of light.

If anyone wants to participate in our group meditation please contact me (+5492944317373), because we need to be in unity of consciousness to continue bringing healing to our mother Earth and to the evolution of all humanity.

Cacaxtla

It is an archaeological site located near the southern border of the Mexican state of Tlaxcala. It was a sprawling palace containing vibrantly colored murals painted in unmistakable Maya style.

For 400 years the Cacaxtla-Xochitecatl area was uninhabited because of the Popocatepetl volcano's eruptions, which altered the Puebla-Tlaxcala valley's ecosystem.

The nearby site of Xochitecatl was a more public ceremonial complex associated with Cacaxtla. Cacaxtla and Xochitecatl prospered 650-900 CE, probably controlling important trade routes through the region with an enclave population of no more than 10,000 people.

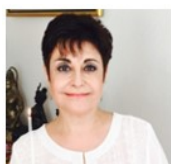

Cacaxtla was a strategic point for controlling the passage of trade between Teotihuacan and the lowlands of the Gulf through which it came to Tabasco and Campeche, which was crucial for its growth and splendor. It is a gem of artistic creation of Mexican ancestors, considered to be naturalistic painting, it is the product of biculturalism of the Olmec-Xicalancas that left fragile walls reflecting in stories of sea battles, male birds, human cobs, stars, and snakes. Using the color of the pigments of kaolin, obsidian, limestone, and other minerals from the region.

Key archeological finds include ornaments made of shell, copper, and bone, as well as ceramic pieces of various shapes and designs, complete with an outstanding use of different colors.

The murals in this area make reference to astronomical symbols, discourses of legitimization, trade contacts, religious traditions, regional domination, lake fishing, and fertility.

After the fall of the nearby city Cholula (ca. 650 - 750) — in which the Cacaxtlecas might have been involved — Cacaxtla became the hegemonic power in this part of the Tlaxcala-Puebla valley. Warriors from Cacaxtla appear to have taken over Cholula for a time, but they were ultimately expelled by the Toltecs. Its ascendancy came to an end around 900 CE and, by 1000, the city had been abandoned.

You can also find it on Amazon at [this link](#). This fourth book contains the most up-to-date information on ascension that is available, including new spiritual techniques to aid the process.

David's earlier books: “Connecting With the Arcturians” and “Connecting with the Arcturians 2”, and “Connecting with the”

Arcturians 3" by David K. Miller, offer a comprehensive presentation on the ideas and views of an extra-dimensional, extra-terrestrial civilization on the Earth situation from the planet Arcturus.

Subjects included in this fascinating presentation are: 1) the Arcturians' view of the ascension or "rapture;" 2) what is the Fifth Dimension and how we, as the human race, are evolving toward the higher dimension; 3) the impending Earth peril and dangers to the Earth biospheres; 4) Jesus' (or Sananda's) role in the ascension and why he has a new name in the higher realms; 5) The Arcturian Stargate, a soul transfer station referred to in the Edgar Cayce's writings. When we finish the Earth's incarnations, we can travel to the Stargate for our next "soul assignment."

This first book also describes a new concept in spirituality, the Arcturian Sacred Triangle. For the first time, the Arcturians offer a way of uniting Earth's spirituality so that a planetary healing can occur. Readers will learn how ascended Native Americans' mystical Earth spirituality and galactic extra dimensional spirituality can be united to enhance a healing for the entire planet.
