### Another Stage of Evolution

*By David K. Miller*

I am fascinated by the idea of another stage of evolution for Homo Sapiens. Like most people, I always had thought that Homo Sapiens was the last stage of development of the hominoids, or the main species to which we belong. I always thought of evolution referring to a new, physical characteristic of the species, such as the ability to walk upright, or having the ability to use a rotating thumb so one could grasp tools. But now, the Arcturians introduced to me the concept of expanded consciousness as the next evolutionary step for Homo Sapiens. In the Arcturian model, a new evolutionary step provides a necessary survival tool for humanity. That means that expanded consciousness is not only desirable, but necessary for the

survival of the human species. Expanded consciousness includes the ability to understand and interact with the Fifth Dimension.

We have had examples of prophets who have had fifth dimensional consciousness. It is hard to imagine an entire species having the abilities of a prophet. What a joy it would be to live on a planet where people with higher consciousness are honored. I think about how we honor our sports heroes, and give them large sums of money and other, great honors. We all know that spiritual gifts and spiritual progress cannot be bought with money. But more important, spiritual progress is not really acknowledged or honored in our culture. For example, some of the Native cultures will honor shamans as advanced spiritual healers, and thus provide special gifts and honors to these people. I don't think shamans are thought of very highly in Western culture and in fact, there are many examples of spiritually minded people in Western culture who have been persecuted.

So, the emergence of a new species, Homo Omega, who are spiritually minded seems exciting and welcome to me. I notice in my work history, that I had a conventional career, working in hospitals and clinics, and I found it best during that work period, to hide my spiritual interest from the people that I was working with in order to protect my position. What joy to be able to live in a society and culture where one's spiritual work is both honored and protected. Such grace is only a small part of the many gifts that Homo Omega can bring to our lives.

Dear Gudrun,

I have been in a relationship with my partner for 8 years. I live in his house rent-free and he is very supportive of me in most ways. He cares about my wellbeing.

My issue is that we are so different and have very little in common. We eat differently, have different political views and also, most important to me, we have no shared spiritual beliefs. He is kind to me and never abusive. Though he does not get my spiritual focus, he never challenges me nor tries to change me.

We are like roommates and stay in separate bedrooms. I care about him, too, and do not want to hurt him. I fear I am taking advantage of his kindness but he says that he wants me with him. I am not financially able yet to live on my own. I would like a more intimate relationship but he is happy with the status quo. My focus for my personal growth is to have self-esteem and to develop my spiritual healing gifts. I need guidance.

Thank you.

Confused

Dear Confused,

It appears that he accepts you as you are and you can do the same with him. Even though you have so many differences, you both still benefit from the relationship. I think you bring more to this relationship than you realize. He does not want to change you nor do you have to change him or correct him. If and when you are ready to exit the relationship, you will be very clear and confident. Actually, letting him be of service to you benefits him and is a kindness to him. You bring some purpose to his life which is otherwise routine and predictable.

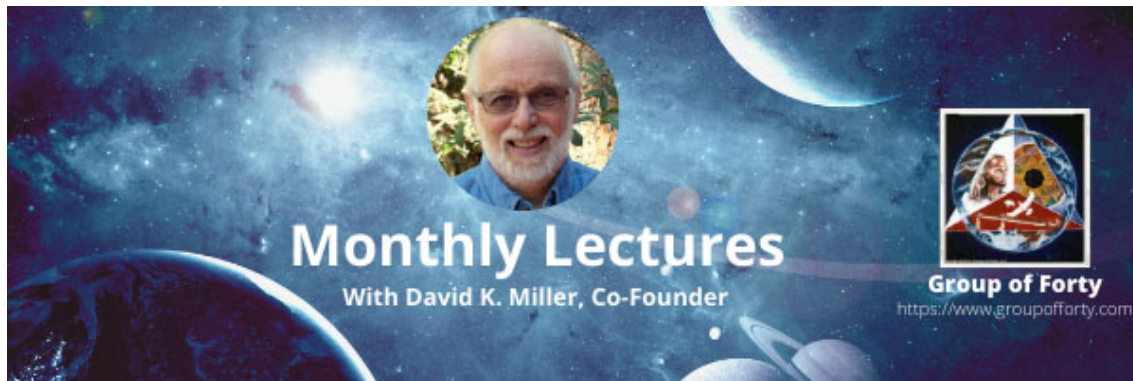

Focus on your personal growth and evolution and have faith in your life path.

Love and blessings,

Gudrun

## MEETING OUR GLOBAL MEMBERS

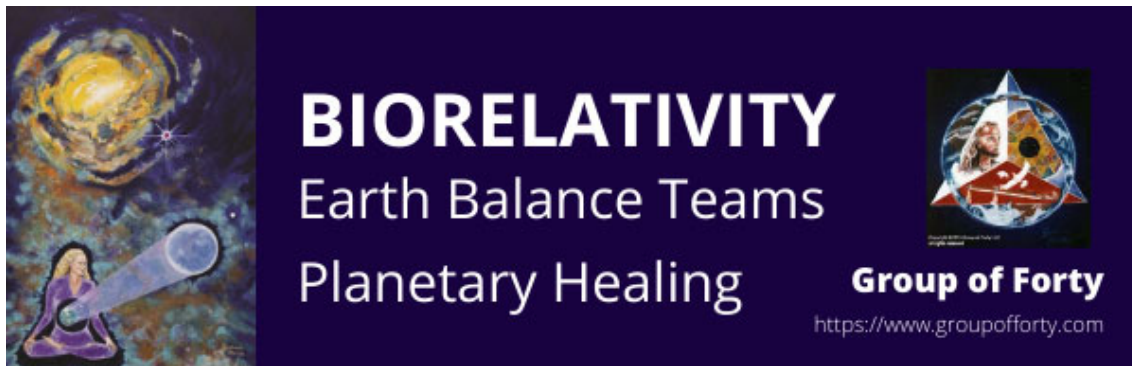

### Marcela & Jader

**Marcela Estrop-Antunes** was born in Mexico City but raised most of her life in California. She has been a GOF member since 2020 and currently serves on the GOF Advisory Board as well as the Council of Elders. She is a channel, energy healer, and spiritual teacher. Marcela is a messenger for fifth dimensional energies to help Starseeds become empowered and improve circumstances in their current timeline.

**Jader Antunes de Souza** is from Macaé in the State of Rio de Janeiro, Brazil. He has been a GOF member since 2019 and was the Biorelativity Coordinator for GOF Brazil before moving to the United States. He currently serves on the GOF Advisory Board. Jader is a Reiki Master and an Arcturian spiritual teacher and healer.

Marcela and Jader met through the GOF in 2021 while coordinating meditations for the Brazil group! The couple married on 8/8/2022 and currently reside in San Diego, California. They are now working together as co-coordinators of the international GOF project. Marcela speaks English, Spanish, Portuguese, and Italian. Jader speaks English and Portuguese.

As we near the end of 2023, there is one word that comes to mind. Gratitude. On a personal level, the Universe has provided me with many blessings this year. One highlight was visiting the sacred site of Stonehenge in September, along with several other GOF members. Every day, and every experience was magical and truly heart opening. At the end of each day, I remember saying that I did not think my heart could open any further....and yet somehow it did. We had the opportunity, or really the great honor to work closely with the Earth and to connect with her in ways that are difficult to put words to. There were times and places along this journey when the Fifth Dimension felt so very close. It was magical. We walked for hours one day in heavy rains and winds, our clothes and shoes utterly soaked, and yet we laughed every step of the way feeling at one with the Earth, and feeling her love in all the ways she expresses herself. Even the howling songs of the winds brought us joy. I am filled with gratitude for having been able to participate in this sacred journey, and to have taken with me all that I have learned from the Arcturians and my time with the GOF.

Now, onto this sacred work that we do to bring the Earth and humanity into balance and harmony. Within the GOF globally, we are holding personal and planetary healing meditations every day of the week. The commitment of our country coordinators, presenters and our members are incredible, especially at this time of planetary crisis. Thank you to you all.

At the beginning of the year, the Ascended Masters gave us the most beautiful gift...the Intersection of the Dimensions. We continue to work with this fifth dimensional light and energy in all that we do. One of the main themes we have been focused on this year is the manifestation of Homo Omega, the next evolutionary stage of Homo Sapiens, on Earth. We have also been working with White Buffalo Calf Woman to bring her feminine energy of balance, harmony and compassion that humanity is in great need of. We work regularly with the meridians of the Earth and her feedback loop system using the 12 etheric crystals to restore balance. This is just a sample of what we do. In fact, we have hundreds of beautiful meditations and exercises, and we welcome you, our valued members, to join us always.

For more information on our meditations, the monthly schedule can be found on the website at: <https://groupofforty.com/gof-international-activity-calendar/>. There is also a detailed section on Biorelativity here: <https://groupofforty.com/projects/biorelativity/> to help answer any of your questions. Of course, we are always here to help you as best we can.

We have a private group on Telegram and I encourage you to join us. You can join our group in North America using the invite link: <https://t.me/+ztPNUpEbdj8zM2lx>, and for our group in Australia/New Zealand at this link [https://t.me/+wBNY3PK\\_0XQwNDax](https://t.me/+wBNY3PK_0XQwNDax). Lastly, we are in need of presenters. If you would like to join our team, **please email me at [tracyhlinde@gmail.com](mailto:tracyhlinde@gmail.com)**.

Wishing you a wonderful holiday season and many blessings for 2024.

## Meet GOF's New International PCOL Coordinators

We are Marcela & Jader, the new International Coordinators for the GOF Planetary City of Light Project. We are honored and excited to be in this role and look forward to growing the project as Robert Maldonado did over his 4-year tenure.

**To date we have 102 PCOLs worldwide and 26 PROLs.** This means that we achieved 91% of our goal of 140 PCOLs and PROLs this year! It's truly a remarkable number and points to our group's passion and commitment for creating sacred spaces during this time of planetary crisis.

In the last quarter alone, we had 7 PCOL /PROL activations: Homo Omega/Brazil, Sopocachi/Bolivia, Starhenge/Colombia, Joao Vicente Quan Yin/Brazil, Mururata/Bolivia, Ascension/Brazil, and Bosque de la Primavera/Mexico with the last one being our first activation as PCOL coordinators. Congratulations again to all the recently activated PCOLs/PROLs. Our incredible network of PCOLs/PROLs is literally lighting up the world!

Please note that we will be pausing activations for the month of December to give us time to catch up and review the numerous applications we have received.

Activations will resume in January, kicking off 2024 with activations in Cuba and Brazil. Please check your email and/or Telegram for activation dates and times.

If you wish to contact us, please email us at: [gofpcot@gmail.com](mailto:gofpcot@gmail.com)

Many Blessings to you all,

These COVID years have introduced changes to our meditation routine. On the one hand, they have helped to progress and consolidate online work at all levels, promoting global groups and meditations with a larger audience of Spanish, French and Brazilian Portuguese-speaking attendees. This has given greater prominence and height to the monthly online meditations and to the webinars of the Arcturian School.

On the other hand, at the level of Spain, the monthly online meetings with the GOF of Spain have strengthened and consolidated the peninsular network and currently the bond between coordinators and members of the different groups is more intense and the interest in general online meditations has increased, since the result is more satisfactory and effective in large groups than in small groups.

The Arcturian School has contributed greatly to the renewal and progress of the groups in Spain and to the success of global meditations, providing resources and teachings and promoting the understanding and acceptance of the galactic.

## Monte Albán

Monte Albán is an archaeological site located 8 km from the city of Oaxaca. It was the ancient capital of the Zapotecs and one of the first cities in Mesoamerica, and one of the most popular during its heyday.

It is one of the most important cities in Mesoamerica. It was founded in 500 BC on the top of a mountain in the center of the Central Valleys of Oaxaca and functioned as the capital of the

Zapotecs from the beginning of our era until 800 AD. C.

At its time of greatest development, Monte Albán had around 35,000 inhabitants, most of whom lived on the terraced slopes of the mountain dedicated to agriculture and it was the political center of great agricultural importance. In Monte Albán the Teotihuacan influence can be seen in its architecture, ceramics, and mural painting.

The buildings were built copying the shapes of the hills. Terraces were formed on the slopes where the houses of most of the inhabitants were built.

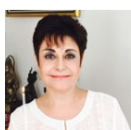

In Monte Albán, its own writing system was created, the oldest evidence of which corresponds to the 4th century BC. C. Zapotec writing was associated with the recording of notable events in the history of the city.

The remains of the pre-Columbian buildings of Monte Albán are mostly the remains of the pyramidal platforms that supported the buildings dedicated to religious worship, public administration or the remains of housing complexes dedicated to the dominant strata of society.

There are several stelae that contain exclusively written text on their surface, in the form of hieroglyphs. These stelae are located outside the buildings and commemorate important events in the history of the city.

The calendar system was a convention of symbols associated with the solar cycle, which was shared with other Mesoamerican peoples.

## Messages from GOF Members

from GOF member Odilia in Serra de Bocaina, Brazil

Odilia submitted the photos below showing past conferences and visits to the Chief White Eagle Tepee in Prescott, AZ with David K and Gudrun R Miller.

## from Tchavdar Ovtcharov (Chad)

My name is Tchavdar Ovtcharov - yes, it is a mouthful. I call myself Chad. My place of birth is Bulgaria, just north of Greece. I immigrated to Canada at the age of 35 in search of new opportunities. I started meditation on the Source of Divine Light in the heart as part of the Heartfulness system of practices. I was 39 years old.

However, the awareness of the profound impact the extraterrestrial civilizations had on Earth flooded my mind after reading the channeled book "The Real History of Earth" by Sal Rachelle. This happened at the age of 65 (just two years ago). It became clear to me that the official sources of information are used to manipulate and control the mind of the people by infusing it with images of violence, fear and bad news. So, I tossed the TV out of my life and went in search of channeled information relying on the signals from my heart.

My first encounter with the Arcturians was with the non-physical group consciousness from the 9th Dimension called the "The 9D Arcturian Council" channeled by Daniel Scranton. Their daily messages promoted Universal Love and Unity consciousness and I found them very practical and easily applicable in life. I got the whole series of 5 books and my Kindle book store quickly grasped my liking for the Arcturians. Shortly after, the Kindle search engine and book suggestions served a few of David K. Miller books "on a platter." The simple explanations of Juliano, the clarity of his thoughts about the physics and metaphysics of the Universe captivated me from the start and the information from the books led me to the Group of Forty.

What fascinates me about the Arcturians is their complete awareness about the futility of violence. They will never engage in hostilities. They deeply care about the biosphere of their planet and are in constant communication with her. They have people that are dedicated to this work and have profound understanding of the planetary consciousness. Being technologically super advanced makes them the perfect match for the challenging work with Earth (The Blue Jewel as they call her). I find it very exciting and highly fulfilling to work with the Arcturians and I love them!

By participating in the Group of 40 activities and reading David's, books I came to know about the 12 etheric crystals, one of which is located in Lake Moraine in Canada. I also found out about the "Arcturian Ladder of Ascension" located in Bell Rock in Sedona AZ. My interest grew and materialized in a road trip to those two places. I spent a week in Sedona I was able to reach an altered state of consciousness, losing the perception of time and space.

A separate experience with the Group of Forty were my private sessions with David K. Miller. In these sessions I was able to connect and integrate two traumatic past lifetimes, which I feel removed certain blocks from my energy field. I am very grateful to David and Vywamus, the soul psychologist for their help.

In conclusion I will recommend the Group of Forty to anyone who feels fascinated by ET stories and who is curious about the mysteries of the cosmos. To me that is sufficient proof coming from the soul for its Starseed origin. By participating in this noble planetary healing work, we not only contribute to the Earth ascension but also bring the much-needed balance for the survival of humanity in this challenging period. Thank you, David, and beloved Arcturians for giving me an opportunity to participate in this soul rewarding work. I am looking forward to my next adventure - a visit to the Arcturian Temple in Santa Fe, New Mexico and the Chief White Eagle's Tepee located in Prescott AZ in David's backyard.

### Welcome All New GOF Members!

For the first few weeks after joining the GOF, please check your junk/spam mailbox occasionally. You could have communications sent by your County Coordinators that you are not aware of. These communications could be alerting you to special events and meditations.

And this is also good advice for long-time members. Who really knows what happens with technology these days, and cancel culture.

Joining the GOF is a powerful way to lend your energies to the Group thought field. Together we can change the outcome.

Blessings,

## Updates on David's Arcturian Books

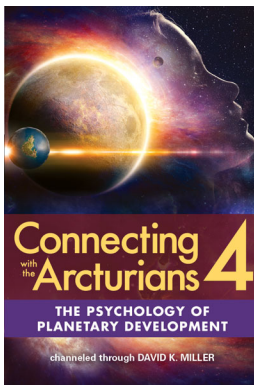

We are happy to announce that David's new book, "*Connecting with the Arcturians 5*," is now available as an eBook!

[David's Latest Book, Connecting with the Arcturians 4](#), is available now as an e-book and a hard copy book through Light Technology Publishing.

You can also find it on Amazon at [this link](#). This fourth book contains the most up-to-date information on ascension that is available, including new spiritual techniques to aid the process.

David's earlier books: "[Connecting With the Arcturians](#)" and "[Connecting with the Arcturians 2](#)" and "[Connecting with the Arcturians 3](#)" by David K. Miller, offer a comprehensive presentation on the ideas and views of an extra-dimensional, extra-terrestrial civilization on the Earth situation from the

planet Arcturus.

Subjects included in this fascinating presentation are: 1) the Arcturians' view of the ascension or "rapture;" 2) what is the Fifth Dimension and how we, as the human race, are evolving toward the higher dimension; 3) the impending Earth peril and dangers to the Earth biospheres; 4) Jesus' (or Sananda's) role in the ascension and why he has a new name in the higher realms; 5) The Arcturian Stargate, a soul transfer station referred to in the Edgar Cayce's writings. When we finish the Earth's incarnations, we can travel to the Stargate for our next "soul assignment."

This first book also describes a new concept in spirituality, the Arcturian Sacred Triangle. For the first time, the Arcturians offer a way of uniting Earth's spirituality so that a planetary healing can occur. Readers will learn how ascended Native Americans' mystical Earth spirituality and galactic extra dimensional spirituality can be united to enhance a healing for the entire planet.
